

Madison P-TECH

At the James Madison P-TECH, highly motivated students can prepare to make their mark as technology experts in the fields of business and industry. Students will discover solutions to real-world challenges through a curriculum focused on science, technology, engineering and mathematics (STEM). As they collaborate to explore and design creative solutions, students will acquire the communication, teamwork and problem-solving skills that are necessary for success in the 21st century workplace.

An emphasis on STEM-related careers will equip students to excel in one of the following pathways:

- Business Administration/Management
- IT/Computer Information Technology
- IT/Internet Development
- Sports Management

Enrollment Criteria

James Madison P-TECH is designed to serve incoming ninth-grade students who are:

- Determined to attend college.
- First-generation college students.
- Historically underrepresented in higher education.

The academy will accept up to 125 ninth-grade students per year, and students will move together as a cohort as they progress through high school.

Students will attend ninth and tenth grade at Madison High School in a dedicated wing of the building. For their junior and senior years, students will attend classes on the El Centro College campus. Transportation will be provided at no charge.

"The Great"

JAMES MADISON HIGH SCHOOL
COLLEGE READY ■ CAREER READY ■ LIFE READY

3000 MARTIN LUTHER KING, JR. BLVD., DALLAS, TX 75215 ■ 972.925.2800 ■ [DALLASISD.ORG/MADISON](https://dallasisd.org/madison)

The "Great" James Madison High School celebrates a tradition of educating with excellence in Dallas ISD for more than 60 years. A designated historical landmark, our school is characterized by pride, tradition, and a culture of learning. The administration and staff are committed to students' pursuit of knowledge and preparation for life after high school. James Madison is a small learning community with a wide array of extracurricular activities and programs in academics, humanities, and athletics. Madison P-TECH students can earn up to 60 hours of college credit and an Associate of Applied Science degree in their choice of business administration/management, IT/computer information technology, or IT/internet development from either El Centro College while completing their high school coursework. Our mission is to prepare all students to be college-ready, career-ready and life-ready.

Instructional Highlights

- Small class sizes
- Before-, after-, and in-school small group tutoring
- Character and leadership development opportunities
- College interest programs
- P-TECH Program

The Trojan Experience

The “Great” James Madison High School offers students opportunities for advanced courses, career certifications, and college credit in a comprehensive high school setting.

So, whether students choose to pursue sports, arts, debate, robotics, or 60 college credit hours for free through Madison's collegiate academy, there is a program that can engage every student's interests.

An Inside Look at James Madison High School

Academic Programs

JAMES MADISON P-TECH

Madison High School's P-TECH program opened in 2016 through a Dallas ISD partnership with Dallas College. At the James Madison P-TECH, students can prepare for the fields of business and industry through a STEM-focused curriculum.

Students can pursue the following pathways in the James Madison

P-TECH program:

- Business Administration/Management
- IT/Computer Information Technology
- IT/Internet Development
- Sports Management

CAREER AND TECHNOLOGY EDUCATION

Explore Information Technology through Madison's National Academy Foundation Pathway Academy which provides industry-tested curriculum for students in order to help them gain practical, marketable skills while learning. The academy allows students to investigate and experience pathways which lead to jobs and careers.

At Madison, students gain the skills to navigate the Information and Technology industry.

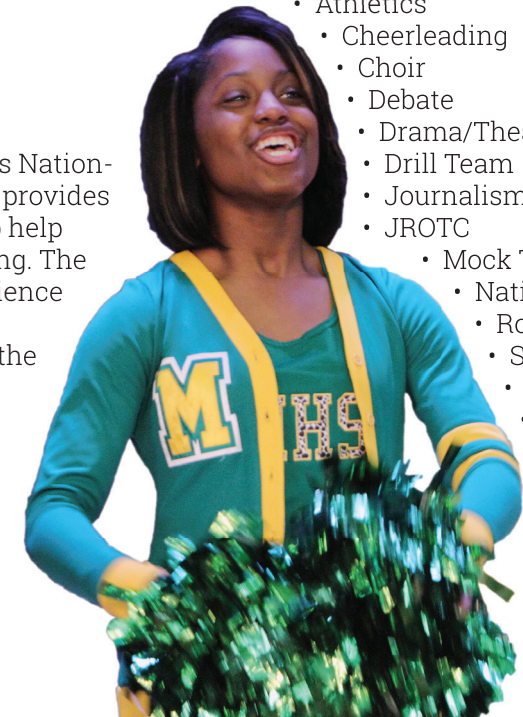

Pathways include:

- Information Support Services
- Web and Digital Media
- Network Systems
- Graphic Design
- Video Production

Extracurricular Programs

One of Dallas ISD's six student achievement goals states that all students will participate in at least one extracurricular activity each year. Here at the “Great” James Madison High School, we have a wide range of diverse, inclusive, and fun extracurricular programs to engage students' extracurricular interests. From our championship-caliber boys' basketball team to robotics, there's something for every student at Madison High School:

- Athletics
- Cheerleading
- Choir
- Debate
- Drama/Theatre
- Drill Team
- Journalism
- JROTC
- Mock Trial
- National Honor Society
- Robotics
- Student Council
- UIL Academic Team
- Yearbook
