

Viewing Community Service History using Computer or Mobile Phone

1. Go to infinite campus parent/student login, sign in.
2. Click on the Community Service tab to see each entry recorded for community service submissions that have been approved by our office.
3. **NOTE:**
 - Infinite Campus only has the ability to list individual activities. Student/parent must manually add up hours for cumulative total of hours.
 - This tab is not visible to student or parent until you have turned in volunteer work to our office. It appears after you have submitted community service.
