EXECUTIVE SUMMARY

BUDGET MESSAGE

Dear Superintendents and Joint Board Members,

The FY 2024-2025 Operating Budget reflects SECEP's longstanding commitment to providing quality educational programming in partnership with each division in the consortium. Recognizing the financial constraints and staffing challenges we face together, the budget was built to freeze rates.

The reason for freezing rates is twofold. First, we are committed to the prudent stewardship of public funds. Second, re-think how we deploy resources, leverage staffing, and reduce redundancy in daily operations.

Maximizing efficiency and reinforcing accountability measures, we build our capacity, affirming that we will do more with less without compromising our standards. Admittedly, there have been challenges; however, the 2023-2024 school year has been transformative for SECEP. This transformation lays the foundation to reshape operational processes and administrative systems. Although more work is needed, the FY 2025 budget reflects our progress.

The proposed budget for FY 2025 marks a 5.5% decrease from the previous fiscal year without compromising standards. Much credit is owed to the Finance Department for aligning Position Control with the Annual School Report. The Finance Department also designed and executed the Position Control Data Integrity Project, a thorough scrub of staffing data in Munis. As a result, we were positioned to conduct a comprehensive analysis of actual and unfilled full-time employee positions that have rolled over in multiple budget cycles.

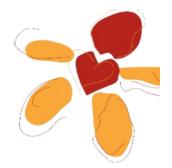

The proposed budget initializes the removal of some unfilled positions, which is made possible by the Position Control Data Integrity Project. Enrollment trends will continue to drive decision-making, as will a more systematic review of attrition in our administrative positions. The Human Resource Department initiated a review of the roles and responsibilities of all personnel to gain an accurate picture of job duties, increase our transparency, and reduce the duplication of effort.

We began by examining departments at the central office. This review encompassed ten positions, resulting in the realignment of nine positions, with those of Norfolk Public Schools, our fiscal agent. This realignment did not impact employee compensation or the Proposed Budget. Alignment aims to provide the basis to ensure compensation is appropriate to job classes with our fiscal agent.

As directed by the Board, interviews for the Director of Human Resources have been conducted. A thorough review of policies and procedures and developing a robust recruitment plan are priority tasks for the new Director.

Concerning employee compensation, the proposed FY 2025 Budget is in lockstep with Norfolk Public Schools' proposed FY 2025 compensation. Raises in compensation and bonuses for new hires are essential for recruiting and retaining quality staff. Allotting the proposed bonuses in December 2024 and May 2025 to Returning staff will boost morale by providing something extra during the holiday season and again in May. Although compensation is increasing, SECEP's cost of wages is decreasing due to attrition and the Position Control Data Integrity Project.

BUDGET MESSAGE - CONT.

I am confident that this budget will effectively support the goals in our strategic plan, Pathway to 2028, which kicked off in September. The budget also keeps SECEP on course to continue to support divisions in meeting the educational needs of all students. I extend my sincere appreciation to the SECEP staff, and Finance Department for their tireless dedication in crafting this budget. Their expertise has been invaluable in shaping a fiscally responsible and forward-thinking plan.

Respectfully,

Laura Armstrong

Project SEARCH

Project SEARCH is a one-year employment preparation program for individuals 18-22 years of age with varied degrees of disability, which takes place entirely in an inclusive work environment. Interns receive seamless classroom instruction, career exploration, and hands-on training through worksite internships. The outcome is individualized job development. The current Program Partners include Sentara Leigh Hospital, the Department of Aging and Rehabilitative Services (DARS), Didlake (Vocational Rehabilitation Services), and Southeastern Cooperative Educational Programs (SECEP).

The goal is COMPETITIVE INTEGRATED EMPLOYMENT, and the expectation is that individuals obtain employment at a rate that meets or is above minimum wage. Upon program completion, individuals are also expected to work at least 20 hours weekly.
