### Background:

Proposition 30, The Schools and Local Public Safety Protection Act of 2012, added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36 to the California Constitution effective November 8, 2016 (commencing 01/01/2018), temporarily increases the states sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

The revenues generated are deposited into a state account called the Education Protection Account (EPA). School districts, county offices of education, and charter schools receive funds from the EPA based on their proportionate share of the statewide revenue limit amount.

EPA is a component of the school district's total LCFF funding. Accordingly, a corresponding reduction is made to a school district's LCFF Funding equal to the amount of their EPA entitlement.

Pursuant to Article XIII, Section 36 of the California Constitution, school districts, county offices of education, and community college districts are required to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction. District must annually post on its website an accounting of how much money was received from EPA and how that money was spent.

### District's Spending Plan:

It is proposed that EPA funds be used to cover salary and benefits costs of non-administrative certificated staff. The proposed 2024-25 EPA spending plan is noted on the following page.
