

Dallas Independent School District has partnered with GreenLight Credentials to provide our students with instant access to their transcripts and other academic credentials!

What Does This Mean for You?

Whether your child needs to send an official transcript electronically or print an unofficial copy for their own records, they will be able to request and access their official transcript from GreenLightLocker.com instantly, and from anywhere (as long as they have an internet connection).

- NOTE: If your child already has an account on GreenLightLocker.com (maybe they are taking dual credit courses at Dallas College, formerly DCCCD), then there is no need to create another account on GreenLightLocker.com. Please ask your child to:
 1. Log into their GreenLightLocker.com account and navigate to their profile by clicking on their name in the top right corner.
 2. Click on “Claim Credentials” and paste the DISD provided GreenLight enrollment code. Then press the “Verify & Add” button. They will now see their DISD transcript in their locker.
- If your child does not have an account on GreenLightLocker.com and are under the age of 18, you must register on the GreenLightLocker.com website to give them permission to access their transcripts.
- To register on GreenLight please follow the steps:
 1. Obtain your child’s GreenLight enrollment code from the [GreenLight Student Enrollment Code Lookup](#)
 2. Access [GreenLightLocker.com](#) and click on Register
 3. Select “I’m a parent/guardian”, paste the Enrollment Code, type your child’s date of birth and last name, your first name and last name, then press “Validate.”
 4. Follow the remaining prompts to finish setting up your profile.
- Once you log into GreenLightLocker.com, you will need to sign the FERPA waiver and the consent form for your child.
- Your child must also register on GreenLightLocker.com. The same enrollment code must be used by the child to register themselves.
