Math Expressions ©2013 Vocabulary Words
Grade 3

Unit 1	row	inch (in.)
5's shortcut	situation equation	key
area	solution equation	kilogram (kg)
array	variable	line plot
Associative Property of Multiplication	Zero Property of Multiplication	line segment
column		liquid volume
commutative	**Unit 2**	liter (L)
Commutative Property of Multiplication	area	mass
count-bys	area problem	milliliter (mL)
Distributive Property	array problem	ounce (oz)
dividend	array problem	P.M.
division	equal groups problem	pictograph
divisor	evaluate	pint (pt)
equal groups	expression	pound (lb)
Equal Groups drawing	Fast Area Drawing	quart (qt)
Equal Shares drawing	Fast Array Drawing	ruler
equation	length	scale
even number	multiple	tally chart
factor	square number	vertical axis
Fast Array drawing	width	vertical bar graph
function table		weight
Identity Property of Multiplication	**Unit 3**	
in each	A.M.	**Unit 4**
in every	axes	addend
multiples	bar graph	Associative Property
multiplication	cup	Commutative Property of Addition
multiplier	elapsed time	Counting On strategy
multiplier finger	fluid ounce (fl oz)	digit
odd number	foot (ft)	estimate
per	frequency table	expanded form
pictograph	gallon (gal)	expression
product	gram (g)	grouping
Quick 9's	horizontal axis	hundred box
quotient	horizontal bar graph	hundreds
repeated addition	Inch (in)	Identity Property of Addition

Math Expressions ©2013 Vocabulary Words
Grade 3

Unit 4 Cont'd	Identity Property of Multiplication	triangle
Make a Ten strategy	inequality	unit square
Make a Thousand strategy	less than (<)	
Math Mountain	Put Together/Take Apart	**Unit 7**
New Groups Above method	situation equation	denominator
New Groups Below method	solution equation	equivalence chain
ones	sum	equivalent
place value	Take From	equivalent fraction
place value drawings	total	fraction
proof drawing	unknown addend	number line
round	unknown amount	numerator
Secret Code Cards	unknown start	unit fraction
Show All Totals method		unit fraction
standard form	**Unit 6**	whole
subtract	angle	
ten stick	area	
tens	concave	
thousand bar	convex	
total	decagon	
ungrouping	decompose	
	dimensions	
Unit 5	hexagon	
Add To	octagon	
addend	opposite	
Associative Property of Addition	parallel	
Associative Property of Multiplication	parallelogram	
Commutative Property of Addition	pentagon	
Commutative Property of Multiplication	perimeter	
compare	polygon	
comparison bars	quadrilateral	
comparison equation	ray	
comparison problem	rectangle	
Distributive Property of Multiplication	rectilinear polygon	
equal to (=)	rhombus	
equality	right angle	
equation	side length	
expression	square	
greater than (>)	tangram	
Identity Property of Addition	trapezoid
