

Synergizer

This tool is used when students or groups have different approaches to a situation. It helps students to find “third alternative” solutions that are better than either of the original solutions and which lead to synergy. Write one approach to the situation in one of the lower boxes (My Way). Write the other approach in the other lower box (Your Way). Then brainstorm together to come up with a better way (High Way) which is a compromise but is a new solution that is better than either of the original solutions. Write this better solution in the top box.
