

TAKE CARE DELAWARE

PROTECT • HEAL • THRIVE

The **Take Care Delaware** program promotes safe and supportive homes, schools and communities that protect children and help children experiencing trauma heal and thrive.

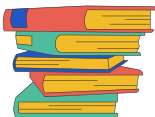

"I need the child's **name** and **school** to send a Take Care Delaware notification."

A Take Care Delaware notification sends a "heads-up" that a student witnessed or experienced something traumatic.

- Possible Interventions**
- Extra time on assignments
 - Calming techniques
 - Time in a "calm down" space
 - Tests postponed
 - Lessons re-taught
 - Referrals for additional services

Officer arrives at the scene where a child is present. A notice with the child's name and school is emailed to the Take Care Delaware School District Coordinator(s).

The child's teacher and a limited number of direct support staff are informed that the child may exhibit different behavior and need extra support.

The school observes and is mindful of any changes in the child's behavior. The child is connected with appropriate interventions and/or services if needed.

THERE ARE NO DETAILS OF THE INCIDENT SHARED
ONLY THE CHILD'S NAME AND SCHOOL
