The McKeesport Area School District is pleased to provide you with the opportunity to continue the educational process in the MASD Continuity of Education program. During the current Coronavirus health crisis, MASD is distributing Apple iPads to students in need for use through the remainder of the 2019-2020 school year. Scheduled returns of equipment will begin on the first day of the 2020-2021 school year. This iPad and all accompanying components will remain the sole property of the McKeesport Area School District.

Any iPad that is distributed to a District student is to be utilized exclusively for the MASD Continuity of Education program. Neither the student nor any family member may use this iPad for any other reason. No programs or other software should be downloaded onto the iPad without the permission of the students' building Principal and the District Technology Department. No music, movies, apps or games should be downloaded or installed on the District iPad.

Students and parents are responsible for maintaining this equipment in the condition in which it was distributed. Parents and students will incur all expenses resulting in attempts to tamper with, damage or misplace equipment. Below are the pricing guidelines for equipment fixes and replacements:

Damaged/Lost iPad:	\$309.00
Damaged/Lost Lightning to USB cable:	\$19.00
Damaged/Lost Power Adapter:	\$29.00

No replacement devices will be given. Families with more than one District student living in the same household shall only be eligible for 1 iPad due to limited device availability. If loss or damage of components occur, the family must notify their students' building Principal immediately. If costs are incurred, no checks or credit cards will be accepted.

The McKeesport Area School District will not issue a diploma to any student who has not returned the MASD Continuity of Education components in good working order or who has not paid for any repairs.
