**Parent Advocacy and Support Services Department
Organization 935**

To empower all families to support student success.

Goals

Goal 1: We will provide opportunities for family engagement (i.e. FamJams, FROG, PTA, PTO, and academic partnering). Each school will participate in 2 events per semester.

Goal 2: We will encourage parents' and students' hopes and dreams with two-way communication (i.e. newsletters, podcasts, parent sessions, and the Home2Home program). Each school will provide opportunities with 80% of teachers participating and completing 2 home visits.

Goal 3: We will respond to parent concerns in a timely manner and provide support to campuses to enhance the school-home connection. We will have a 48-hour or less turnaround with a score of 70 on Let's Talk subMissions.

The Dallas Independent School District Compensation Program

The Dallas ISD Compensation Program is designed to ensure that each component promotes an atmosphere that attracts, motivates and retains high performing employees and provides support to the organizational mission of educating all students for success. Dallas ISD seeks to provide compensation that is competitive within the parameters of the Board of Trustees' approved budget and complies with all state and federal regulations governing compensation practices.

The Superintendent of Schools shall propose a compensation plan for all district personnel. The compensation plan for the upcoming school year will be reflected in the budget approved by the Board of Trustees and the administration shall be responsible for developing procedures and guidelines for proper implementation of the Board approved compensation plan (see policy DEA (LOCAL)).

The Dallas Independent School District is an equal opportunity employer and does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, sexual orientation, gender identity, gender expression, genetic information, or any other basis prohibited by law. The District is required by Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, The Americans with Disabilities Act, and the Age Discrimination Act of 1975, as amended, as well as board policy not to discriminate in such a manner (not all prohibited bases apply to all programs).

The Compensation Department

The function of the Compensation Department is to direct the strategic planning, design, implementation, administration and communication of all district compensation programs. The department oversees researching the organizational needs of the district and evaluating market trends to ensure compensation programs are strategically aligned according to the district's compensation philosophy.

Only information regarding the 2024-2025 school year can be obtained from this handbook. Prior and future compensation practices, amounts, or programs shall not be predicted using the 2024-2025 Compensation Resource Book.

Compensation Structure

Dallas Independent School District's compensation plans are comprised of salary pay grades, with respective ranges, as well as supplemental earnings and benefit programs that are approved by the Board of Trustees. Salary ranges are determined by market rates for benchmark positions. To ensure that salary ranges are competitive with the market, the Compensation Department conducts market pricing research to determine current compensation levels for comparable positions. Employees are paid according to the pay range for their respective position (*all employees are paid on a 12-month basis regardless of their respective position's schedule of days except for bi-weekly employees whom are paid every other week*).

Pay Grades and Position Classification

The Compensation Department determines the compensatory value of a position by conducting market analysis of positions to evaluate relative internal and external value. The position is then assigned an associated pay grade. Pay grades are used to group positions that have approximately the same relative internal value based on compensatory factors (job

descriptions, market data, internal equity, divisional consistency, and administrative input are all considered when performing job evaluations). Additionally, all positions will be classified as exempt or nonexempt in accordance with Fair Labor Standards Act (FLSA) requirements.

The Divisional Chief of Human Capital Management and Finance will approve the need for any new position.

New Hire Compensation Determination

New hire compensation for district positions is based on a variety of factors, including but not limited to each candidate's knowledge, skills and abilities (KSAs), related work experience as compared to the job description and internal incumbent evaluations with employees who have similar positions and KSA's within Dallas ISD. Human Capital Management is responsible for calculating candidate offers and communicating the offer of assignment to the candidate. An employee will not be paid below the minimum rate or above the maximum rate for their respective pay grade unless the employee was earning more than the maximum amount prior to the adoption of the newly assigned pay grade and is approved by the Executive Director of Compensation and the Chief of Human Capital Management.

New hires with significant KSAs and experience may be hired at a pay rate above the mean salary of comparable incumbents if the position is considered "high-demand" based upon market analysis and thorough evaluation of similarly situated employees.

Salary Proration

Dallas ISD will compensate employees for each day worked within a particular position. Salaried employees who start an assignment after the determined calendar start date may receive a prorated salary for the remaining calendar days within the position. In these instances, employees will receive the appropriate daily rate as calculated by the salary offer and/or assignment letter for each day worked. Dallas ISD calendar start and end dates can be found on the Dallas ISD Compensation Department website. www.DallasISD.org/Compensation.

Documentation of Service Credit for Experience

To receive service credit for prior work experience, personnel must provide documentation of service to Human Capital Management's Records Department on an official Texas Education Agency (TEA) approved record and must be validated by the appropriate institutional official. Direct service and related experience for new hires must be documented prior to the determination of salary credit. The following forms of documentation are acceptable for review by the Records Department:

- Service records from previous school employment (required for all service covered by TEA regulations)
- Contracts or Letters of Appointment
- Tax returns (for private practice)

The Compensation Department may request additional documentation as necessary to substantiate prior experience for salary credit.

The salary credit for Creditable Years of Service (CYS) will be granted upon receipt of an official service record. Applicable salary adjustments will be made effective on the date of hire or date of new assignment honoring CYS if the employee provides the official service records within 30 calendar days from the assignment start date; otherwise, the effective date

is the date upon which the Records Department receives the official service record. **It is the responsibility of the employee to provide all official documentation.**

Campus Professional: Teachers

The salaries of newly hired Dallas ISD teachers are based upon consideration of Creditable Years of Service (CYS), when an employee has not earned an effectiveness level within the last 30 months. All teachers, excluding JROTC, CATE and Vocational Instructors, are required to possess, a bachelor's degree and certification as required by the Texas Education Agency (TEA) and the State Board of Educator Certification (SBEC). Teachers who serve as Athletic Coaches will receive supplemental earnings in addition to their annual base salary.

Junior Reserve Officers Training Corps (JROTC) Instructors – High School

High School JROTC instructors will be paid on the Instructional Support – 195-day salary schedule or according to active duty Armed Forces pay requirements as advised by the JROTC Coordinator, if the amount is greater. Both school experience and active duty experience may be counted for local salary credit Tex. Admin. Code. §153.1021(d)(2).

Should the JROTC instructor transfer into a full-time teaching position, military experience will not be credited unless it meets the TEA guidelines. JROTC personnel will be paid in compliance with active duty Armed Forces pay requirements stated on his/her Military Instructor Pay (MIP) letter assignment.

Career and Technology Education (CATE) Teachers

For CATE Teachers, prior work experience (not to exceed two years) will be considered in determining initial salary as if it were teaching experience with the following limitations:

- Work experience must have been required for certification;
- The teacher must have been employed in a CATE position within the 1982-1983 school year for at least 50% of the time in an approved CATE position, and thereafter;
- Prior (non-school, professional) work experience is not creditable towards Teacher Retirement System.

CATE teachers without degrees, may be employed if they possess comparable career or technological work, provided they possess an appropriate certificate. In the absence of a bachelor's degree, eight years of specifically related work experience will be credited for compensation determinations. Prior work experience not accredited by TEA should be documented on a statement of qualifications form provided by the Career and Technology Department.

Credit for Teachers with prior Teacher Assistant Experience

Effective May 5, 2005, a teacher assistant receiving a standard Texas teaching certificate during the 2004-2005 academic year, or any subsequent year, will be credited with up to two years of full-time student instruction equivalency for salary increment purposes when employed as a teacher (experience must be verified on the teacher service record (Amendment 19 TAC §153.1021m)). One year of teacher salary credit will be given for each creditable year of teacher assistant experience. A maximum of two years will be credited.

Counselors, Media Specialists and Instructional Support

Persons in these positions who are new to the District will be credited one creditable year of service ("CYS") for each year of experience per the following guidelines:

- One year of service credit for each 12-month period of directly related full-time experience,
- One year of service credit for each 24-month period of directly related part-time experience,
- Full-time professional employment according to approved TEA regulations; or
- Any full-time employment in certified or licensed public agencies or private practice/agency employer that provide social services and/or psychosocial treatment for children, youth or families (for salary consideration only, not eligible for TEA or TRS approved service)

Instructional Support: School Nurse

Nurses new to the district will be credited one creditable year of service (“CYS”) for each year of professional experience or school district nursing experience as approved by the TEA guidelines. Newly employed staff nurses shall be given credit for work experience in a hospital, private medical practice, community health practice that includes assignment to a community health agency, industrial nursing or an out-patient clinic which involves family contact. Newly employed school nurses shall not receive credit for work experience acquired during the contract period for the current work year, until after the contract period has expired.

Police and Security

Persons hired as Police Officers/Telecommunicators must possess the certification or license required by law and/or Dallas ISD policy to be eligible for pay in their designated paygrade. The level of pay is determined by the relevant experience the Officer/Telecommunicator possesses. The Police Officer/Telecommunicator shall receive a stipend to compensate the Officer/Telecommunicator for the Texas Commission on Law Enforcement (“TCOLE”) certification the Officer/Telecommunicator holds.

Campus Professional: Administrators

The salaries of newly hired Assistant Principals, Principals and Executive Directors of School Leadership, may be placed between the effectiveness levels of Progressing I and Progressing III based on review of professional experience and confirmation of relevant performance achievement. The Compensation Department will determine the compensation of all newly hired administrators in collaboration with the Chief of Human Capital Management and School Leadership designee.

Returning Employee Compensation Determination

Former Dallas ISD employees who return to the district will be placed at the appropriate pay level for the position in which they are newly hired. This may differ from the pay level and/or position they occupied at the time of their departure from the district. Returning employees that were previously on an Excellence Initiative will be placed at the salary commensurate with their last Scorecard Effectiveness Level earned (if the new position aligns to the position and level in which the employee earned the effectiveness level), when the Effectiveness Level was earned within 30 months of the employee’s start date under the Excellence Initiative. In the case the Effectiveness Level was earned outside of 30 months, employee will be placed at the currently adopted hiring schedule for the position.

****The current school year evaluations under Excellence Initiatives are utilized in salary determinations for the following school year.***

Salary Adjustments

According to DEA (LOCAL), the Superintendent of Schools may recommend an amount for employee salary adjustments as a part of the annual budget. The Superintendent of Schools or designee shall approve salary adjustments for employees within the Board approved budgeted amounts and in accordance with the Compensation Guidelines.

An employee's salary shall not be adjusted after the employee has reported to work. If there is a change in an employee's job assignment or duties that warrant a compensation adjustment, the Superintendent of Schools or designee may adjust the pay within budgetary constraints. [See DEA (LEGAL) for provisions on pay increases and public hearing requirements].

Promotion Adjustments

A promotion is defined as a movement to a new position with a midpoint that is considerably greater than the midpoint of the previous position's pay grade. The number of contract days or applicable district calendar days of both positions will be considered. Pay increases may be up to the greater of:

- Five percent of the employee's current daily rate; or
- The minimum amount of the new salary range; or
- An amount determined by the Compensation Department within the new pay grade.

Any promotion which would result in a 15% increase or greater to an employee's daily rate may be subject to review by the Executive Director of Compensation and the Chief of HCM. No employee shall receive a promotional increase beyond the maximum of the new salary range. In cases where promotions occur at the beginning of the school year and the promotional increase coincides with any annual salary increase authorized by the Board of Trustees, the annual increase shall be applied to the employee's new salary (after promotional increase). Movement to and from Excellence Initiative pay structures may not follow typical promotional guidelines. Salary changes are evaluated on a case by case basis, and aligned based on incumbent data and employee knowledge, skills, abilities, and experience. Excellence Initiative effectiveness levels only apply for the position in which they are earned, they do not carry across Excellence Initiatives or up and down levels within an Excellence Initiative.

Demotion Adjustments

A demotion is defined as a movement to a new position with a midpoint that is considerably less than the midpoint of the previous position's pay grade. The number of contract days or applicable district calendar days of both positions may be considered. Pay decreases may be up to the greater of:

- A minimum of five percent of the employee's current daily rate; or
- The maximum amount of the new salary range; or
- An amount determined by the Compensation Department

Any demotion which would result in a 15% decrease or greater to an employee's daily rate may be subject to review by the Executive Director of Compensation and the Chief of Human Capital Management. All demotions must place the employee within or at the maximum of the salary range. No employee shall exceed the maximum of the new salary range. Movement to and from Excellence Initiative pay structures may not follow typical demotion guidelines. Salary changes are evaluated on a case by case basis, and aligned based on incumbent data and employee knowledge, skills, abilities, and experience. Excellence Initiative effectiveness levels only apply for the position in which they are earned, they do not carry across Excellence Initiatives or up and down levels within an Excellence Initiative.

Lateral Transfer and Adjustments

A lateral transfer is defined as a movement to a new position with the same pay grade or a midpoint that is within a considerable range of the midpoint of the previous position's pay range. Typically, the movement is to another job with equal responsibilities. In most cases lateral transfers are not eligible for salary increases, except for adjustments to reflect the work calendar days of the new job. An equity adjustment may also be given for lateral transfers when the salaries of peer employees significantly exceed the salary of the new employee in the department or the scope of work as significantly increased. Lateral adjustments shall not exceed 5%, any adjustment that exceeds 3% may be subject to review by the Executive Director of Compensation and the Chief of Human Capital Management. All lateral movements must place employees within the newly assigned salary range. Movement to and from Excellence Initiative pay structures may not follow typical lateral transfer guidelines.

Reassignment

An administrative decision to reassign an employee to a lower grade level position will be accompanied by a letter of assignment signed by the Chief of Human Capital Management. The letter shall clearly state the conditions under which the employee is reassigned, and whether there will be a reduction in current compensation.

Salary Freezes

An employee experiencing a salary freeze will have their pay maintained for the duration of the employee's contract or for the duration of the current school year. If the employee remains in the lower level job assignment after a new school year starts, the salary will be adjusted commensurate with the lower position.

Transfer between Pay Groups

The compensation structure and placement guidelines for each employee Pay Groups are unique and are not interchangeable. The Compensation Department will determine the equivalent grade and base salary when an employee transfer occurs between pay groups. An overlap in employee calendars occurs with transfers from 226-days and 235-days Central Staff positions to campus positions. Due to campus contract dates beginning in July/August and ending in June and central staff contract dates beginning in September and ending in August, there will be a reduction in compensable days for the respective year. In other words, employees will not complete their contracts in the central staff position or will not be paid for all of the days in their new campus positions. Confirmation of the reduction in pay due to the transfer can be provided by the Payroll Department.

Transfer to/from Excellence Initiative Positions

The Dallas ISD Excellence Initiatives have been designed to encourage employees to remain in key positions as defined by the District. Employees moving to an Excellence Initiative position will be assigned a new salary based upon the compensation program for that Excellence Initiative. Employees that were previously on an Excellence Initiative will be placed at the salary commensurate with their last Scorecard Effectiveness Level earned (if the new position aligns to the position and level in which the employee earned the effectiveness level) pending the Effectiveness Level was earned within 30 months of the employee's start date under the Excellence Initiative. Employees moving from an Excellence Initiative shall have their salary determined based upon incumbent data, employee knowledge, skills, abilities, and experience for the newly selected position. Maintaining the hourly/daily rate for employees may not be applicable in these cases.

Excellence Initiative effectiveness levels only apply for the position in which they are earned, they do not carry across Excellence Initiatives or up and down levels within an Excellence Initiative.

Annual Pay Adjustments

The Superintendent of Schools may propose an annual employee pay adjustment as part of the District's budget approval process and in accordance with the Compensation Guidelines. To receive a Board-approved annual pay adjustment, an employee must be in an active status or on an approved leave of absence at the time of the issuance of the first payroll reflecting the annual pay adjustment. Unless otherwise noted, employees **not eligible** to receive the 2024-2025 Annual Pay Adjustment are shown below.

- Employees on Performance Based Excellence Initiatives
- Newly hired employees in the following groups hired after December 31, 2023.
- Employees whose performance appraisal rating is below, unsatisfactory and/or do not meet expectations. [See DN Local].
- Employees who are compensated at or above their effectiveness level, unless otherwise approved.
- Temporary Employees

Employees that have salaries at or over the maximum of their respective paygrade or effectiveness level may receive the annual employee pay adjustment in a TRS eligible stipend that is to be paid during their respective pay periods for the year in which the increase is granted. (The stipend is not added to the base salary of the employee and the base rate will remain the same unless the paygrade or effectiveness level receives modification in value or the employee moves to a paygrade or effectiveness level higher than their current paygrade or effectiveness level). Teachers, Principals, Assistant Principals, Executive Directors on Excellence Initiatives, may not receive a base salary that exceeds the minimum salary of the next performance grouping (i.e. Progressing, Proficient, Exemplary, Master). The amount above the minimum salary of the next performance grouping may be paid as a stipend.

Back Payment

A back payment will occur if the employee was paid less than the amount that the employee should have been paid under the assigned pay grade. If a request for back payment is presented in the current fiscal year, the Compensation Department will rectify the issue by paying the difference in base salary back to September 1, 2023. For supplemental earnings, back payment can only be rectified back to September 1, 2023.

Overpayment

An overpayment occurs if an employee is paid more than the amount that the employee should have been paid under the assigned pay grade and/or related supplemental earning. If discovered and/or reported in the current fiscal year, the Compensation Department will rectify the issue based on the respective case of the occurrence (this includes by recovering the funds for the current year only and employees may work with the Payroll Department regarding repayment plans). In the event, an employee leaves the District being overpaid and owing the district funds, if the balance is not recouped from the employee's last paycheck with the District, the balance will be recovered from the employee's first paycheck should the individual resume employment with the District at any time in the future.

The Teachers Introductory Compensation Schedule details the corresponding salary amount based on CYS.

Once a new teacher has been evaluated under TEI and has a hire date on or before, December 31,2024 their compensation for subsequent years will be based upon their earned Effectiveness Level. TIA designations do not play a part in base salary determination. If a teacher receives a lower evaluation rating for four consecutive years, their effectiveness level and corresponding salary may decrease by one level in the fifth year. Teachers will not receive a base salary that exceeds the minimum salary of the next performance grouping (i.e.. Progressing, Proficient, Exemplary, Master). The amount above the minimum salary of the next performance grouping may be paid as a stipend.

Teachers who are eligible for a pay increase based on their Effectiveness Level will receive the increase on their October 2024 paycheck, retroactive to the employee’s contract start date. Teachers not evaluated on TEI are paid on the Instructional Support Salary Schedule for the 2024-2025 School Year. Compensation

Supplemental Earnings Handbook: 2024-2025 School Year

Effective July 1, 2024

The Dallas Independent School District Supplemental Earnings Guideline

Supplemental Earnings are wages paid to active Dallas Independent School District employees in addition to their regular base salary. The rates at which supplemental pay is determined are governed by the Compensation Department. The District categorizes supplemental pay into three classes: **stipends, incentive pay, and extra duty pay.**

Stipends

Dallas Independent School District defines stipends as a nondiscretionary amount of earnings paid to an employee on a regular or recurring basis over the course of their duty period contract. The stipend allows an employee to be compensated for specific duties or occurrences that are considered beyond the scope of their present occupation or contract. Stipend payouts are subject to their respective months of disbursement and may begin paying out as early as September 1st and ending as late as August 31st for the fiscal year.

Incentive Pay

In some circumstances, positions may be identified as **critically needed** in order to fulfill the strategic plans of Dallas ISD. The Board of Trustees may grant the usage of discretionary incentive pay in order to motivate or encourage active employees to assist in achieving the aims desired by the district. Incentives may also be disbursed to assist teachers in preparation for the upcoming school year (i.e. supply incentive). Incentives are paid out at a predesignated time within the school year and are available for disbursement until designated funds have been exhausted. Incentive payments are subject to proration and the Human Capital Management Department is responsible for monitoring the disbursement of the incentive funds.

Extra Duty Pay

Active employees who perform certain duties outside of their normal contract responsibilities throughout the course of the school year are eligible for additional earnings outlined in the Supplemental Earnings Handbook. These earnings are called extra duty pay. Performance is considered helpful, yet not mandatory and earnings are disbursed upon completion of the requested duties. Non-exempt employees may receive extra duty pay, however, utilizing non-exempt employees for extra duty should be limited and carefully monitored as overtime rates may apply and must be followed accordingly (supplemental pay should not be used as an alternative to overtime payment for non-exempt employees when overtime payment should be paid). SPS should be utilized to compensate non-exempt employees for extra duty.

Secondary Pay Source

This is an element code that should be used to pay a biweekly and or monthly support employee who works extra duty hours paid from a different funding source. This element code is designed to look at the support employee's work hours in a workweek, then determine if any hours in that work week/pay period should be paid at the time and a half rate.

Secondary Pay Source Regular

This is an element used once the SPS process reviews the biweekly or monthly support employee's actual hours worked. If the support employee did not complete a 40-hour week during a work week where they have incurred SPS hours; once calculated, Oracle will take the SPS hours and will pay part of the hours needed to complete the 40 hours as SPSR (regular hourly pay). This process will also make an entry to the actual hours that can be paid at the time and a half rate (SPS).

Supplemental Pay Information

The following information provides the framework for Dallas ISD Supplemental Earnings:

1. Supplemental earnings are not guaranteed wages and may be amended or eliminated at any time.
2. Supplemental earnings are not included in individual base salaries.
3. Authorization to pay approved supplemental compensation requires permission from the Executive Director of the Campus/Department prior to actual work being performed.
4. Supplemental pay duties may not be conducted from home, unless written prior approval has been obtained from Division Chief and Chief of Human Capital Management.
5. It is the responsibility of the campus or department to notify the Compensation Department when all extra duties have been performed and to ensure overtime guidelines for non-exempt employees have been followed.
6. An employee who has separated from the district (or is no longer active) is not eligible to accrue additional earnings past their effective separation date. A new employee is not eligible to earn supplemental pay prior to their effective start date.
7. Long-term Substitute Teachers that remain in the same classroom, with the same students, and have no break in service are eligible to receive supplemental pay for before, after, and Saturday school tutoring only, not to exceed 10 hours per week. Substitutes of any other kind are **not** eligible to receive any other type of supplemental pay including but not limited to pay for coaching, pay for working athletic events, and pay for driving school buses.
8. Supplemental duties should take place outside of an employee's normal work hours or calendar days and should be considered voluntary, infrequent and distinctly different from the employee's normal job description. Non-exempt employees should not receive supplemental pay outside of the exceptions outlined in this guide.
9. All supplemental earnings are subject to the employee and employer's statutory deductions. Earnings may qualify for Teachers Retirement System (TRS) eligibility.
10. All supplemental earnings will be prorated based on employee Full Time Equivalency (FTE).
11. Any recurring stipend allotted to an active employee will be paid on a prorated basis if the employee does not work the complete duty days for their respective contract.
12. If an employee fails to meet all criteria stipulated in the Supplemental Earnings Guide, earnings may be stopped and/or recovered. If a recovery is in order, the employee will be notified of the terms of recovery.
13. Supplemental earnings are paid at the rate commensurate with the employee's employment category and job at the time of payout.
14. An employee should be in an eligible position and active with the District at the time of payout.

NOTE: Item 4 in the Educator's Term Contract states, "Supplemental duties, as defined by the District, and any payment and/or stipend that may be paid for such duties and/or assignments are not covered by this contract. Any such payments are not included as part of the annual salary under this contract. This contract does not create a property interest or right under this contract to the assignment of any such supplemental duties or any stipend or payment for such supplemental duties. No property right to continued employment exists in such supplemental duties."

CURRICULAR

ATHLETICS SUPPLEMENTAL EARNINGS: 1.00 – 1.11

1.00 – 1.05 Athletic Coaches

Supplemental earning is designed to compensate certified teachers who serve as coaches of extracurricular athletic activities. The rules for the supplemental earning require that coaches, including retired coaches, meet district and University Interscholastic League (UIL) certification requirements, as well as the requirements and standards set forth by the Dallas ISD Department of Athletics. The Department of Athletics is responsible for designating coaches based on program needs. Coach designations must be communicated by the school to the Department of Athletics to the Compensation Department in order for the coach to be considered for the supplemental earning. Some extracurricular athletic activities may require coaches to serve in the respective position throughout the year in order to be eligible to receive the supplemental earning, including but not limited to athletic practices/contests and other activities and/or duties as assigned by the campus athletic coordinator or the Department of Athletics. **Supplemental earning amounts are determined according to the Department of Athletics Supplemental Earnings chart below and prorated over 12 months from September through August.** Retired Coaches will receive a lump sum payment at the end of their season. If a coach is assigned to a sport after September 1, 2024, but prior to the start of the sport or in the middle of the season, the employee may be eligible for the full or prorated amount of the athletic stipend. Coaches assigned after the start of the season may not be eligible for a full stipend. Whether on a single or dual contract, coaches who leave the district, voluntarily stop coaching, or are removed from coaching may not be eligible to receive the full stipend. This determination will be made in collaboration with the campus principal, Department of Athletics, and the Compensation Department.

For all Middle School athletic stipends, the stipend is contingent upon adherence to the program requirements established by the Vertical Team High School Athletic Coordinator and the High School Head Coaches of all respective sports. Should a Middle School Athletic Coordinator, Head Coach, or Assistant Coach not follow the Vertical Team Athletic Program Requirements, in collaboration with the Middle School Principal, that coach will be removed from coaching that sport and would subsequently not be eligible to receive the stipend for that sport, and/or may result in the stipend being prorated or recovered.

The Vertical High School Team Athletic Department will establish in writing their Athletic Program Requirements for all sports and share with the Middle School Athletic Department annually by August 1st. Middle School Football Head Coaches and Assistant Coaches will have in writing from the Vertical Team Head Football Coach expectations for duties on Varsity Football game nights and up to 4 hours on the day following the varsity football game, which may include Saturday or Sunday.

1.06 – District Athletic Trainer and Sports Medicine Manager

Supplemental earning is designed to compensate Dallas ISD Athletic Trainers for providing onsite emergency medical care, treatments, and rehabilitation services to injured athletes during assigned Dallas ISD athletic events. This includes, but is not limited to, District practices/events that occur Monday through Friday, and Saturday events, as needed and assigned by the Head Athletic Trainer over scheduling. The rules for the supplemental earning require that Athletic Trainers meet District and University Interscholastic League (UIL) requirements, as well as the requirements and standards set forth by the Dallas ISD Department of Athletics/Sports Medicine. This stipend compensates employees for time worked after work hours Monday through Friday and Saturday events. Licensed Athletic Trainers who do not complete the number of days on their contract may receive a prorated amount and are not eligible to receive the full stipend. ***The supplemental earning amount is paid at the rate of \$8,500/year paid over 12 months.***

1.07 – Athletic Events

Supplemental earning is designed to compensate active employees for working District UIL Athletic events performing duties as determined and outlined by the Department of Athletics. All staffing assignments are determined by the Department of Athletics. ***The supplemental earning amount is variable and is based on supplemental position and sport. See Appendix A.***

1.08 – Summer Athletic Program Supervisor

Supplemental earning is designed to compensate athletic coaches who serve as athletic program supervisor at high school campuses during the strength training and conditioning sessions and athletic camps. The supervisor will monitor students while on the campus and oversee safety measures. The Summer Athletic Program Supervisor must work with the HS Athletic Coordinator and their Vertical Team Middle School Athletic Coordinator to secure middle school student-athlete rosters and contact information. The Summer

Athletic Program Supervisor must collect rosters and contact information from the HS head coaches of all sports as all student-athletes on all teams and athletic programs are required to participate in the summer program. BILINGUAL EDUCATION/ESL	(REGULATION)

The District's ESL/ELL program is based on the following regulations:

Instruction will be in English and the primary language of students identified as English language learners (ELLs) who are enrolled in language classrooms in prekindergarten–grade 6.

In prekindergarten and grade 1, literacy will be developed in the child’s foundational language; in grade 2, formal literacy instruction shall begin in the student’s second language while literacy instruction in the foundational language continues through the end of the elementary years.

In dual language classrooms, English shall be utilized for mathematics instruction and Spanish for science and social studies instruction. Languages shall be separated for instruction.

The dual language goal of bilingualism and biliteracy shall be supported by transitioning students to general education instruction no earlier than grade 5.

English as a Second Language (ESL) instruction shall be provided to all students categorized as ELLs (not eligible for dual language classes) in prekindergarten–grade 12.

ESL-trained teachers shall teach the sheltered content courses.

All core content teachers shall be provided with best practices for ELLs.

The use of any language as a means of communication will be permissible during the school day.

Language integrity will be maintained during instruction without concurrent translation.

ELL students shall be provided access to all curricular and extracurricular activities (e.g. Talented and Gifted/advanced academic classes, academic competitions, athletics, and band).

DOCUMENTATION

The District will retain documentation in each ELL student’s permanent record as required by Texas Education Code Chapter 89, subchapter BB statute. Additionally, the Spanish-language proficiency test scores (for ELL students who are Spanish speakers and non-ELL students participating in two-way dual language classes) shall be on file.

BILINGUAL EDUCATION/ESL	(REGULATION)

PARENTAL DENIAL OF PERMISSION FOR PLACEMENT OF A STUDENT

If the parent of guardian denies permission to enroll the student in the state-required bilingual education or ESL classrooms as recommended by the language proficiency assessment committee (LPAC), a conference must be held with an administrator, the parent or guardian, and another member of the LPAC. The conference will address and strive to ensure that the parent/guardian understands, the purpose and content of the dual language/bilingual education or ESL program.

The parent must state the denial of permission in writing and the original letter must be retained in the student’s cumulative record. The District or campus may neither solicit a parent to deny permission nor provide a form denying permission to be signed by the parent or guardian.

MONITORING AND REVIEWING STUDENT PERFORMANCE

Each LPAC in the District shall assess achievement for essential knowledge and skills in accordance with Education Code Chapter 39 to ensure accountability for limited English proficiency (LEP) students and the schools that serve them. [See EHBE(LEGAL)]

In grades 3–12, a LEP student shall participate in the assessment of academic skills in accordance with commissioner’s rules at 19 TAC Chapter 101, subchapter AA. [See EKB]

1. The LPAC recommendation will consider the use of the child’s native language as the language of assessment, given that it is the foundational language of instruction for reading in dual language classes.
2. The LPAC recommendation will consider the use of the ELL child’s second language as the language of assessment, given that it is the foundational language of instruction for mathematics in dual language classes.

PARTICIPATION OF NON-ELL STUDENTS

With the approval of the Board to establish two-way dual language classrooms throughout the District, and with the approval of a student’s parent, a student who is not LEP may also participate in a bilingual education program. The number of participating students who are not LEP may not exceed 40 percent of the number of students enrolled in the program. Education Code 29.058.

EXIT PROCEDURES

LPACs are responsible for reclassifying all identified ELL students as non-ELL, according to the procedures listed below. The actions and recommendation of the LPAC are documented on the ELL student database printouts and on the student’s cumulative records.

Exiting from the program at grade 5 or later supports the goal of bi-literacy and higher academic achievement for program participants.

To exit from a developmental bilingual education or ESL classroom, a student must:

- Pass the reading sections of the English state-mandated assessment for grades 3, 5, 6, and 7 and achieve a score of 4, 5, or 6 on the English language proficiency tests; or
- Pass the reading and writing section of the English state-mandated assessment for grades 8, 9, 10, and 11 and achieve a score of 4, 5, or 6 on the broad-ability subtests (all four parts) of the language proficiency test.

Recommendations for students to exit will be made only after re-view of all test data for students in grades 5–12, at the end of each school year. LPACs are responsible for informing parents in writing when students meet the exit criteria and exit from a dual language/bilingual education or ESL classroom.

Dallas ISD	
057905	
SPECIAL PROGRAMS	EHBE
BILINGUAL EDUCATION/ESL	(REGULATION)

The student’s parent or guardian may request, in writing, the removal of the child from the dual language/bilingual education or ESL classroom.

GRADING ELL STUDENTS

A student's proficiency in English is expected to grow from year to year. The proficiency in English is not an indicator of academic performance nor mastery of TEKS, and therefore, cannot be the sole reason for a student to fail a course.

MONITORING FORMER ELL STUDENTS

LPACs will monitor—for each grading period for two years—the academic progress of each student who exited from a dual language/bilingual education or ESL classroom, to determine whether the student is academically successful.

A student who earns a failing grade in a subject in the foundation curriculum during any grading period in the first two years after the student is transferred out of the program shall be evaluated by the LPAC [see EHBE(LEGAL)]. After the evaluation, the LPAC may request input from the school support team, if applicable.

PROGRAM EVALUATION

The District will monitor and annually assess the proper implementation of the dual language/bilingual and ESL classrooms. Classroom effectiveness is monitored using the CIPP model, a comprehensive evaluation process that includes context, input, process, and product evaluations.

Norm- and criterion-referenced measures in English and Spanish will be used for evaluation. The District will use a conditional inclusion model when testing ELL students with ITBS/TAP and state-mandated assessment tests. This conditional inclusion model tests students with the most linguistically appropriate instrument to obtain more meaningful results.

The District will give specific attention to the proper progression of all ELL students in the programs in which they are enrolled by the use of the language proficiency assessment as well as the use of the program levels of secondary ELL students. Progression will be based on annual data. The number of SOL students who exit the program starting with grade 5 also will be documented.

Additionally, for the purpose of supporting the expansion of the two-way dual language classes, the District will begin to collect student language proficiency data in the spring for grades K, 2, and 4 in the two languages of instruction for all participating students.

The District will monitor the personnel development of teachers and the quality of the parental involvement component.

ADOPTION OR LAST AMENDED DATE

This regulation was last adopted or amended on January 23, 2008.

HISTORICAL COMPENSATION EXCEPTIONS

1. **Career Ladder:** For those employees under the salary schedule for Teachers, Related Instructional and Professional Support who had Career Ladder (Level II \$1,500 or Level III \$3,000) back in the 1999-2000 school year, their Career Ladder was added to their 1999-2000 annual base salary to determine the 2000-2001 Board approved salary increase in the 2000-2001 15 step compressed salary schedule. This decision had the effect of placing those employees in higher steps than their corresponding creditable years of service (See the Compensation Book for 2000-2001 school years).
2. **Career and Technology/Vocational Teachers:** Based on recruitment needs for these types of employees, the Dallas ISD offered to recognize up to seven (7) years of practical business-related experience (first two years one for one year, and thereafter one year for every two). As of the 2001-2002 school year, the recognition of such experience was strictly based on the Texas Education Code for recognition of Creditable Years of Service for Vocational teachers that only grants two years (See Texas Education Code).
3. **ROTC High School Instructors:** The recognition of Creditable Years of Service was using the same criteria mentioned for Vocational teachers, and additionally, they were also granted the next degree level to the one they actually had (this practice was also stopped by the 2001-2002 school year), and the annual base salary is always the higher of the Dallas ISD salary and step that is closest to the ROTC military level or the Dallas ISD approved increase (See ROTC Grievance decision).
4. **Longevity:** For those employees receiving Longevity pay in the 2007-2008 school year, the Board approved salaries for the 2008-2009 school year were determined by adding to their 2007-2008 base annual salary, the higher of the Board approved increase (step up salary on the 2007-2008 salary schedule) or the Longevity. As a result of this decision, their salaries are out of step in reference to the 2008-2009 salary schedules, and until future salary increases exceed their 2008-2009 salary, will continue receiving such salary (See Board document of June 26, 2008). This Board decision has been overruled by the Board approved decision of August 27, 2009 that granted a salary increase for these employees giving them the difference to their next 09-10 step, plus \$851 WADA calculated amount. If the new 09-10 was still lower than their 08-09 salary, then they received only \$851 of WADA.
5. **Retired/Rehired TRS Subsidy:** Effective April 27, 2006, the Dallas ISD Board of Trustees adopted a provision which states that any person who retired with TRS after September 1, 2005 and is rehired in a non-teaching position or as a teacher in a noncritical shortage area will be compensated at 85% of their salary. Retirees who are hired in non-covered TRS positions, like substitutes and in positions half time or less are not subject to the adjusted compensation of 85% of their salary. Critical shortage areas are Bilingual, Secondary Math (7 -12), Secondary Science (7-12), Special Education, and languages other than English.
6. **New hires who did not work 90 days for a full Creditable Year of Service:** Employees who did not have a complete CYS* were granted a Board approved increase because the Board did not specifically limit the increase to those with a complete CYS* by having worked at the District for at least 90 days the previous school year (See Board document of June 26, 2008).

A

Ability to Pay - The ability of an organization to pay a given level of wages or to fund a wage increase while remaining profitable. A frequent issue in union contract negotiations.

Across-the-Board Increase/Decrease ("ATB") - An identical pay raise/decrease – either in a flat rate such as cents per hour or as a percentage of salary – given to a defined group of eligible employees.

B

Back Pay - The difference between what the employee was paid and the amount he or she should have been paid and is owed due to an error, or discrepancy.

Base Pay - The fixed compensation paid to an employee for performing specific job responsibilities. It is typically paid as a monthly salary or hourly rate.

Base Rate - The hourly rate or salary paid for a job performed. It does not include shift differentials, stipends, benefits, overtime, incentive premiums, or any pay element other than the base rate.

Benchmark Job - A job commonly found in the marketplace which is used as a reference point for making pay comparisons. Pay data for these jobs are readily available in published surveys. Benchmark jobs are found in other organizations, have job specifications that relate to what, why and how work is done on a consistent level, and are fairly stable over time with respect to job content.

C

Common Review Date - The date on which all (or a group of) employees receive pay increases. For example, an organization may implement increases for all employees on April 1; employees hired off cycle usually receive prorated increases. Also known as focal point review date.

Compa-ratio - The ratio of the employee's actual pay rate (numerator) to the midpoint of their pay range (denominator). Compa-ratios are used primarily to measure and monitor an employee's actual rate of pay to the midpoint of their range. A compa-ratio can be calculated for a group, a department or an entire organization. (Also, see Market Compa-ratio).

Compensable Factor - Any factor used to assess the value of job content in a job evaluation method. Typical compensable factors are knowledge and skill, problem solving, decision making, impact, accountability, and communication skills.

Compensation - Cash provided by an employer to an employee for services rendered. Compensation is comprised of elements of pay such as base pay, variable pay, stock, etc. that an employer offers an employee in return for their services.

Compensation Cost - The total cost to the organization, including the unrealized or unknown future cost effects of today's compensation decisions regarding the total compensation program. Included are base pay, incentive opportunities, benefits costs and liabilities, perquisite costs, time-off programs (vacations, sick pay, etc.)

Compensation Philosophy - The principles that guide the design, implementation, and administration of compensation program at an organization. The strategy ensures that a compensation program supports the organization's mission, goals and business objectives. The philosophy ensures that a compensation program supports an organization's culture.

Compensation System - A system of components developed to maintain internal and external equity between employees, including but not limited to job descriptions, job analysis, job evaluations, pay structures, salary surveys, and policies and regulations.

Competency - A behavior, attribute or skill that is a predictor of personal success.

Competitive Pay Policy - The strategic decision of an organization makes about which labor markets to use as comparison groups and how to set pay levels with respect to those groups. After choosing the comparison group, the organization must decide its market position with respect to the group.

Compression - Pay differentials too small to be considered equitable. The term may apply to differences between (1) the pay of supervisors and subordinates, (2) the pay of experienced and newly hired personnel of the same job, and (3) pay-range midpoints in successive job grades or related grades across pay structures.

Continuous Day – The substitute employee works at the same school, with the same students with no absences.

CYS - Creditable years of service. An employee receives a creditable year of service credit after completing the equivalent of a minimum of 90 working days in a school year.

D

Demotion - Movement to a job in a pay range with a midpoint that is less than the midpoint of the previous job's pay range. Demotions may be the result of poor performance, a re-organization or re-engineering, or an employee request.

Downgrading - The movement of a job to a lower job grade and pay range within a pay structure.

Downsizing- Reducing the size of the work force.

E

Exempt Employees - Employees who are exempt from the Fair Labor Standards Act of 1938 (FLSA) minimum wage and overtime provisions due to the type of duties performed.

External Equity - A standard that fairly establishes pay levels that correspond to each job's relative value compared to that of its labor market competitors, as determined by market pricing.

F

Fair Labor Standards Act (FLSA) - A federal law passed on 1938 governing minimum wage, overtime pay, child labor, and record-keeping requirements.

FTE - Full-time equivalent. A 100% FTE is 40 hours per week.

G

Grade (Salary or Pay Grade) - A group of jobs of the same or similar value, used for compensation purposes. All jobs in a (salary) grade have the same salary range: minimum, midpoint, and maximum.

H

Hourly - The rate of pay per hour for a job being performed. An "hourly" worker may be assigned to various rated jobs during any pay period and is paid the "rate" applicable to each job while working on it. The term hourly also is used to distinguish between nonexempt and exempt employees, even though so-called hourly or nonexempt employees often are paid on a salaried basis.

I

Internal Equity - A standard that fairly establishes pay levels that correspond to each job's relative value within Dallas ISD.

J

Job - The total collection of tasks, duties and responsibilities assigned to one or more individuals whose work has the same nature and level. Also called a position.

Job Analysis -The systematic, formal study of the duties and responsibilities that comprise job content. The process seeks to obtain important and relevant information about the nature and level of the work performed and the specifications required for an incumbent to perform the job at a competent level.

Job Analysis Interview - A method for gathering information about a job by conducting a question-and-answer session with a person who is knowledgeable about that job.

Job Description - A document that outlines the most important features of the job including the major responsibilities, physical conditions, work environment and the skills, experience, and education required to perform the job duties. A job description should describe and focus on the job itself and not on any specific individual who might fill the job.

Job Evaluation - A systematic approach to comparing different jobs within an organization for the purpose of determining relative value. Job evaluation is conducted using a defined set of compensable factors that are linked to compensation.

Job Family - A group of jobs having the same nature of work (e.g., engineering) but requiring different levels of skill, effort, responsibility or working conditions (e.g., entry-level vs. senior engineer).

Job Grade - One of the classes, levels or groups into which jobs of the same or similar value are grouped for compensation purposes. Usually, all jobs in a grade have the same pay range; minimum, midpoint, and maximum. However, sometimes different jobs in the same pay grade have different pay ranges, due to market conditions for some of the jobs.

Job Responsibility - One or a group of duties that identifies and describes the major purpose or reason for the existence of the job.

Job Title - A label for a job that uniquely identifies it. Job titles should describe the nature and level of work performed.

M

Market Compa-ratio - The ratio of internal pay to competitive pay for a company, group or individual, calculated by dividing the internal weighted average pay by the related market weighted average pay.

Market Pricing - A process that sets the pay range for a job as determined by what other organizations pay employees performing a similar job. To assign a range to a position, at least two market data sources are used. Consideration is given to variations in: 1) industry, 2) range of responsibilities, 3) complexity of the organization, and 4) size of the organization.

Market Rate - The employer's best estimate of the wage rate that is prevailing in the external labor market for a given job or occupation.

Mean - A simple arithmetic average obtained by adding a set of numbers and then dividing the sum by the number of items in the set.

Median - The middle item in a set of ranked data points containing an odd number of items. When an even number of items are ranked, the average of the two middle items is the median.

Midpoint - The salary that represents the middle of a given salary range or pay grade.

Minimum Wage - The lowest allowable hourly pay level for most Americans, established by Congress as part of the Fair Labor Standards Act (FLSA). Some states have laws that mandate higher minimum wages for some employees.

N

Nonexempt employees - Employees who are not exempt from the minimum wage and overtime pay provisions of the Fair Labor Standards Act of 1938 (FLSA).

O

Overtime - Under the Fair Labor Standards Act of 1938 (FLSA), nonexempt employees must be paid one-and-a-half times their normal wage rates for all hours worked in excess of 40 in any work week.

P

Pay grade - A group of jobs of the same or similar value, used for compensation purposes. All jobs in a pay grade have the same salary range: minimum, midpoint, and maximum.

Performance Appraisal - A system to determine how well an employee has performed during a period of time, frequently used as a basis for determining merit increases.
