Think B.I.G. - Share Your Thoughts On How The School Can Be BOLD

Response	Upvotes	Downvotes	Trending Score
Flexible indoor/outdoor space	5	0	5
Collaborative spaces	5	0	5
multi-use rooms that can be rearranged with little disruption to the spaces around	3	0	3
larger classrooms to allow flexibility and collaboration	2	0	2
multi-purpose room. Degolyer has a large parent community involvment. a multi use room for dads club and PTA would be great	2	0	2
Sunlight!!	2	0	2
Collaborative spaces are essential. I would like to see glass walls in the classrooms that adjoin the hallways. This allows the classroom culture to be viewed.	2	0	2
Athletic facilities	2	0	2
Theathre style auditorium	2	0	2
community garden outdoor classrooms	1	0	1
state of the art science labs	1	0	1
able to adapt as technology progresses	1	0	1
open concept	1	0	1
open spaces	0	0	0
forensic science space	0	0	0
Following loosely the well building standards	0	0	0

Think B.I.G. - Share Your Thoughts On How The School Can Be INNOVATIVE

Response	Net Votes	Upvotes	Downvotes	Trending Score
Set design space	3	3	0	3
Cutting edge, lighting, sound, and technology	2	2	0	2
Having a versatile basketball court, not just for basketball but w adjustable polls for volleyball and tennis court. Adding a track, and baseball and soccer field. Many people use our fields for all sports and not just degolyer people. Walls, for handball, wall ball etc. games	2	2	0	2
State of the Art music and art learning spaces	2	2	0	2
Following Green initiative for the different MEP systems, following the latest trends to promote overall better well being/health of the students and faculty.	2	2	0	2
Pod style learning/Collaborative Learning	2	2	0	2
Outdoor classrooms	2	2	0	2
I would like to see our classroom electronics all mounted on the ceiling (projectors, speakers, extension cords, etc to. allow open floor spaces.	2	2	0	2
Spaces to display student work projects inside and outside the classroom. Lots of storage to lend itself to the clean lines.	1	1	0	1
Beyond the bulletin board. Tech billboards where students can share their work	1	1	0	1
green areas inside the campus	1	1	0	1
Large, well-lit space specifically for set design for Music theater. Plenty of storage so the space can look clean and neat.	1	1	0	1
Align space design to match program offerings.	1	1	0	1
Outdoor learning-Garden	0	0	0	0
Environmental sustainability	0	0	0	0
Dedicated room for Robotics and Stem activities	0	0	0	0
Collaborative spaces outside of classrooms in common areas that can allow for multiple classrooms to use.	0	0	0	0
Incorporating Robotics and Computer Science to all grade levels	0	0	0	0

Think B.I.G. - Share Your Thoughts On How The School Can Be GENERATIONAL

Response	Net Votes	Upvotes	Downvotes	Trending Score
A generational school can adapt to changing times as in spaces can be redesigned to fit the current / future needs.	5	5	0	5
Must use a mix of current tried and true learning environments and add in the new state-of-the-art forward-thinking learning spaces.	4	4	0	4
Interweaving indoor and outdoor spaces would allow the campus to connect with community	3	3	0	3
sustainable design with latest technological systems, and the capacity to upgrade or expand on those systems	3	3	0	3
flexible and adaptable spaces lend themselves for generational changes	2	2	0	2
Utilize sustainable materials	1	1	0	1
Sustainable construction that provides for the addition of new technologies.	1	1	0	1
As we move into a move collaborative world and collective minds for breakthrough research and ideas, a space where the conversation can be loud and not interrupt the learning of others	0	0	0	0
Adaptable spaces and structures to allow for expansion	0	0	0	0
Design appeals to a diverse generational audience	0	0	0	0
Definitely think we need to allow for futuristic educational needs that we may not be able to predict at this time.	0	0	0	0
Adapts to new technology	0	0	0	0
A generational school has a timeless look, and it is durable/sustainable to serve future generations.	0	0	0	0
Longevity of 10 cohorts	0	0	0	0
adaptable - 50year + building	0	0	0	0
