School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Webster Elementary School	19-64881-6021760	05/28/2024	06/27/2024

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

In coordination with the Pasadena Unified School District's LACP, Webster Elementary School has goals to address the ESSA requirements for improved student achievement in ELA and Math, the requirements for professional development and improved evidence based instructional strategies, and specific areas for Hamilton Elementary including family engagement, attendance, and behavioral supports which are also requirements of ESSA and the LCAP.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Creating our SPSA is a collaborative process involving district staff, site staff, and our educational stakeholders. Our site plan was developed through a series of meetings with staff, our MTSS team, and School Site Council (SSC). Our site council met on April 23, 2024. The final draft of the SPSA was reviewed by School Site Council (SSC) on May 14, 2024. Both SSC and our educational stakeholders were actively involved in reviewing data and developing our SPSA goals. The Annual Review of the SPSA will take place in May 2025 with the SSC.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

22,899.00 42,660.00 54,291.00
For the 2024-2025 school year, Daniel Webster School is projected to receive $22,899 in Unrestricted Funds, $42,660 in LCFF S&C (this does not include any possible carryover funds), and $54,291 in Title I Funds. This funding will cover funding a library coordinator, a Bilingual Aide, and three noon aides for three hours per day. The noon aides work four hours per day during the 2023-2024 school year, but the current budget will not allow for the same coverage. This budget will also

not allow for a STEM aide, support of our performing arts, nor additional support for the Armenian Academy.

School Vision and Mission

Daniel Webster School Vision
"We will create a nurturing and inclusive learning community where every child thrives, embraces curiosity, and achieves their full potential."

Daniel Webster School Mission
"At Webster Elementary School, we are dedicated to transforming education to create a community where every child is empowered to achieve. By empowering our students to be culturally responsive, we prepare them to succeed in their educational journey and beyond."

School Profile

Daniel Webster School opened in 1926, with a sizeable addition completed in 1932. Nestled in the foothills of northeast Pasadena, the school has been designated a Historical Landmark. As a result of the passage of Measure Y, the school was modernized in 2000- 2004. The school is currently benefitting from the passage of Measure TT having installed a new Pre K playground and improved classroom lighting. Renovation of the original auditorium, upgrading the cafeteria serving area, and remodeling the administrative offices for ADA accessibility was completed in March 2013. Soft surface playgrounds were installed in the kinder and upper playgrounds during the 2019-2020 school year.

In 2022, the school served approximately 390 students in Pre-K through grade 5. Student demographics were as follows: 45.7%- White, 41.4%- Hispanic, 5.9%- African American, 3.9% Asian, and 3.1% Other, Multiple or No response. 75.3% of students were Socio-Economically Disadvantaged, 17% were students with Disabilities, and 9.8% were English Learners. We are proud to be a school community that is rich in cultural and ethnic diversity.
The Webster School campus is composed of 13 classrooms, 1 RSP classroom, 1 Music classroom, a library, and Art Loft, a staff lounge, staff workroom, a fully renovated auditorium and front office, three playgrounds and a grassy field. The cafeteria eating area was refurbished and painted by parent volunteers in August , 2009 and was repainted in December, 2018; the cafeteria tables were purchased with PTA funds as well, and air conditioning was installed in summer 2012. The Parent Center provides space for PTA and other parent committees and after-school enrichment classes sponsored by Parker-Anderson.
Daniel Webster offers all needed supports and services for students with Individualized Education Plans in the general education program. Additionally, there are five Special Day Classes to support students whose placement is in a more restrictive environment in Pre-K, TK-1st grades, and grades 2-5.
The Webster parents and the community have been extremely supportive of the educational programs at Daniel Webster School. To begin with, the school site opened an Art Loft in the fall of 2010. Then, during the 2012-13 school year, PTA purchased new playground equipment. Every student at Daniel Webster has an assigned Chromebook to access district applications and academic programs.
Since the 2012-2013 school year, the Webster PTA averaged approximately $30,000 each year, which provided a supplemented and/or fully funded the following: School library coordinator, Choir Risers, $150.00 in supplies for every classroom teacher, school field trips, school buses for each class, a renovated school garden, and various environmental and/or bully prevention assemblies; traditionally, Webster has always had one of the highest number of volunteer hours in the Pasadena Unified School District. At onset of the 2016-17 school year, the Webster Annual Fund once again provided partial funding for Webster’s Music Instruction for each grade level; in addition, our Annual Fund Committee raised the funding to purchase a electronic school marquee in 2017, renovations to the school garden, and instructional materials for the teachers. A beautification day was held on MLK Day in January, 2018; due to the hard work of many school and community volunteers, the front of the school looks fantastic with replanted with flowers, trees, and bushes as well as an above-ground sprinkler system. In August, 2018, a family built and donated a "little library", which was installed at the front of the school site as well. PTA families have also donated more picnic tables for the kindergarten playground areas since last Spring, 2017.
Webster has been a recipient of the Sage Garden Grant since the 2020-2021 school year. The has funded and trained a master gardener and cooking instructor to help students at underserved elementary schools experience hands-on, standards-based lessons as they grow, prepare, and share nourishing food.
Additionally, there were many enrichment programs provided at Webster, which included, but were not limited to, the

following programs/activities: Instrumental Music (3rd/4th/5th), Lego Robotics, Innovation Club, Marine Biology, Science Explosion classes, Math Field Day coaching, 3rd grade Swimming lessons (Aquatics Center), MatheMagic classes, Robot Building, Character/Bullying and Environmental Assemblies, Dance lessons for Kinder and 1st grade classes, and various field trips sponsored by the Pasadena Armory. An after-school Armenian language and history program is normally held weekly.

Webster is a diverse community; families speak a multitude of languages consisting primarily of English, Armenian and Spanish. Oral interpretation and child care are always available at all parent meetings as we strongly believe that parent involvement and high student achievement are synonymous. Weekly Principal voice and email messages are provided via the Blackboard Parent Link System. Monthly newsletters and school tours are provided by the Webster principal, as well as Webster parent volunteers.

The PUSD School Board approved Webster Elementary School to become an Armenian World Language school starting in the 2022-2023 school year. Webster's Armenian Academy will offer daily Armenian language and culture class to all students who opt-in to the academy TK-5th grade beginning in the Fall of 2023.

Daniel Webster School is a diverse, rich learning community. It is a well-respected school that attracts both neighborhood and other families. The ethnicities of the staff reflect the diversity of the community. In a caring, nurturing environment, the instruction is designed to meet the needs of all students.

Conclusions based on this data:

1. By the end of the 2022-23 school year, two 1st, two 2nd, six 4th graders and two 5th graders transferred to Webster from private schools to enroll in the foundational year of Webster's Armenian Academy, It is expected that the enrollment will continue to increase as students continue to enroll in the Armenian Academy.
2. Due to large % of Armenian speaking students and parents, the school continues to benefit from having an full-time Instructional coach and community assistant assigned who speak the language the school serves and knows the school community as well.
3. The school was rezoned in 2014 and 2019; since the rezoning occurred, the incoming group of kinder students has decreased each school year; the overall enrollment has dropped steadily over the past 4 or 5 years; parents who have left the school and transferred inside and/or outside the district.

Reclassified Fluent English Proficient (RFEP)	0			0.0%		

Conclusions based on this data:

1. The English Learner population has decreased due to decrease in student enrollment, however, the students identified as Level 1 and level 2 learners will continue to have their pull-out time increased to meet their needs as second language learner in general ed classrooms
2. The % of FEP students increased due to the consistent designated ELD support of both a full-time Instructional coach, bilingual aide, and part-time EL teacher (spring) in the 2022-2023 school year.
3. Webster's English Learner reclassification rate is over 15% each school year.

Conclusions based on this data:

1. 63.63% of students were at or above ELA proficiency levels in 2019; This decreased to 35.41% of students who were at or above ELA proficiency levels in 2022. This is demonstrating learning loss due to school closure during the pandemic. This number increased to 44.3% showing that student proficiency is on the rise.
2. Professional Learning Communities can empower teachers to improve teaching and learning through increased collaboration and distributive leadership with a lens toward a growth mindset approach.
3. Tier 2 students will benefit from focused instruction of foundational skills.

Conclusions based on this data:

1. 48.9% overall of students met or were above proficiency in Mathematics in 2019; this percentage decreased to 34.25% on the 2022 CAASPP in overall math. This increased to 37.5% on the 2023 CAASPP.
2. Additional training analyzing diagnostic assessments and comparing them to inform teacher instruction is needed; all Webster teachers should be using I-ready math curriculum and assessments regularly.
3. The percentage of students who were below standard overall decreased by nearly 15% on the 2023 CAASPP, yet the percentage increased for the class cohort by 12.58%. 5th grade teachers will require intensive PD in Math to improve instruction.

Conclusions based on this data:

1. There is no data on ELPAC due to low number of EL students per grade level. All intervention will continue for next school year; during the daily ELD period, in BL guided reading groups, teachers will use the in house data to inform their instructional practices, but especially for ELL students.
2. The primary conclusion is that teachers need support from 100% Instructional Coach position; it is strongly recommended by ELAC that this position is filled by person who speaks the language of the school community it serves at Webster; next, it is essential that the school keep 100% Bilingual aide for pull out intervention services with Level 1 and Level 2 EL students; finally, it will be beneficial to have an approved alternative assessment for Special Ed students who are identified as EL students as well.
3. The number of English Learners entering the school is increasing.

School and Student Performance Data

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

Conclusions based on this data:

1. Webster's Socioeconomically Disadvantaged population continues to be significant with a need for additional supports.

2. Webster has growing population of students with disabilities as there are more students qualifying for Special Ed services; there will be three SDC classroom units at Webster and one embedded instruction PreK class.

Conclusions based on this data:

1. We continue to have a significant number of students who are chronically absent, even after implementing attendance incentives. This is primarily students with disabilities. Community partner input regarding incentives to improve attendance have been somewhat effective.

Conclusions based on this data:

1. School Staff will continue to provide PBIS interventions for students "Caught Doing Good," also known as the 3 Bs, such weekly wolf tickets recognition on Monday mornings as well as monthly recognition ceremonies for students following the character trait of the month; good citizenship, and Most Improved in specific areas
2. MTSS/RtI team will continue to address issues with behavior and will meet monthly in 2024-2025 school year to review and implement the 3 Tiers of support for students (for academics, behavior, and social emotional)
3. Staff members will develop authentic relationships with their students; Teachers and staff will implement strategies and utilize knowledge gained in the "All it Takes" professional development throughout the school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 1

Students will demonstrate grade-level knowledge in all core subjects and graduate in four years, in line with the PUSD Graduate Profile. All students, English Learners, Foster Youth, students eligible for Free/Reduced Meal Program and others who have been less academically successful in the past, will have access to a robust course selection that meets their needs and will show academic achievement.

Goal 1

iReady Diagnostic 2 will increase from the baseline of 55% typical growth from 2023 by a total of 7% to reach 62% or higher typical growth by the end of the 2023-2024 school year. (End of Year Growth was 88%) Instructional Leadership Team to meet monthly to focus on student learning and achievement and coordinate the improvement of instruction in the school based on data.

Identified Need

Improve instructional delivery of math concepts and increase student exposure to standards of mathematical practice.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Progress toward this goal was partially met. 2022-2023 iReady D2, there was a 1% decrease in at risk tier 3 and a 7% increase in tier 1, Progress toward typical growth remained at 55%.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Local assessment data of iReady Math will be available and used as Spring 2023 data points. A Response to Intervention Wellness teacher will be hired for the 2023-2024 school year and will work with teachers to target academic and social-emotional needs of specific students. The Webster STEAM Loft will be utilized by students to provide innovative challenges and experiential learning opportunities for all students.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

There was a decrease in the overall proficiency level of students in ELA during the 2021-2022 school year. Students are lacking foundational reading skills needed to become proficient.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Universal supports in the area of Phonics and Phonemic Awareness will benefit all students in the primary grades. Tier 2 and Tier 3 students in ELA will have focused instruction from the classroom teacher, from Reading Partners, and from an intervention teacher. This will instruction will be individual or in small groups of students per adult.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

3 Classroom Teachers

1 Other School Staff

5 Parent or Community Members

Name of Members	Role
Kristin Forrest	Principal
Jack Minassian	Other School Staff
Cynthia Kim	Classroom Teacher
Denise Johnson	Classroom Teacher
Sophia Tashjian-Mejia	Classroom Teacher
Carolina Ventura Peralta	Parent or Community Member
Talia Glasberg	Parent or Community Member
David Aslanyan	Parent or Community Member
Patricia Scales	Parent or Community Member
Aghunik Ghazaryan	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 28, 2024.

Attested:

	Principal, Kristin Forrest on 5/28/24
	SSC Chairperson, Jack Minassian on 5/28/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.
From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.

- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:

   A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.

      1. The comprehensive needs assessment of the entire school shall:

         a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and

         b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—

            i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and

            ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and

            iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.

            iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.

            v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.

   B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:

   A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--

   a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards

   b. use methods and instructional strategies that:

      i. strengthen the academic program in the school,

      ii. increase the amount and quality of learning time, and

      iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

   c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:

      i. strategies to improve students' skills outside the academic subject areas;

      ii. preparation for and awareness of opportunities for postsecondary education and the workforce;

      iii. implementation of a schoolwide tiered model to prevent and address problem behavior;

      iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and

      v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).

F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to

1. Ensure that those students' difficulties are identified on a timely basis; and
2. Provide sufficient information on which to base effective assistance to those students.

G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

GOAL 1: TEAMS & DATA			
Goal Item	**Strategy & Activity Description**	**Frequency** Daily/Weekly/Monthly/Yearly	**Measure of Success**
a. **Use of Data**: Use of Data: Is school-wide attendance data used to identify students who are struggling with regular school attendance (chronic absentee, truant, etc.)? What sources of data are used? How often is the data reviewed? How is this data used to monitor student progress?	2023-2024 data shows attendance decreasing on a monthly basis especially following winter break then decreasing further following spring break. Identify any pupil that is struggling to attend school due to a mental or physical health concern and create a plan based on the pupil's situation (mental or physical health concern, attendance, class engagement both during and before remote learning, family situation)	Queries on AERIES will be run on a monthly basis to identify chronic students This will be assessed on a quarterly basis.	*Goal is to develop an individualized plan and apply interventions to 100% of students who have been identified on a monthly basis.* *Improve the Webster attendance rate to 95%.*

	Identify any pupil who is chronically absent (a pupil who is absent from school for 10% or more of the school days in one school year) and apply appropriate interventions (Truancy Letters, SART/SARB, SST, Tier II Interventions, Counseling, Mentoring, Alt Ed Placement, etc.)		
b. **Attendance Improvement Team**: Does the school have an Attendance Improvement Team? Does the team meet at least monthly? Does the team use a current action plan?	The Attendance Improvement Team will meet in conjunction with the RtI/Wellness team	The attendance improvement team meets monthly	Attendance is a topic on the monthly agenda.

GOAL 2: PREVENTION			
Goal Item	**Strategy & Activity Description**	**Frequency** Daily/Weekly/Monthly/Yearly	**Measure of Success**
a. **Prevention Strategies**: What prevention strategies are used to ensure that students are engaged at school and do not become at-risk due to poor attendance?	Utilize Social Emotional Learning curriculum to address students' social/emotional well-being. *Trauma informed and restorative practices are used to build relationships with all students and promote regular*	Weekly/Monthly	Increase in the monthly attendance rates from 2023-2024

	daily attendance. *Celebrate students that have perfect attendance for the month with a 10 minute dance/bubble party with the principal.* *Recognize students with the most improved attendance for each semester.*		
b. **Outreach**: How does the school provide regular outreach to students, families, and community members regarding the importance of regular school attendance?	*Create publications delineating attendance expectations (principal's monthly newsletter, weekly Sunday Night Blasts, PTA Things to Know)* *RtI Wellness teacher and the attendance clerk will communicate with parents of students who are chronically or on the verge of chronic absenteeism to provide resources and give information.*	Monthly	Increase in the monthly attendance rates from 2023-2024

GOAL 3: INTERVENTION & RE-ENGAGEMENT			
Goal Item	**Strategy & Activity Description**	**Frequency** Daily/Weekly/Monthly/Yearly	**Measure of Success**

a. **Attendance Intervention**: Does the school have intervention strategies to address the specific barriers and needs of students struggling with attendance?	Our RtI Wellness teacher works with students in the Wellness Room as a trusted adult in a safe space. She works with our on-site CSW to create social groups to build social skills. Our Community Assistant works with our families to provide resources around transportation and housing as needed.	Daily	Increase in the monthly attendance rates from 2023-2024
b. **Student Re-Engagement**: What re-engagement strategies are used to help students find and maintain success in the classroom?	The RtI Wellness teacher works with students and teachers to create student plans for success and engagement.	as needed	Increase in the monthly attendance rates from 2023-2024
