

Arrival and Dismissal Procedures

In order to keep our children safe we ask everyone to please use the carpool lane. Parents should remain in the car and pull up to the loading zone, where staff will help students out of the car/car seats and walk them to their classrooms.

Carpool Instructions

- Entrance (star on the map) - Use Wozencraft & Monfort entrance in the mornings and afternoons.
- Flow of traffic (blue arrow on the map) - Pay attention to cones and staff members who will direct the flow of traffic
- The loading/unloading zone (red square on the map) - staff will help students out/into the car and car seats. To ensure the safety of children this is the ONLY area where students will enter or exit a vehicle.

In order to create the safest, most efficient and most welcoming environment for our kids, parents will need to remain in their vehicle during arrival and dismissal. Please DO NOT walk your child to the door. Thank you for helping us develop independence and confidence starting on the first day of school.

Buses

Students who ride the bus should select their neighborhood school as their bus stop. Students will need their own transportation to the neighborhood elementary school where they will be picked up by the bus and transported to Prestonwood.

To register for bus transportation please email [Melanie De Santiago](#) and complete the [2022-2023 CHOICE STOP REGISTRATION FORM](#)
