To the best of my knowledge, information, and belief, in completing the Contractor's Work for the Project, no material furnished, installed or incorporated into the Project will contain, or in itself be composed of, any materials listed by the federal or state EPA or federal or state health agencies as a hazardous material.

Any disputes involving the question of whether or not material installed with asbestos-containing equipment are settled by electron microscopy; the cost of any such tests shall be paid by the Contractor.

All work or materials installed by the Contractor which is found to contain asbestos, or work or material installed with asbestos-containing equipment, will be immediately rejected and this work shall be removed and replaced by the Contractor at no additional cost to the District.

Decontamination and removal of work found to contain asbestos, or work installed with asbestos-containing equipment shall be done only under supervision of a qualified consultant, knowledgeable in the field of asbestos abatement and accredited by the Environmental Protection Agency.

The ASBESTOS REMOVAL CONTRACTOR shall be an EPA accredited contractor qualified in the removal of asbestos and shall be chosen and approved by the Asbestos Consultant who shall have sole discretion and final determination in this matter.

The asbestos consultant shall be chosen and approved by the Architect or the District who shall have sole discretion and final determination in this matter. The work will be not accepted until asbestos contamination is reduced to levels deemed acceptable by the Asbestos Consultant.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

DRUG-FREE WORKPLACE CERTIFICATION

This Drug-Free Workplace Certification form is part of the Contract made by and between the **NEWPORT-MESA UNIFIED SCHOOL DISTRICT** (hereinafter referred to as the "District") and

EFS West Inc.

(hereinafter referred to as the "Contractor") for the **Compressed Natural Gas Time Filling Facility Upgrade** Project (hereinafter referred to as the "Project"). This form is required from all successful bidders pursuant to the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract or grant for procurement of any property or service from any State agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract or grant awarded by a State agency may be subject to suspension of payments or termination, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred.

Pursuant to Government Code Section 8355, every person or organization awarded a contract or grant from a State agency shall certify that it will provide a drug-free workplace by doing all of the following:

- A. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in their workplace and specifying actions which will be taken against employees for violations of the prohibition.
- B. Establishing a drug-free awareness program to inform employees about all of the following:
 - 1. The dangers of drug abuse in the workplace.
 - 2. The person's or organization's policy of maintaining a drug-free workplace.
 - 3. The availability of drug counseling, rehabilitation, and employee-assistance programs; and
 - 4. The penalties that may be imposed upon employees for drug abuse violations.
- C. Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision "A," and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of the Drug-Free Workplace Act as it now exists or may hereinafter be amended. Particularly, I shall abide by Government Code Section 8355 when performing the Contract for the Project by:

DRUG FREE WORKPLACE CERTIFICATION

- A. Publishing a statement notifying employees concerning the prohibition of controlled substance at my workplace.
- B. Establishing a drug-free awareness program; and
- C. Requiring that each employee engaged in the performance of the contract be given a copy of the statement required by Section 8355(a) and agree to abide by the terms of that statement.

I also understand that if the District determines that I have either: (a) made a false certification herein; or (b) violated this certification by failing to carry out the requirements of Section 8355, the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that if I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of the Act.

I acknowledge that I am aware of the provisions of Government Code Section 8350 et seq., and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

VON P. REGLI Senior Project Manager

Mr. Regli has over 30 years of experience in the construction of both alternative and conventional fueling facilities. At EFS West, As a senior Project Manager he is responsible for a wide variety of assignments including CNG and LNG facility construction, UST system upgrades and replacements, commercial gas station construction, SVE system installations, power generation systems, and groundwater treatment facilities. He has directed all aspects of these projects including design, permitting, supervision of earthwork, mechanical and electrical installations, piping and plumbing, paving and concrete work, and general building construction. His fueling system experience has involved all aspects of work including major equipment installation, card reader interface, startup, and commissioning. Mr. Regli has been responsible for many diverse projects over his 30+ year career and has been with EFS West since its inception in 2003. His superior leadership and experience get the job done safely, on time and within budget.

REPRESENTATIVE PROJECTS

LA County METRO Div 13 CNG Fueling Station – Mr. Regli is the PM for this transit bus CNG fuel system construction project. His responsibilities include design coordination and construction management under the prime contractor, Clean Energy. EFS West's construction responsibility includes ground-up construction of this 7 compressor, 6,000 scfm, transit fueling site serving 200 transit buses. Mr. Regli is also responsible for compliance with METRO's administrative and labor agreement requirements.

Sacramento Regional Transit CNG Fueling System – Mr. Regli was the EFS West PM on this \$4.3m design/build CNG station for fueling transit buses. The system includes three ANGI 1500 scfm compressors, storage, gas dryer, and 4 transit dispensers. Mr. Regli directed all design, permitting, and construction activities.

PG&E Martin Yard CNG Fueling System - Mr. Regli was the EFS West PM for this \$1.0 million project to install a public access/fleet CNG fueling system at PG&E's Martin Service Center Yard in Daly City, Ca. Mr. Regli provided oversight of the site construction work and coordinating all construction and design issues with PG&E construction managers and engineers.

SANDAG Transit CNG Fueling Facility - Mr. Regli served as EFS West PM for this \$3.4 million CNG fueling system construction project, completed in 2008. The work included integration of 2 ANGI compressor skids with an existing CNG fueling system. New buffer fast-fill dispensers were installed along with new electrical and gas services.

City of Fresno CNG Fueling System - Mr. Regli managed the construction of a \$2.3 million CNG fueling system for Fresno's Bus Maintenance Yard. His responsibilities included oversight of design, permitting, construction scheduling, supervision of

onsite construction crews, interface with the client and administration of the project. The work included the installation of two CNG compressors, six storage bottles, three new dispensers, and upgrading existing electrical equipment without disrupting the normal operation of the facility.

L/CNG Fueling System for L.A. Refuse Vehicle Yard – Mr. Regli was the site construction manager for the construction of a LCNG fueling system at the West Valley Maintenance Yard. The system consisted of 3-15,000 gal vertical storage tanks, 6 40-gpm dispensers, and gas/fire detection systems. The project also included refurbishment of the diesel fuel storage and dispensing systems, and HVAC and electrical code upgrades to the 7-bay maintenance building. Mr. Regli was responsible for overseeing all field work performed by EFS West's construction staff and subcontractors, providing constructability input and coordinating with design engineers.

Retail Gas Station Construction, Costco Inc., Safeway – Mr. Regli managed the construction of retail gas stations for Costco and Safeway warehouses in the Western U.S. He assisted in the development of standardized designs and served as field superintendent with responsibility for directing the construction crews, coordinating inspectors and budgets.

JOHN MARKHAM Project Superintendent

Mr. Markham is a senior project superintendent with over 30 years of experience in general construction including commercial and residential ground-up building construction. With EFS West since 2008, Mr. Markham has supervised numerous projects including construction of five CNG fueling stations, maintenance garage CNG modifications at four separate facilities, and construction of a 5,000 ft² pre-engineered metal office building for City of Los Angeles equipment maintenance staff. Mr. Markham's duties include overall site construction and schedule management, personnel, safety, and subcontractor controls. As project superintendent he also serves as on site quality control officer and procurement manager.

REPRESENTATIVE PROJECTS

City of Roseville Maintenance Shop CNG Upgrades – Mr. Markham was the Project Superintendent for this 2020 project which upgraded two maintenance bays at the City's Hilltop Circle maintenance facility. He supervised daily activities and directed EFS West staff and subcontractors. The project included installation of gas detection, ventilation, heating, and architectural modifications to isolate the two bays.

City of LA West LA CNG Fueling Station – Mr. Markham served as the construction superintendent for this project involving the construction of a fast-fill and time-fill CNG station for the West LA Sanitation Yard. Mr. Markham supervised the civil, mechanical, and electrical construction crews and subcontractors during day-to-day construction activities for this \$5.4m project.

City of LA CNG Fueling Stations at Venice, Van Nuys, No. Hollywood, Hollywood, and Belair Street Sweeper Yards – Mr. Markham was the superintendent on five separate projects for construction of CNG fueling stations at City of Los Angeles Sweeper Maintenance Yards. Each project was approximately \$1.5 million and included installation of compression, storage, and dispensing equipment. Mr. Markham supervised all aspects of the work including directing in-house staff and subcontractors performing electrical, civil, and mechanical work.

Ryder Truck Rentals Rancho Dominguez Maintenance Facility CNG Upgrades – Mr. Markham was the Construction Superintendent for this \$375,000 project to upgrade this 8-bay maintenance garage to meet code requirements for servicing of CNG and LNG heavy-duty tractors. The work was completed in May 2011 and consisted of installation of a gas detection system, new MAUs and exhaust fans interlinked with the gas detection and other facility modifications to meet code requirements. Mr. Markham managed all field activities, coordinated with permitting and oversight agencies, and directed EFS West staff and subcontractors.

City of Newport Beach Maintenance Facility CNG Upgrades – Mr. Markham was the project superintendent on this \$200,000 upgrade project for the City of Newport Beach equipment maintenance facility. The project will be completed in January 2011 and includes installation of new ventilation equipment; a gas detection system; and construction of interior improvements including partition walls, doors, hose reels, etc. Mr. Markham is responsible for managing the day-to-day fieldwork and subcontractors.

City of San Bernardino Heavy Equip. Shop CNG Modifications – Mr. Markham was EFS West's Superintendent on this \$850,000 facility upgrade project to bring the existing 10-bay refuse truck and heavy equipment maintenance shop up to code for servicing CNG and LNG fleet vehicles. The work included installation of gas detection, new ventilation equipment, heater replacements, and a new propane-fueled emergency backup generator.

LA METRO MSSC Bldg 5 CNG Modifications – Mr. Markham served as Superintendent for this project involving installation of gas detection, HVAC equipment, and new switchgear/MCC at a METRO bus painting facility in downtown L.A. The building was over 50,000 ft² and included interior office space, mezzanines, and various painting and prepping areas. Project value was in excess of \$2.1 million.
