Cheryl Reeves Named Cornatzer Elementary School Principal

Mocksville, N.C., March 11, 2024 - Davie County Schools announced that Cheryl Reeves has been named principal of Cornatzer Elementary School.

Cheryl joined Davie County Schools as an assistant principal at Davie County High School in January 2021. In her brief time there, she has demonstrated remarkable leadership by spearheading initiatives such as developing comprehensive summer credit recovery plans for all high schools, instituting a FLEX intervention period in the DCHS master schedule, and implementing professional development plans aligned with High Reliability Schools standards.

Cheryl's journey in education began as an Instructional Assistant and Bus Driver. After earning her Elementary Education degree from East Carolina University in 2012, she became an elementary teacher and spent much of her time in Guilford County Schools where she also served middle schools as a Math Impact Coach and Administrative Intern as part of the North Carolina Principal Fellows program. She furthered her education by earning Master's degrees in Elementary Education and School Administration from the University of North Carolina at Greensboro.

She will officially start her new role at Cornatzer Elementary in June.
