

JFS Northpoint Health Center

Community Health Center

Jewish Family Service of Greater Dallas is proud to advance its mission of providing whole-person care to the Greater Dallas community by opening The Northpoint Health Center, a Community Health Center (CHC). All patients are welcome regardless of age, race, religion or ethnicity.

The community-based clinic provides access to primary healthcare for the entire family. The CHC accepts most insurance payers including Medicare and Medicaid. Income-based discounts are available for those without medical insurance, ensuring that cost is never a barrier to high-quality care.

The JFS Northpoint Health Center is located in the Northpoint Medical Arts Building, approximately 5 miles from the main JFS office building. The 5,500 sq ft facility features 10 examination rooms, along with dedicated spaces for behavioral health and counseling.

Call 469-780-4590 to make an appointment.
