

## Information Regarding the 2016-17 Campus Performance Objectives

For 2016-17, performance results on accountability system safeguards were included in the TAPR reports. The disaggregated performance results of the state accountability system serve as the basis of safeguards for the accountability rating system to ensure that poor performance in one area or one student group is not masked in the performance index.

The disaggregated performance measures and safeguard targets were calculated for performance rates, participation rates, and graduation rates of eleven student groups: All Students, Seven Racial/Ethnic groups: African American, American Indian, Asian, Hispanic, Pacific Islander, White, and Two or More Races; Economically Disadvantaged, Students with Disabilities, and English language learners (ELLs).

For performance rates, the target was 60%; for participation rates, the target was 95%; for graduation rates, the targets were 88.5% and 91% for 4-year and 5-year rates, respectively. These targets are aligned to federal requirements. System safeguard results are reported for any cell that meets the accountability minimum size criteria of 25.

Of the 230 campuses evaluated, 21 (9.1%) schools met less than 50% of the safeguards; 20 (8.7%) schools met between 50 and 59% of the safeguards, 27 (11.7%) schools met between 60 and 69% of the safeguards, 30 (13.0%) schools met between 70 and 79% of the safeguards, 34 (14.8%) schools met between 80 and 89% of the safeguards and 37 (16.1%) schools met over 90% of the safeguards, but still missed at least one. A total of 61 (26.5%) schools met 100% of the system safeguards.
