

## Do you know about our Youth & Family Clinics?

Parkland is more than just a hospital. Parkland's 11 Youth & Family Clinics are based at schools across Dallas County, and offer a network of high-quality, affordable and accessible medical care clinics. Our network works closely with school nurses to provide many health services, including medical and mental services to children and families.

In addition, our clinics offer telemedicine which allows patients to receive a diagnosis or treatment by a provider using video. Telemedicine allows the clinic to offer more same-day appointments and more walk-in appointments for unexpected illnesses.

**Multiple insurances  
are accepted.**

Help is provided for  
those who need to  
apply for medical  
coverage.
