

TSIA2 TUTORING ACTION PLAN LINCOLN B-TECH

Verna Farmer, Collegiate Administrator
Brandie Jenkins, Collegiate Counselor
Velisha Mitchell, Workplace Learning Coordinator

Intervention to Prepare Students for the Test

- Mometrix Test Preparation TSI Study Guide strategies and skills will be used for **daily** scaffolding into collegiate ELA, Math, Science, and Social Studies classes during the last 30 – 45 minutes.
- Khan Academy SAT Prep and EdReady will be used as supplemental materials for test intervention.
- Accuplacer Diagnostic test will be used for each grade level (9th, 10th, and 12th) as a baseline.
- EdReady data will be used to group students based on their needs for intervention.
- Current 11th grade students' previous TSIA2 test scores will be used to tier students based on lowest skills score.
- Current 10th and 11th grade students who received accelerated Geometry and Physics credits will take the Khan Academy SAT Practice Test 1 for ELA and Math.

Intervention to Prepare Students for the Test

- Teachers will add Mometrix TSI Study Guide materials to their Google Classrooms. Students will be able to access all practice, test, and videos for intervention.
- Lincoln B-TECH will add Mometrix TSI Study Guide to each grade level Google Classroom.
- Students will use Clever to access Khan Academy SAT Prep practice materials, videos, and lessons.
- Students will use EdReady practice materials to support intervention.
- 9th grade students are currently being onboarded to EdReady. 10th, 11th, and 12th grade students are already in EdReady.
- Every Friday will be used as TSIA2 intervention day for review and testing over materials taught during the week.
