

7/14/2016

Dear Future Mentor,

At the heart of our mission and goals at Martin Weiss School of Leadership is our desire to prepare students for national and global leadership.

Research shows that effective mentors not only help to close the achievement gap, they also provide exposure to unique career pathways to help students envision their lives as leaders.

By combining the knowledge that you possess with the experiences that you can create, you can enhance the skill set of our children. We believe that it takes a village to raise a child—and we hope you will join us in our journey to create transformational leaders.

Successful leaders in all fields must possess exemplary character, conduct, and communication skills. Your commitment to our scholars will provide them with encouraging relationships and unique opportunities that will better prepare them to make decisions about college, career, and life.

This is an exciting initiative with the potential to set a new standard for our community. We hope that you will see the impact that you can make through mentoring our 5<sup>th</sup> Graders. On behalf of Martin Weiss School of Leadership, we thank you for your interest in participating in our mentorship program.

Yours in Education,

Shundra Brown
