

South Oak Cliff P-TECH

At Dallas College Mountain View

South Oak Cliff P-TECH will enable students to explore a wide range of career interests in the fields of technology and business. A curriculum focus on science, technology, engineering and mathematics (STEM) will

challenge students to discover solutions to real-world challenges. As they collaborate to explore and design creative solutions, students will acquire the communication, teamwork and problem-solving skills that are necessary for success in the 21st century workplace.

An emphasis on STEM-related careers will equip students to excel in one of the following pathways:

- Electronic Technology
- Manufacturing
- Network Administration and Support

Visit us at dallasisd.org/soccollegiate.

Enrollment Criteria

South Oak Cliff P-TECH is designed to serve incoming ninth-grade students who are:

- Determined to attend college.
- First-generation college students.
- Historically underrepresented in higher education.

The academy will accept up to 125 ninth-grade students per year, and students will move together as a cohort as they progress through high school.

Students will attend ninth and tenth grade at South Oak Cliff High School in a dedicated wing of the building. For their junior and senior years, students will attend classes on the Mountain View College campus. Transportation will be provided at no charge.

To apply, go to dallasisd.org/choosedallasisd.

Application period: November through end of January.

DALLAS
INDEPENDENT SCHOOL DISTRICT

Golden Bears

South Oak Cliff High School students are innovative thinkers and risk takers who are eager to learn and who possess a passion to excel. As representatives of "The School of Champions," students in every grade are challenged to exemplify the performance of champions in both academics and character. South Oak Cliff P-TECH students can earn up to 60 hours of college credit and an Associate of Applied Science degree in their choice of electronics technology, ITG/computer information technology, or manufacturing (CAD) from Mountain View Community College while completing their high school coursework. Just as our students make strong efforts to achieve academic success, the faculty and leadership of South Oak Cliff strive to create a family-oriented school climate where students enjoy a high level of academic and emotional support from the entire professional staff.

P-TECH Benefits

Number of potential college credits students can earn from South Oak Cliff P-TECH

Potential savings on two years of community college tuition and books

Instruction in a small, personalized learning environment

Opportunity to participate in a high-quality work experience via a professional internship

South Oak Cliff High School provides a range of challenging and rigorous academic programs to develop and support students' academic interests, goals and aspirations.

Our academic programs provide college preparation, career experiences and a foundation to help every student successfully transition to life after high school.

CAREER AND TECHNICAL EDUCATION

Our career and technical National Academy Foundation pathway programs include the Academy of Engineering and the Academy of Information Technology. Both ignite students' passion for learning by transforming the learning environment to include STEM-infused industry-specific curricula and work-based learning and development experiences.

South Oak Cliff's CTE Pathway options include:

- STEM/ Computer Science (NAF)
- Robotics (NAF)
- Information Technology (NAF Academy)
- Business/Marketing
- Finance
- Education
- Law and Public Safety

Parents & Community

Parent and community involvement are a key factor in providing support and resources to enrich students' educational experiences.

Dallas ISD and South Oak Cliff High School offer a range of opportunities for parents and families, businesses, churches, and organizations to support students through service, donations or volunteerism.

Parent programs:

- Active Parent-Teacher-Student Organizations
- Campus/Classroom Volunteers
- Monthly Meeting: Parents, Principals, and Patrons
- Ongoing Parent Workshops
- Site-Based Decision-Making (SBDM) Team
