

Manhasset Public Schools

June 2024

Dear Members of the Manhasset School Community:

Each year we distribute a summer reading list for students entering grades 7-12 in the Manhasset Public Schools. For 2024, to continue aligning summer reading with expectations of the New York State Next Generation Learning Standards and Manhasset's *Standard of Excellence*, the English department indicates, by course level, title(s) that will be taught or referenced in each English course next year. We call these titles "prerequisite" books; students are expected to read, prior to the start of school in September, the prerequisite literature indicated for the English course in which they will be enrolled. This reading will give your child an advantage in English insofar as these titles will frame the instructional themes of the class or will be taught directly during the school year.

As a reminder, summer reading will not be assessed in the form of a test or essay within the first few days of school but will be integrated into the classroom curriculum during the first marking quarter. Rather, we suggest students read as much as possible, with a particular emphasis on the titles which will be referenced or taught in English courses.

We also strongly urge students to develop their own leisure summer reading list. To this end, you will find the names of reputable websites on the suggested reading page that will allow youngsters to select from among hundreds of suggested titles. In addition, both the Social Studies and Science departments indicate timely and topical subject-specific titles on the suggested reading list. A separate letter in this mailing directs parents and students to required Social Studies department readings for specific courses in 2024-25.

Students may purchase any titles from local bookstores, obtain them from the Manhasset Public Library, or borrow prerequisite titles from the English department. ***When possible, purchasing titles is strongly encouraged as it allows for greater interactive reading and note-taking in the text, both over the summer and at the start of the school year.***

Students wishing to borrow a copy of prerequisite titles may request a copy by completing this [Google form](#) by June 14th. We will contact you to arrange pick up of the selected texts in the English Writing Center. Borrowed copies must be returned in September or, in the event of loss, paid for by the student.

Social Studies Department: Required Summer Reading and Assignments 2024

Dear Parents/Guardians and Students:

The Social Studies department recommends summer reading to enhance students' understanding of the course curriculum for most of our Advanced Placement courses. We believe these readings and assignments introduce students to the level of reading they will encounter during the school year and prepare students for success in these rigorous classes.

The following courses have Summer Assignments:

- Social Studies 9 Advanced (grade 9)
- AP World History Modern (grade 10)

Students enrolled in the above courses for the 2024-25 school year must complete the summer assignment work. Please note that there is **no** summer assignment for the following courses; AP Human Geography, AP United States History (grade 11), AP Economics (grade 12) and AP Government (grade 12) this year.

The Summer Assignments and Reading information can be found on the Manhasset Schools website: <http://www.manhassettschools.org/domain/103>

Click on “Summer Reading and Assignments” on the left side of the page to access the assignment for each course and other related material.

If you have any questions about Social Studies summer reading, please contact me at 267-7576 or via email at Margaret.Ronai@manhassettschools.org

We encourage our students to continue developing the habits of good readers and to include reading as a part of their academic and leisure activities. To this end, below is a list of suggested titles for summer reading. These are not required but merely a suggestion for interested students. Thank you for your support of the summer reading program.

Sincerely,

Margaret Ronai
District Coordinator, Social Studies
