*EXPRESSIVE VOICE

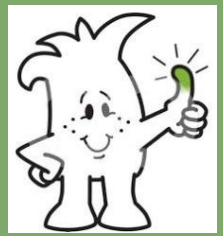

Little Sprouts

Gardening Club

Ms. Murtuza, Ms. Fuentes, & Ms. Maples

*Are you ready to **GROW** your **green** thumb?*

Let's create a garden for the school!

Little Sprouts Gardening Club

Objective: Students will incorporate 21st century skills with math, science, social studies and reading to develop a school garden.

21st Century Skills: Students will work with others to build 21st century skills such as; problem solving skills, using creativity, developing analytical thinking, collaborate and communicate with others, and become accountable for their garden/plant.

Goal Setting:

Collaboration: Students will work together to create a garden for the school where materials can be used to share with other clubs (i.e. cooking club)

Feedback:

STEM CLUB

Science Technology Engineering Math

Learn to design and build robots.

Ms. Marrero & Ms. Jove

Learn computer coding and programming skills.

Want to learn the skills of the 21st century? Our STEM Club is for students that:

1. Are creative and innovative.
2. Have big imaginations!
3. Like to work on a team of student leaders to solve problems.
4. Enjoy working on hands-on projects
5. Want to work with other leaders that enjoy science, math, and technology.

In **Makerspace**, students create, invent, tinker, explore and discover using a variety of tools and materials. Makers will use 21st century skills by creating products through collaboration, teamwork, creativity, imagination, critical thinking, and problem solving.

Host: Gracie Pineda, Library

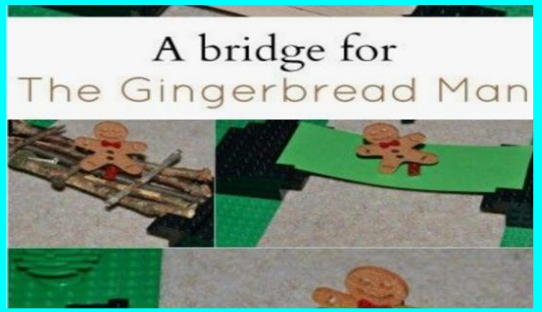

LITTLE ENGINEERS

Reading and design building for Kinder and 1st grade

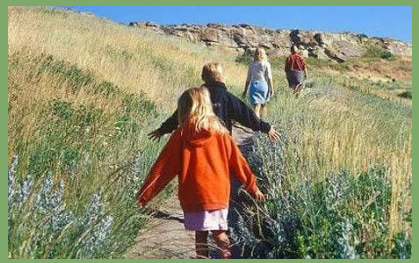

Do you enjoy stories? How about a building challenge?

Come join our club to enjoy a short story and help solve problems that characters may encounter.

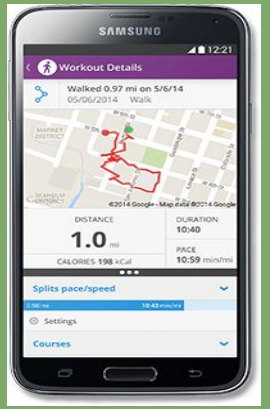

Mrs. Sanchez (Spanish) and Ms Torres (English)

3rd-5th Walking Club

Do you enjoy fresh air?
Are you stressed out?
Does walking calm you?
