Public Comments	<p>A district parent asked about contact tracing and how it will be tracked in the event of a positive test.</p> <p>A district parent who has a child with asthma encouraged mask use.</p> <p>Greg Willson, S-C High teacher, asked the board to consider mask protocols as he lives with two co-morbidities that put him at greater risk of COVID-19.</p> <p>Cindy Calafaty, Parkview music teacher, expressed happiness that the district has not eliminated fine art classes while expressing worries over singing's ability to spread the virus.</p> <p>Anna Harvey, Parkview kindergarten teacher, talked about masks creating obstacles related to phonics education.</p> <p>Yale Barkefelt, JROTC instructor, encouraged that masks and extracurricular activities be a choice for students and their parents to make.</p> <p>JoAnn Martin, director of the Pettis County Health Center, provided current statistics for the county. She noted that young children are at the lowest risk of sharing the virus, but also the most problematic when it comes to wearing a mask. She also said the Missouri State Fair will present problems as it could become a center for transmissions with so many people in close proximity. Martin said there is encouragement to keep children in their cohort groups to allow for contact tracing, which can help limit the spread of the virus. Passing times are less of a concern than classrooms because experts believe transmissions occur when people are together for 15 minutes or more.</p>
Tiger Legacy	The board recognized Juliean Leafy, Tiger Legacy Scholarship winner.

## Commitment

The Sedalia School District is committed to providing a quality education to all students, while also ensuring their safety and well-being. The administration has researched COVID-19 and have developed plans following all applicable local, state, and federal guidelines, to the greatest extent feasible, and will incorporate many best practices advocated by school associations and groups. The following are considerations as of July 27, 2020, and are subject to change as new information surfaces from local, state, and federal agencies. Student learning options 2 and 3 in this document are pending approval from DESE.

## Student Considerations

Students may have experienced educational loss due to prolonged school closures during this pandemic. While some school districts have implemented distance learning, this is not generally believed to replicate the in-person learning experience. Such districts may also experience a widened divide in academic progress, with certain children able to access distance learning and continue to grow academically, while others might experience difficulty accessing or engaging with virtual instruction.

## Education

The impacts of lost instructional time and social emotional development on children should be anticipated and we will need to be prepared to adjust curricula and instructional practices accordingly without the expectation that all lost academic progress can be caught up. Plans to make up for lost academic progress due to school closures and distress associated with the pandemic should be balanced by a recognition of the likely continued distress of educators and students that will persist when schools re-open. If the academic expectations are unrealistic, school will likely become a source of further distress for students (and educators) at a time when they need additional support. It is also critical to maintain a balanced curriculum with continued physical education and other learning experiences rather than an exclusive emphasis on core subject areas.

## Students with Disabilities

The impact of loss of instructional time and related services, including mental health services, as well as occupational, physical and speech language therapy during the period of school closures is significant among this population. Students with disabilities may also have more difficulty with the social and emotional aspects of transitioning out of and back into the school setting. As schools prepare for reopening, school personnel should develop a plan to ensure a review of each child with an Individual Educational Program (IEP) to determine the need to adjust for lost instructional time as well as other related services. Further, schools can expect a backlog in evaluations, therefore, plans to prioritize those for new referrals as opposed to re-evaluations will be important. Many school districts require adequate instructional effort before determining eligibility for Special Education services. However, virtual instruction or lack of instruction should not be reasons to avoid starting services such as response-to-intervention (RTI) services, even if a final eligibility determination is postponed

## Annual School Health Requirements

Parents should continue to reach out to coordinate well-child care and immunizations with their health care provider. School districts may consider limited extensions for families to submit annual paperwork required for start of school, to accommodate delays in accessing well child care during the public health emergency. To limit the risk for other vaccine-preventable diseases during this critical period, immunization compliance should continue to be prioritized.

## Mental Health

School mental health professionals are critical in shaping messages to students and families about school re-entry including addressing anxiety, social acclimation, etc. Students requiring more mental health support, including those who are exhibiting suicidal ideation, should be referred for additional services. Support should be provided to grieving students as well as those experiencing other losses (e.g., missed experiences). Schools are encouraged to contact students who do not return to school, as they may be experiencing school avoidance due to anxiety related to the pandemic. Schools should be attuned to the broader social and family stressors that may affect a student's ability to attend school or be ready to learn. Schools need to incorporate academic accommodations and supports for students who may still be having difficulty concentrating or learning new information due to stress associated with the pandemic into planning considerations.

# RE-ENTRY

## STUDENT LEARNING OPTIONS

## Seated and In-Person

1

All Students PrK-12 will be physically in school. Students and staff will be in masks. Additional Cleaning protocols will be in place. Students needing a virtual option can follow MoCAP procedures on page 12.

## 2 Blended

PreK-5 Students will all be physically present but staying within immediate cohort groups.

6-12 Students will be in two cohort groups labeled "S" and "C". Students will attend physically only two days a week, each group alternating days. One day a week will be completely virtual.

Additional Cleaning Protocols will be in place. Students and staff will be in masks.

## All Virtual

3

All Students will participate in online virtual learning. K-5 students will use Google Classroom for activities and assignments. 6-12 students will use Canvas for activities and assignments..

# Seated and In-Person

1

At this time we are planning for a face-to-face return in August. The following is a list of what we believe at this time to be best practices and applicable based on current recommendations. Schools will make reasonable best efforts to minimize risk, however, **attending our schools in-person will introduce a greater risk of exposure.**

## Face Coverings

- All students and faculty will be required to cover their mouth and nose with a cloth face cover while at school and unable to ensure 6 foot social distancing.
- If a student or faculty/staff member is unable to obtain masks, the district will provide masks. Availability of district-provided masks is subject to the district's ability to procure masks (shortages of masks may limit availability).
- Homemade masks are acceptable but must meet school dress code guidelines.
- Masks must be in clean, sanitary condition.
- Students may not share masks.
- Students will have the mask on when getting on the bus and upon arriving on school grounds.

## Cleaning and Hygiene

- Students will be given opportunities to wash hands multiple times per day.
- Hand sanitizer will be provided at multiple locations throughout the school.
- Drinking fountains should not be used, except for the bottle filling capabilities.
- Students should bring personal water bottles from home. They should be labeled with the student name, and in clean, sanitary condition.
- Daily sanitizing and disinfecting will be a priority at all District facilities.

## Social Distancing and Student Activities

- Social distancing will be observed to the extent possible by all faculty, staff and students.
- Student activities and athletics will be conducted following MSHSAA guidelines to the extent they are permissible under local, state, and federal guidelines.
- Attendance incentives for both staff and students will cease. If you are sick you need to stay home.
- Where applicable, large group gatherings will be limited. This may result in:
  - Students reporting to a classroom upon arrival, instead of large gatherings
  - Altered cafeteria procedures
  - Limited attendance and/or guidelines at sporting or other events
  - Concerts and performances in small groups or not at all
  - Modified bus loading and unloading procedures
- Cancellation or modification of school dances or parties, assemblies, etc.

## Transportation

- Parents/guardians are encouraged to drop off students at school instead of using bus service. Drop-off and pick-up systems will be organized to ensure social distancing to the greatest extent possible.
- Students will need a mask on before loading a bus; buses will be sanitized daily.

# 2 Blended

## The Plan

### Elementary

K-5 departmentalized classrooms will no longer travel and remain in their homeroom. Teachers will travel to serve the individual cohorts.

Limited commingling of certain special groups of students will need to occur. Seating charts will be in place in all settings.

### Secondary

Building population would be split to as close to 50% as possible (S-day students and C-day students).

- Families with students in multiple buildings will be on the same scheduled "S" or "C" day
- Smith-Cotton High School estimates 741/810
- Smith-Cotton Junior High 580/623
- Whittier 25/25

## The Purpose

Reducing the number of seated students per day by approximately 50% helps maintain lower class sizes, smaller lunch shifts, and fewer students traveling in the hallways between classes. These efforts would help reduce exposures to the virus as well as simplify contact tracing in the event of a positive case. This model also provides an opportunity for our students to remain involved in activities and sports. [MSHSAA Guidelines](#)

## The Schedule 6-12

- Monday and Thursday S-day students would attend on campus while C-day would be working virtually
- Tuesday and Friday C-day students would attend on campus while S-day would be working virtually
- Wednesday is virtual learning for all students and teachers will be on campus participating/attending team meetings, professional development, and communicating with students regarding virtual work as well as developing virtual assignments/lessons

# 2 Blended (Cont'd.)

## Before School Grades 6-12

### Junior High School

- 6th grade will report to the FEMA gym
- 7th grade will report to the main gym
- 8th grade will report to the cafeteria

Students will sit by seminar in assigned seats.

Students will get a grab and go breakfast to take to their assigned areas.

### Smith-Cotton High School

- Doors will not open until 8:10 am
- Car riders/drivers will enter through the gym doors
- All students will go directly to 1st hour

Breakfast will be available at entrances for students to grab and go upon entering the building.

### Whittier High School

Students will enter the building and go directly to their 1st hour class.

Breakfast will be available for them to take with them to 1st hour.

## Lunch for Grades 6-12

In Person -

Students will be spaced out in the cafeteria with assigned seating that coordinates with their lunch hour teacher.

Virtual -

Students will be surveyed to determine need for breakfast/lunch on virtual days. Students will pick up at their neighborhood school preference as indicated in the survey.

## Co-Curricular Changes & Off Campus Hours

Additional practices may be needed outside of the school day.

# All Virtual **3**

## The Purpose

In the event that Sedalia #200 would need to pivot due to COVID-19, all K-12 students would remain home and continue their education virtually. This would allow our students to still receive essential instruction remotely.

## The Plan

### Devices

K-1: iPads will be distributed to K-1 students from their current buildings.

2-8: Chromebooks will be distributed to our 2-8 grade students from their current buildings.

9-12: Students that attended last year should already have a Chromebook. 9th grade students and new students would receive a Chromebook from the building.

Each building administrator will communicate the device procedures with their respective families.

### Connectivity

Families in need of internet connectivity will receive a hotspot as determined by various communication methods that include, but are not limited to, surveys, phone calls, and email.

### Learning Management Systems

K-5: Students will interact with their teacher and complete activities through Google Classroom.

6-12: Students will interact with their teacher and complete activities through Canvas.

Learning will be in an asynchronous model, allowing students to complete their work at any time of the day.

### Instruction

Teachers and other certified personnel will interact with students to provide instruction and feedback through email, phone calls, the learning management system, and teleconferencing.

Teachers will follow the Department of Elementary and Secondary Education [recommendations/guidelines](#) for accelerated learning. Classroom teachers will continue to follow the curriculum scope and sequence for our essential/priority standards.

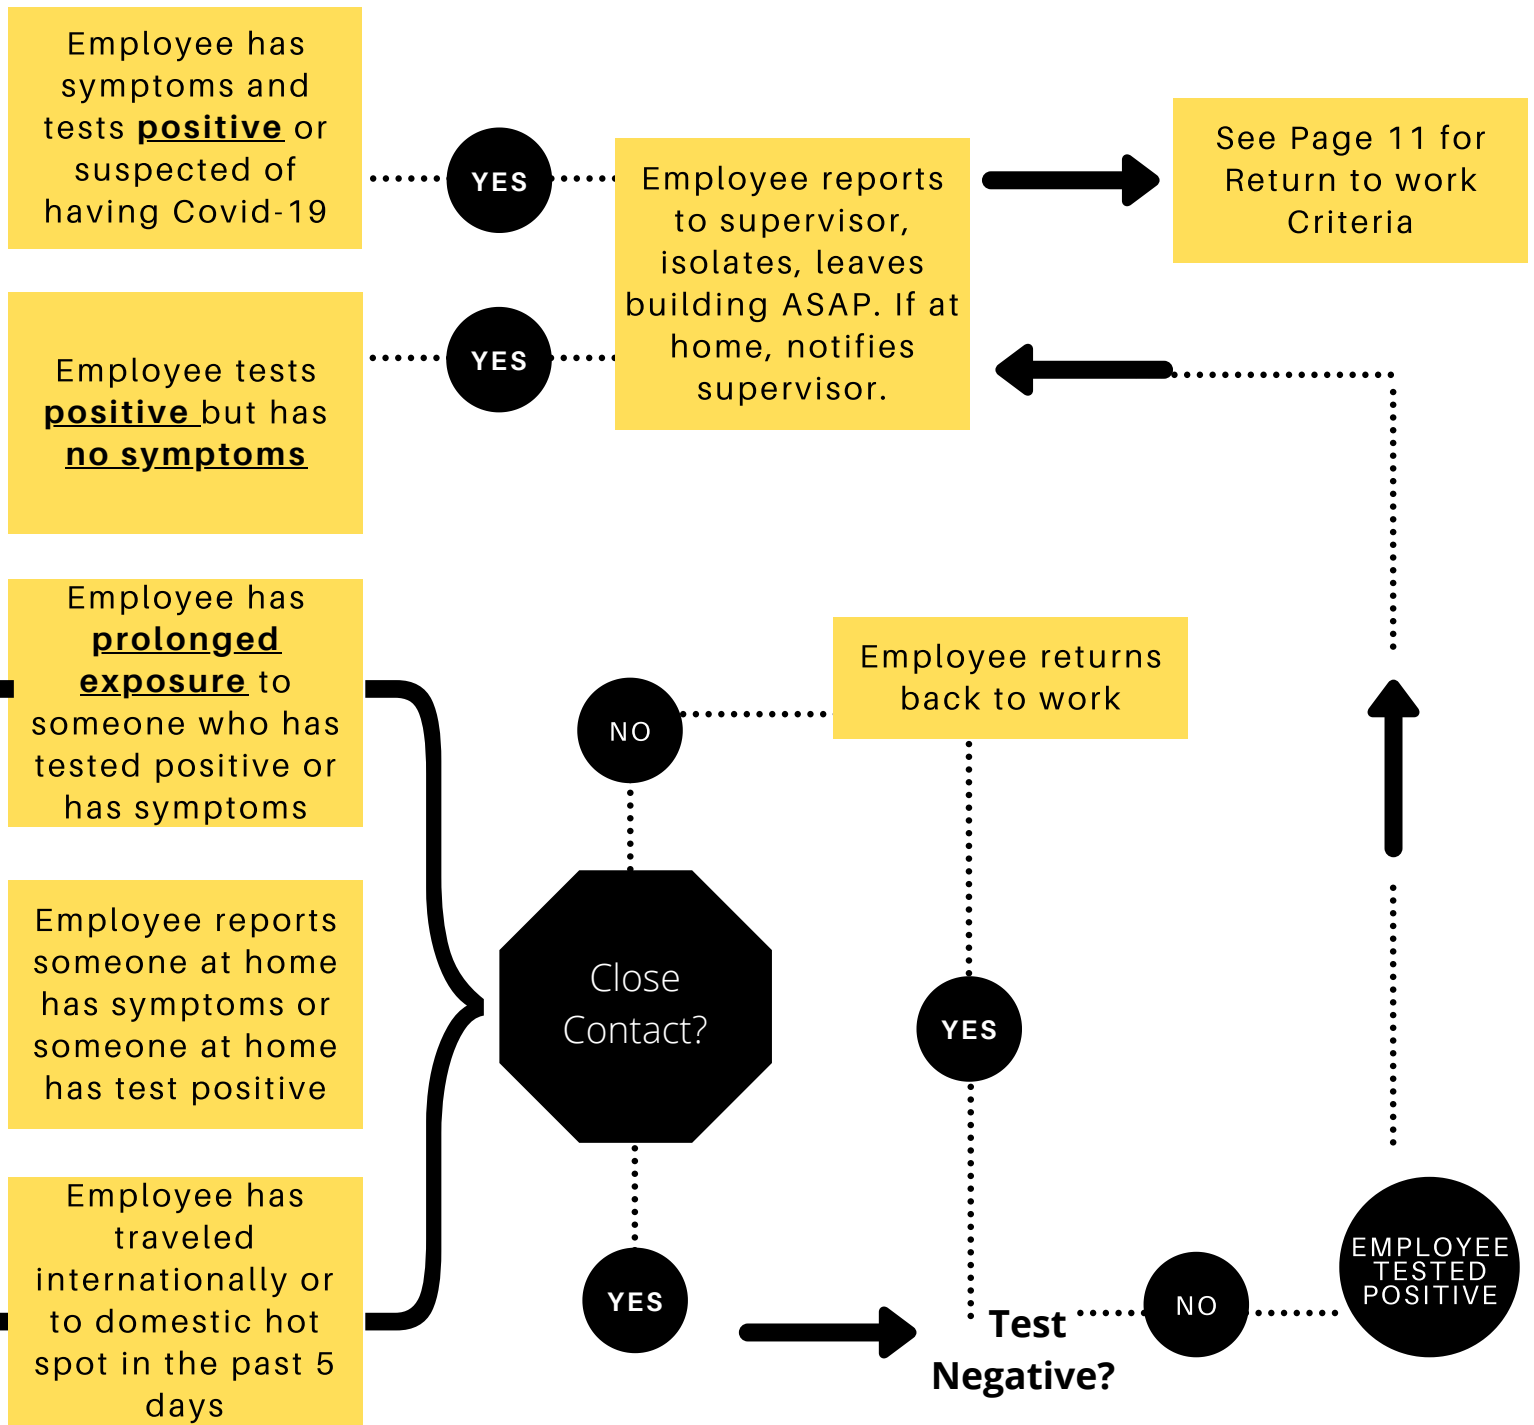

Teachers will respond to students/parents within 24 hours Monday through Thursday. Friday emails will be answered by Monday morning.

Parents will receive a guide to help their students navigate through the learning management systems and processes.

Students with special needs can receive modifications as determined by the IEP team.

## MoCAP and Virtual Education

The Missouri Course Access and Virtual School Program (MOCAP) has developed a catalog of virtual online courses for students. Students will be able to take an entire course from any Internet-connected computer, available 24 hours a day, seven days a week. LAUNCH is Sedalia School District 200's preferred provider. Additional information may be found at <https://mocap.mo.gov/>. If Sedalia Schools maintain a seated in-person environment and you need a virtual option, we will refer you to MoCAP at this time. Please see page 13 for more information regarding our preferred virtual provider.

# MoCAP VIRTUAL EDUCATION INFORMATION

The District's preferred virtual provider is LAUNCH, which has been providing virtual education to students since 2012 with the past three years being in partnership with over half of Missouri schools. Our experience with this provider has been excellent with the District being provided the ability to assist in the monitoring of your student's progress in their courses. Other virtual providers do not provide the District with this capability. Past experience with other providers has not met the District's expectations, therefore we are hesitant to recommend these programs for our students.

## To begin the process for virtual education:

- Complete Online Registration thru the Parent Portal
  - This enrolls your student in the District with current address, phone, etc.
- Complete the District's form "Virtual Education Request to Enroll"
  - This form is found on the District's website under MOCAP heading
- Make an appointment with your student's principal or counselor
  - Either call the school or send an email – email addresses are on the website
  - Principal or counselor will assist in selection of courses for your student
  - Student's with an IEP will meet with the IEP team
- If you are unable to complete the On-Line Registration and Virtual Education Request to Enroll, you may do so with assistance from the principal or counselor

## Informational Items

- Virtual education enrollment is for the entire semester
  - Withdrawing before the semester is complete and returning to on-site education is not an option
- Enrollment deadlines for each semester is as follows:
  - Semester 1: apply by August 15th
  - Semester 2: apply by December 1st
- District report cards will only reflect semester grades
  - District and parents/guardians have the ability to monitor their student's progress up to and including the final semester grade thru the Launch program
  - District retains the final semester grade in the Tyler SIS program as a permanent record

## **Mission of Professional Development**

Today's educators are held accountable for preparing all students to successfully meet more rigorous standards and performance outcomes and to insure that students are college and career ready by graduation. Professional learning is the Global Positioning System (GPS) that will enable schools and school systems to reach that final destination – high levels of learning for all students.

Professional learning for educators is the crucial element in the equation for success. If the destination is to reach higher levels of learning for all students, then professional learning for the adults in the school system must be part of the school culture. Learning for educators leads to learning for all students. The two are irrevocably connected. To arrive at this destination, professional learning must be based on research-based practices and implementation must be consistently supported. The mission of professional development is to position educators for success by strengthening each educator's professional practice to ensure high levels of performance for all students.

Stephanie Hirsh, executive director of Learning Forward [formerly the National Staff Development Council (NSDC)] states: "Effective professional learning is embedded in a culture committed to continuous improvement and informed by data and research on student and educator performance."

The leverage point with the greatest potential to strengthen and improve educators' daily professional performance is a culture focused on continuous, effective professional learning based on the performance needs of educators. Decisions at the district and building level regarding professional learning should be based on district and building performance data on both students and educators. Successful classroom implementation will depend on a sustained culture of shared responsibility for the learning of all students coupled with continuous support.

To align local professional development efforts with state guidelines, consider the following critical questions:

- Does the professional development plan directly relate to the district Comprehensive School Improvement Plan (CSIP) and the 5th Cycle Missouri School Improvement Program (MSIP) professional development standards?
- Is each professional development activity consistent with the vision and the goals of the district's professional development program?
- Does each professional development offering enhance the participants' repertoire of skills and content knowledge?
- Does each professional development activity involve active learning processes?
- Does each professional development offering lead to improvement of teaching practice?
- Does each professional development offering help students become better and more efficient learners?

# Professional Development Management

Sedalia School District #200 uses the web-based program *Frontline* to keep records, registration, and enrollment processes in a central location. In *Frontline* you must select the Purpose (salary movement) for requested activities.

The choices you will see are:

1. Certification Credit (Contract hours)
2. Stipend (Non-contract hours only)
3. Salary Movement (Non-contract hours ONLY - NO Stipend)

## **Examples of when NOT to use Purpose #3: Salary movement credit (non-contract hours)**

College credit earned hours

Faculty meetings that are for informational purposes Curriculum Meetings for dissemination of materials

Parent/teacher conferences

IEP meetings

Summer school meetings

End of year celebrations

Family fun nights

Meetings that are connected with extra duty you are already being paid for

Committee meetings (example: SPW or SCEA) Early outs are contract time

Beginning Teacher Assistance Program Conference

## **Expenditures for which “One Percent” PD Funds May Not Be Used (Per DESE):**

1. Individual membership dues to associations or organizations.
2. Travel, food, lodging and registration fees to conferences and workshops of general interest which do not support Individual Professional Growth Plans, building/and or district professional development plan and Comprehensive School Improvement Plan.
3. Travel, food, lodging and registration fees to conferences, workshops, clinics, etc. that pertain to extracurricular activities and sponsorships. (sports, glee club, cheerleading, etc.) This does not exclude health education.
4. Instructional equipment or materials or administrative equipment or materials.
5. Salaries. Professional development funds may not be used to pay any part of any salary. Also professional development funds may not be used to pay for any student-related activities such as extracurricular activities, sponsorships, summer school or evening school activities.
6. Travel as a form of professional development. (As traveling to Spain to become more informed about the country in order to teach Spanish.)
7. Any expenditure of funds for any state or federal program for which monies are already available for professional development. (Example: professional development funds cannot be used to pay the expenses for a Title I activity; however, professional development funds could be used to pay the expenses of a Title I teacher to attend a technology conference planned for the benefit of all teachers.)

It is the employee's responsibility to obtain approval for the leave by completing the Frontline PD request form before the time of leave and submitting it for approval. You will receive notification of approval/denial prior to the activity.

If the request is part of the building plan, then the building administrator will give approval. It is the building's responsibility to request a substitute if one is needed. Once the building administrator has approved the request, it is forwarded to Central Office where it will be approved/denied/or requests for more information may be made.

Upon return, the employee must go to Frontline and click on "Mark Complete" to finalize the activity that was attended in order to gain final approval for hours to be awarded and show up in the Portfolio.

The "Travel Reimbursement Form" must be filled out in order to receive reimbursement for meals, travel, etc. and itemized hard copy receipts attached and submitted to principals for their signature and for expense coding. This form will then be sent to Central Office for payment.

Please do not put alcohol on your meal receipt. Should you choose to have a drink please pay cash or put it on a separate receipt. Receipts with alcohol on them will not be reimbursed. Charge Card/Cash receipts that are not itemized will not be reimbursed.

Reimbursement for meals: You will be reimbursed up to \$40.00 per day. Tips are included in the \$40.00 allowance.

For travel use, the mileage is found on the mileage chart on the Sedalia #200 website. If the city you are traveling to is not on the chart, use the mileage from your vehicle for travel straight to and from the event site.

From Accounts Payable: Any expenses not turned in within 42 days after the expenses were incurred will be handled through payroll and appropriate taxes will be deducted.

If the form is completed with all necessary information and receipts are attached, the principal will code and sign it and send to Central Office.

If the form is received at Central Office prior to the 5th of the month, then the reimbursement checks will be available after the board meeting, which is the fourth Monday of the month.

Forms that need to be returned for any reason will cause a delay in processing and reimbursement may not be made until the following month.

**Upon return from out-of-district professional development:** Staff member will submit the completion form in Frontline as well as debriefing form indicated how the professional development will improve instruction and how he/she plans to share the information internally with additional staff members.

## Strategic Planning

Strategic planning is an ongoing process which involves areas such as Curriculum, Assessment, Performance Improvement, Facilities, Budgeting, Technology Planning, and Community Partnerships. These endeavors have included community members, staff, students, parents, and outside consultants working with our district.

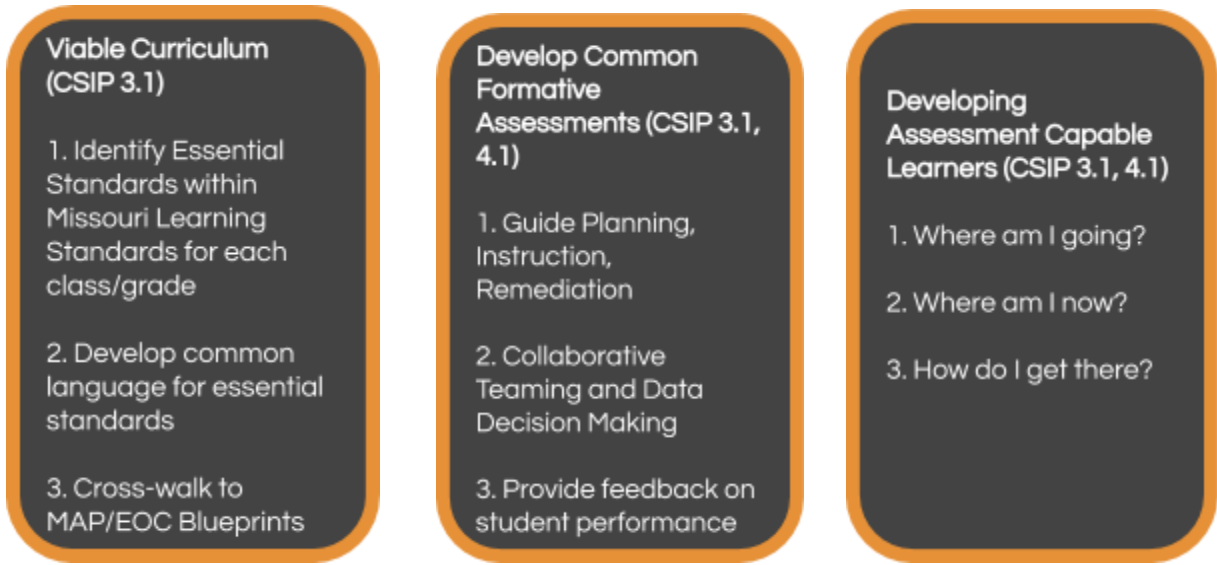

Strategic planning is an effective process to focus resources on those areas believed to be important to the Sedalia community. The fundamental purpose is to provide worthwhile educational opportunities for students. Strategic planning provides the framework within which ideas for improving the school district may be evaluated in a fair and equitable manner and annually reviewed by the Board of Education. Strategic planning also provides the road map toward fulfilling the mission of the Sedalia School District #200.

## Beliefs

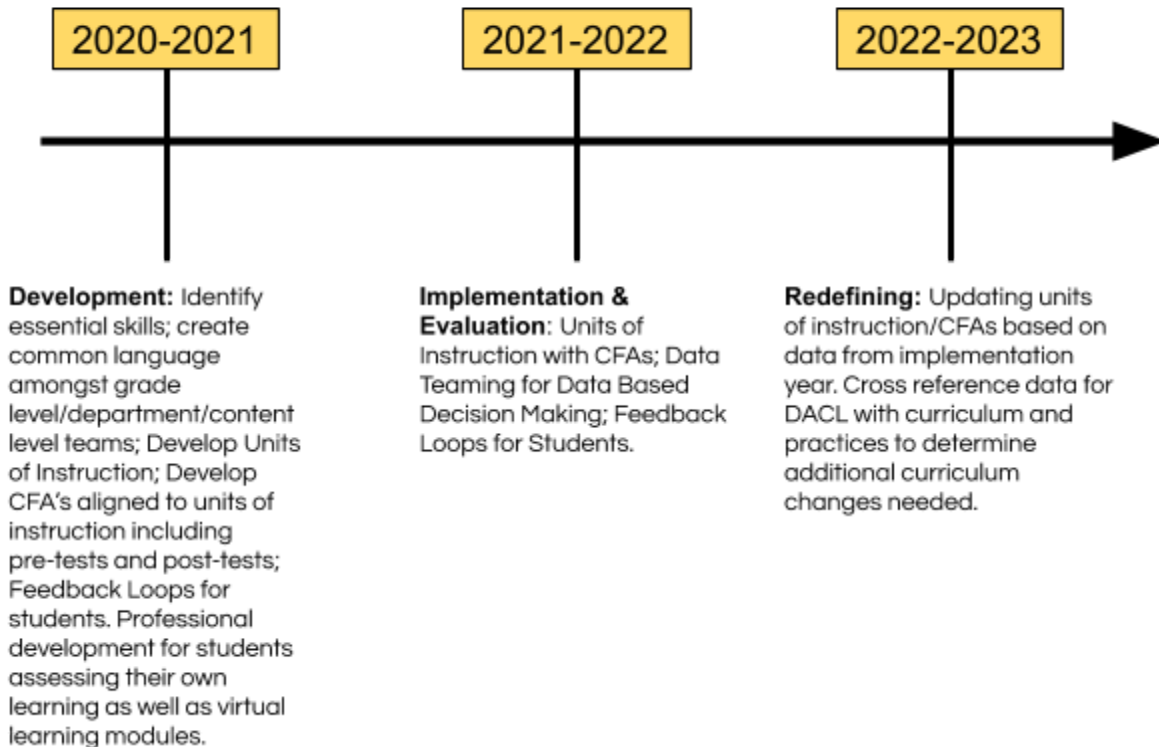

The Belief Statement is a succinct, formal expression of the school district's fundamental values and what it aspires to be, the Belief Statement is the ultimate "why" behind every action. Belief statements are not arranged in order of importance.

**We believe** public education is the best assurance for the preservation and enrichment of our society. Curriculum and instruction must be rich and differentiated so that "achievable" goals will be offered to every child. Every child has the right to conscientious, professional educators who actively participate in guided professional development. All district personnel should act as positive role models and representatives of strength, stability, and the significance of learning in the community. The district is concerned with the intellectual growth, social development, physical well-being, and emotional stability of all its students. The district shares the responsibility with the home and community in developing positive character and ethical behavior for all learners. Members of an effective school community work together in an atmosphere of mutual respect, which promotes a safe environment for learning.

Standards for Professional Learning outline the characteristics of professional learning that leads to effective teaching practices, supportive leadership, and improved student results. Learning Forward is the only association focused solely on the most critical lever in improving schools - building the knowledge and skills of educators. Through the Standards for Professional Learning, Learning Forward leads the field in understanding what links professional learning to improved student achievement. Learning Forward members experience practical learning opportunities, receive timely publications, and connect to like-minded educators from around the world.

### PROFESSIONAL DEVELOPMENT MATERIALS

Professional development materials are available for each element of the framework. As of May 2017, the DESE is developing a virtual learning platform as a resource for guiding educators through the elements of the framework.

The Virtual Learning Platform is an online portal that will provide Department endorsed, evidence-based training. This training will be available to teachers and school administrators through the Department's Web Application Portal and include space for user collaboration, pre/post assessment, handouts, worksheets, bookmarking of courses in progress, and other materials required for training. Users authorized through DESE's Web Application single sign-on system will have access to collaborative learning cohorts and will have the ability to bookmark their place in learning packages in process. The system can be accessed at any time and may be used as a reference for users once the course(s) are complete.

## Appendix C - Missouri Professional Guidelines for Student Success

Pedagogy to support the Missouri Learning Standards will not look like transmission teaching—we transmit and they receive—but will look like students engaged and grappling with complexity. Assignments should include evidence of students' thinking at progressively deeper levels. Teachers will need to think about a constructivist approach to teaching and learning.

- Know where you are going, why you are going there, and how will you know when you get there – clear goals for learning and a plan for assessment
- A primary emphasis on a hands-on, problem-centered approach in which the learners are actively involved
- Class discussions designed to make a connection between activities and the underlying conceptual knowledge (cues, questions, and advanced organizers will be applicable)
- Projects built around thematic units or the intersection of topics from two or more disciplines
- Concept mapping and non-linguistic/graphical representation will help students show depth of knowledge reached
- Experiments and research projects in which findings are presented and debated with the class as a whole
- Field trips that allow students to put the concepts and ideas discussed in class in a real-world context
- Questions and approaches that require inquiry, problem solving, and the synthesizing of ideas
- Provide learning opportunities that ensure that all students actively participate – utilize cooperative learning, reciprocal teaching, etc.
- Adapt materials to accommodate students with special needs
- Model exemplars and provide real-life and work applications of what students should know and be able to do
- Formative assessment for learning and feedback
- Early interventions for struggling learners

## Appendix D - Survey Data

The process for professional development surveys changed with the Missouri Model District framework starting in 2017, evaluating quality teaching practices. Surveys from this point forward will be taken each fall and spring to monitor effectiveness and progress of professional development within the Missouri Model District framework.

## TESTING PHILOSOPHY

We believe that all tests administered in this school district should always be given to benefit the student, by providing information that can be used by teachers, counselors, administrators, and parents to improve the student's academic performance and college and /or career readiness.

Classroom teachers shall be responsible for ensuring that students understand the importance of doing their best on each test they take. They should also ensure that their students receive age appropriate information on test taking skills at every grade level. They shall also be responsible for making sure that the testing environment is comfortable and quiet. Workshops and meetings will be held for teachers so that they will understand the testing procedures. The School Testing Coordinators (Counselors) and the Assessment Coordinator at SCHS shall present training on MAP and EOC testing. Teachers shall also be encouraged to attend testing workshops at their department conferences.

The school counselors and assessment coordinator shall see that teachers receive adequate testing materials at least two days prior to test dates. The counselors and assessment coordinator are also responsible for collecting tests (if a test was printed for an IEP, IAP/504, large print, or braille was required) after they have been completed and checking barcodes to ensure the correct return to the DTC. STC shall fill out the test accountability form online as well. STCs shall also make sure that any student test tickets or scratch paper has been shredded and properly disposed of.

In formal standardized testing situations, the student and his/her parents shall be informed of the results of the tests. This will be done in a variety of ways depending on the nature of the test. In addition, in order to improve the instructional nature of the test, group results will be communicated to teachers, administrators, board members and the media, when appropriate. Individual results will be kept on a confidential basis and released only as needs dictate. Group results will be tabulated and each teacher should receive a copy, particularly of the results in his/her area.

This district provides some assessments whose purpose is not to provide a single test score, but instead to provide information about the individual student's instructional level. These assessments include, but are not limited to, Star, Aimsweb Universal Screening, and Common Assessments. These results are used to provide information to the teacher regarding where to start the student's instruction. These also provide documentation for determining a student's progress, or growth during a specific time period. These may be discussed during parent teacher conferences and/or reflected on the grade card. Parents/Guardians are welcome to schedule appointments with teachers to discuss these assessments more specifically should they wish to do so.

The district's testing coordinator shall report the results of the MAP and EOC tests to the school board in the fall. At this time, the local newspaper receives a copy of the report and summarizes this information for the public. Information will be made available to building principals and they are expected to share this information with their teachers.

Students in the district with disabilities shall be served by instructions or provisions in their IEP or 504 plans. The Special Education department shall ensure that all students with disabilities are administered the tests as specified in their IEP. Those students eligible for the MAP-A shall be supervised in this activity by a special education teacher, according to the state regulations and instructions.

## TESTING SECURITY

### Receipt and storage of test materials

1. If a large print or braille test must be ordered for students the DTC for the testing program will account and record the number of booklets received for each grade level.
2. The testing coordinator will assume responsibility for contacting DRC/Questar or the Department of Elementary and Secondary Education if the number of testing materials are inaccurate.
3. All standardized test booklets (large print or braille) purchased by the district will be stored in a locked storage facility. The district testing coordinator shall make sure that all test materials are delivered to the appropriate school buildings at least two days prior to testing dates.
4. The principal and counselor of each building will then assume the responsibility of ensuring that all testing materials are secured in a locked area prior to testing and immediately after each test session.
5. All other test booklets (printed for a paper based test) and manuals used by the counselors and/or special education department shall be secured by those individuals in their respective offices.
6. Testing with technology is now utilized for MAP and for End of Course Testing. As this takes place the test booklets are ordered only in special cases as warranted by IEP/IAP/504. The District Test Coordinator will meet with the District Technology Coordinator to ensure computer security. Exception will be large print or braille testing booklets.

### Returning testing materials for scoring

1. The testing coordinator will recount all standardized test booklets and answer sheets to make sure that all materials are accounted for.
2. All testing materials will be packed according to DRC/Questar specifications.
3. As testing has become computerized test booklets will no longer be utilized, with the exception of large print or braille materials. The technology that may be utilized includes, Desktop computers, laptop computers, Chromebook, iPad, and android devices.

### Unfair practices

In order to ensure that all test items remain secure, the following practices shall be prohibited.

1. Copying any part of a standardized test booklet for any reason.
2. Removal of a test booklet from the secure storage area except during test administration.
3. Failure to return all test booklets following test administration.
4. Directly teaching any test item included on a standardized test.

5. Altering a student's response to items on an answer sheet or test booklet or when transcribing into the technology for DRC or Questar.
6. Indicating to students during testing that they have answered items incorrectly, giving students clues or answers to questions, allowing students to give each other answers to questions, copying each other's work, or altering test administration procedures in any other way to give students an unfair advantage.
7. Undue pressure or encouragement on the part of administrators for teachers to engage in any of the aforementioned inappropriate or unfair practices.
8. Cell phone and smartwatch usage is only permitted outside of testing areas for staff and students.
9. All test security policies identified in the state assessment manuals must be followed.

If a district staff person is suspected of engaging in any of the aforementioned unfair practices, an immediate investigation will occur. If allegations are proven, the Department of Elementary and Secondary Education will be notified.

## Equity Bank Business Card Agreement

This Equity Bank Business Card Agreement ("Agreement") is for credit card accounts (collectively, the "Account" or "Accounts") with Equity Bank, which accounts have been assigned and have been opened for the business entity applicant for the Account ("Applicant") and for which Business Card(s) have been given to persons designated by Applicant with the expressed or implied permission of the Applicant ("Employee Cardholders"). Applicant warrants that the officer note below has full authority to act on Applicant's behalf, ("Authorized Officer"). "You" and "your" mean any Applicant for the Account, Authorized Officer and/or Employee Cardholders. "We", "us", and "our" mean Equity Bank, our successors and assigns.

### PURPOSE

The intended purpose of this Account is for business related expenses incurred by employees and/or representatives of the Applicant.

**CREDIT LIMIT:** We may assign the following limit(s) to your Account and any sub-accounts:

- i) **Account Credit Limit:** This is the maximum amount of credit we will extend to your Account. The sum of the Cardholder Account Credit Limits may not exceed this Account Credit Limit.
- ii) **Cardholder Account Credit Limit:** This is the maximum amount of credit available on each Cardholder Account.
- iii) **Balance Transfer Credit Limit:** If requested by you, and approved by us, a portion of the Account Credit Limit and applicable Cardholder Account Credit Limit that is available for balance transfers.
- iv) **Cash Advance Credit Limit:** If requested by you, and approved by us, a portion of the Account Credit Limit and applicable Cardholder Account Credit Limit that is available for cash advances.

The Cardholder Account Credit Limits are provided with each Card and on each of the statements. You promise to use the Account and Cardholder Accounts only to the applicable limits(s). If you exceed any of the limit(s), we may authorize the transaction without increasing your limit(s). If you exceed your limit(s), you will remain liable for all amounts payable under this Agreement. We can adjust the limits on the Account at any time.

### ACCOUNT DESCRIPTION

Subject to the terms of this Agreement, the Account may be used to make purchases, conduct balance transfers and obtain cash advances, (if elected by Applicant), which at any time do not exceed the Account Credit Limit. Should purchases, balance transfers and cash advances ever exceed the Account Credit Limit, we reserve the right to terminate this agreement and demand the return of the card(s) and immediate payment of all amounts due on the line of credit of all of the Accounts. We can increase or decrease the Account Credit Limit at any time without notice.

How we will calculate your Balance: We use a method called "average daily balance (including new purchases)." See section titled "Interest Charges" of this agreement for more details.				
Billing Rights: Information to dispute transactions and how to exercise those rights are provided further down in this agreement.				

Account terms are not guaranteed for any period of time. The information about card costs described herein is accurate as of March 2020. This information may change after this date. To receive the most current information, call us at 1-888-733-5041.

## INTEREST CHARGES

The interest charge calculation method applicable to your Account for purchases, balance transfers and cash advances is explained below:

- a) **Purchases and Balance Transfers:** Average Daily Balance (including new purchases). To avoid incurring an additional interest charge on the balance of purchases and balance transfers reflected on your monthly statement and on any new purchases appearing on your next monthly statement, you must pay the new balance shown on your monthly statement on or before the payment due date. The grace period for the new balance of purchases extends to the payment due date.

The interest charges on purchase and balance transfers for a billing cycle are computed by applying the monthly periodic rate to the "average daily balance" of purchases and balance transfers. To get the "average daily balance" of purchases and balance transfers, we take the beginning balance of your Account each day, add any new purchases, balance transfers, and cash advances, and subtract any payments, credits, non-accruing fees, and unpaid interest charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

- b) **Cash Advances:** Average Daily Balance (including current transactions). To avoid incurring an additional interest charge on the beginning balance of cash advances reflected on your monthly statement, you must pay the beginning balance shown on your monthly statement on or before the payment due date. No grace period is provided for current cycle transactions.

The interest charges on cash advances for a billing cycle are computed by applying the monthly periodic rate to the "average daily balance" of cash advances. To get the "average daily balance" of cash advances, we take the beginning balance of your Account each day, add any new purchase, balance transfers, and cash advances, and subtract any payments, credits, non-accruing fees, and unpaid interest charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

### **PROMISE TO PAY**

You promise to pay for all purchases and cash advances made through use of the Account as provided herein. In addition, you promise to pay all other amounts owing due to use of the Account by any Employee Cardholder; you may only end such person's authority by notifying us in writing.

### **GUARANTY**

The Authorizing Officer agrees to guaranty all obligations of Applicant under this Agreement in accord with the terms of the "Personal Guaranty" Agreement attached as Exhibit A.

### **FINANCIAL STATEMENTS**

From time to time, we may request and Applicant shall produce financial records relating to the financial condition of Applicant. Applicant shall produce such records not later than thirty (30) days following such request.

### **LINE OF CREDIT**

We will establish a maximum line of credit amount for purchases, including balance transfers, and cash advances for the Applicant when the Account is opened. The maximum line of credit amount will be listed on the monthly statement.

- a) All amounts charged to the Card(s) together with any fees and charges owed to Equity by Applicant in connection with the Cards, may not exceed, in the aggregate, the line of credit amount unless Equity Bank in its sole discretion authorizes such charges. So long as the line of credit facility has not been terminated and/or demand has not been made by us, advances under this line of credit may continue to be made, repaid and re-borrowed as provided for herein.
- b) Equity may, at any time in its sole discretion, increase the amount of Applicant's line of credit temporarily or for an extended period without prior notice.
- c) Equity may, at any time in its sole discretion, decrease the amount of Applicant's line of credit.
- d) Applicant and Authorizing Officer agree that if any amounts are outstanding on the Cards or Account which exceed the adjusted line of credit amount, Applicant or Authorizing Officer will immediately pay us such excess amounts.
- e) Collateral securing other obligations with us, if any, will also secure this line of credit.
- f) Should purchases, balance transfers and cash advances ever exceed the Account Credit Limit, we reserve the right to terminate this agreement and demand the return of the Cards and immediate payment of all amounts due on the line of credit and all of the Accounts.

### **TERMINATION**

Notwithstanding the foregoing, we shall have the right to terminate this Agreement immediately and without notice, upon the occurrence of any one or more of the following events: (i) Dissolution or liquidation of Applicant; or (ii) Insolvency of Applicant; or the institution by or against Applicant of any

bankruptcy or insolvency proceeding; or the appointment of a receiver or trustee for Applicant; or Applicant enters into an arrangement with, or for the benefit of, its creditors; or (iii) Any material adverse change in the financial condition of Applicant; or (iv) Any default hereunder, or breach of the obligations undertaken herein or in any other agreement by and between the Parties hereto; or (v) Upon the occurrence of any event in any agreement which would allow us to declare any indebtedness owing by Applicant due and payable in full; or (vi) A change in the ownership of Applicant, or a sale of all or substantially all of Applicant's assets.

#### **CREDIT REVOCATION, CANCELLATION AND DECLINE AUTHORIZATION**

Equity Bank may cancel your Account, refuse to allow further transactions against your Account or revoke your Card(s) at any time (whether or not you are in default of any part of this Agreement). Cancellation of your Account will not affect your liability to us for credit we have extended to you, including amounts not yet billed to your Account. We may cancel your Account without prior notice. You must surrender the Card(s), either upon a direct request by us, or any other bank or merchant who is acting upon our instructions.

We may also decline, at any time in our sole discretion, an authorization request for any transaction, for any reason.

You agree that we will have no liability and are not responsible for any losses or damages (including consequential damages) associated with revoking credit, cancelling or otherwise terminating your Account, freezing your credit, or refusing to allow transactions on your Account(s).

The invalidity or unenforceability of any one or more portions, sentences, clauses or paragraphs in this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement or any part thereof.

#### **SEVERABILITY**

If any term, clause, or provision of this Agreement comes into conflict with applicable law or shall be determined by a court of competent jurisdiction to be void, invalid, or unenforceable as written, such conflict or invalidity shall not affect the validity or operation of any other term, clause, or provision and such conflicting or invalid term, clause, or provision shall be deemed to be severed from the Agreement and superseded by a consistent, valid, enforceable term, clause, or provision that most closely matches the intent of the original term, clause, or provision and the remainder of the Agreement shall continue in effect.

#### **FORCE MAJURE**

We shall not be in default of this Agreement to the extent that performance of our obligations are delayed or prevented by reason of any act of God, war, terrorism, fire, explosion, flood, act of government or any act or omission of a third party, including, but not limited to, telecommunications carriers and utilities or any other matter beyond our reasonable control.

#### **CHANGE OF TERMS**

We may change the terms of this Agreement at any time after notice, including increasing the periodic rate on outstanding balances at any time. To the extent allowed by law, the new terms will affect all outstanding balances. Changes may be communicated by mailed notice, on the statement or paper insert with your statement.

#### **NO IMPLIED WAIVERS**

The rights of Equity Bank under any provision of this Agreement shall not be affected by our prior failure to require the performance by Applicant under such provision or any other provision of this Agreement, nor shall the waiver by Equity Bank of a breach of any provision hereof constitute a waiver of any succeeding breach of the same or any other provision or constitute a waiver of the provision itself.

However, certain provisions in Regulation Z (§1026.12 (a) and (b)), specifically related to issuance of credit cards and limits on liability for unauthorized transactions, may apply to a business credit card, if nine (9) or fewer cards are issued in connection with the business account. You accept the additional risks associated with the use of business purpose cards and agree to assume a higher level of liability as described herein.

#### **SPECIAL RULE FOR CREDIT CARD PURCHASES**

If you have a problem with the quality of property or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the property or services. There are two limitations on this right:

- a) You must have made the purchase in your home state or, if not within your home state, within 100 miles of your current mailing address; and
- b) The purchase price must have been more than \$50.

These limitations do not apply if we own or operate the merchant, or if we mailed you the advertisement for the property or services.

#### **LIABILITY FOR UNAUTHORIZED USE**

Except as noted below, you will not be liable for Unauthorized transaction by another person that occurs after you notify the Equity Bank Card Center. Unauthorized means the use of a Business Card, by a person, other than the Applicant, Authorizing Officer, or Employee Cardholder, who does not have actual, implied or apparent authority for such use, and from which the Applicant receives no benefit. In addition, Applicant may not be liable for an Employee Cardholder transaction if the Business Card charges are waived as set forth in MasterCard Zero Liability documentation, as amended from time to time. Employee Cardholders using their Business Card for purposes not approved by the Company, including personal purposes, are not considered Unauthorized transactions. Company should ensure Employee Cardholders are aware of the proper use of their Business Card. Notification of loss, theft or possible unauthorized use should be communicated to Equity Bank at 1-800-892-7104 immediately. As a MasterCard cardholder, Zero Liability applies to your purchases made in the store, over the telephone, online, or via a mobile device, and to ATM transactions. As a

cardholder, you will not be held responsible for unauthorized transactions if:

- You have used reasonable care in protecting your card from loss or theft; and
- You promptly reported loss or theft to your financial institution.

If you believe there has been unauthorized use of your Account and you meet the conditions above, you may be protected by MasterCard's Zero Liability protection. For additional protections with respect to unauthorized transactions, please contact us. If applicable law imposes a greater liability or a conflicting obligation, such as applicable law shall govern.

#### **YOUR RIGHTS AND OUR RESPONSIBILITIES AFTER WE RECEIVE YOUR WRITTEN NOTICE**

We must acknowledge your letter within 30 days, unless we have corrected the error by then. Within 90 days, we must either correct the error or explain why we believe the bill was correct. After we receive your letter, we cannot try to collect any amount you question, or report you as delinquent. We can continue to bill you for the amount you question, including FINANCE CHARGES, and we can apply any unpaid amount against your credit limit. You do not have to pay any questioned amount while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. If we find that we made a mistake on your bill, you will not have to pay any FINANCE CHARGES related to any questioned amount. If we didn't make a mistake, you may have to pay FINANCE CHARGES, and you will have to make up any missed payments on the questioned amount. In either case, we will send you a statement of the amount you owe and the date that it is due. If you fail to pay the amount that we think you owe, we may report you as delinquent. However, if our explanation does not satisfy you and you write to us within ten days telling us that you still refuse to pay, we must tell anyone we report you to that you have a question about your bill and we must tell you the name of anyone we reported you to. We must also tell anyone we report you to that the matter has been settled between us when it finally is. If we don't follow these rules, we can't collect the first \$50 of the questioned amount, even if your bill was correct.

TOTAL OF STUDENTS IN PROGRAM: from our December 1, Count

Early Childhood: 115

Total Count: 779

PROGRAM GOALS:

1. Narrow the achievement gap between special education and regular education students.
2. The graduation rate of students with disabilities will increase.
3. Strengthen the transition process for all special education students.
4. Provide focused professional development for all staff.
5. Increase parent/student participation.

EFFORTS IN MEETING PROGRAM GOALS:

1. **(Goal 1)** Narrow the achievement gap between special education and regular education students.

The Sedalia School District #200 has high expectations for all students. Our daily focus is to provide educational opportunities for students with special needs in a regular education setting to the highest extent possible. Our special education program has been involved in the Collaborative Work grant (CW) and the Missouri Model District Program (MMD). An area of emphasis for our involvement was goal setting for our students.

Highlights related to Goal 1:

- Students in special education are included in our Assessment Capable Learner (ACL) implementation. All students are expected to set learning and achievement goals. The ACL process also asks teaching staff to set goals based on each individual for growth targets. While setting goals we need to be aware of the three questions in ACL. Where are we going? How are we going to get there? Where are we going next?
- Our regular education team and curriculum coaches support special education staff by including them in the planning process for implementing curriculum. The

collaboration time allows special education staff to learn about priority standards with the goal of linking them to students' special education goals when possible. Students with special needs are exposed to grade level and their individual level in assessment situations.

- Our overall Special Education student eligibility qualification rate is 13.00% compared to the state at 13.52%
- Our Special Education District Profile indicates the following regarding state targets and District status for Assessment:
  - Participation rate for children with IEPs on statewide assessment for English Language Arts- District =99.7% compared to the state=95%
  - Participation rate for children with IEPs on statewide assessment for Mathematics- District =99.7% compared to the state=95%
  - The expectation will continue for students with special needs to score at a higher proficiency rate on state testing.

2. **(Goal 2)** The Cohort graduation rate of students with disabilities will increase.

- In our 4-year cohort group we graduated 88.2% percent of our students with special needs as compared to 74.5% at the state level. Our percentage will continue to increase throughout the cohort years.

3. **(Goal 3)** Strengthen the transition process for all special education students.

- Transition for special education students at each level continues to be a focus. Data from our special education profile indicates the following in regards to state targets:
- Percent of youth who had IEPs enrolled in higher education- District= 32.6% compared to the state=24.4%
- Enrolled in higher education or competitively employed- District= 76.1% compared to the state=46.9%
- Total employed/continuing education- District=78.3% compared to the state=51.3%
- Transition from each building level to the next is very important. Our coordinator and leadership teams are involved to ensure a smooth transfer. Meetings are scheduled to focus on each transition. In the year ahead we will continue to provide opportunities for special education students to attend summer transition programs for those requiring support.

4. **(Goal 4)** Provide focused professional development for all staff.

- Our district includes special education teaching staff in all locally provided PD opportunities. Additionally, special education staff may be included in specialized training opportunities to meet the needs their position may require. In the 2020-21 year we will continue with Safe Crisis Management training (SCM). SCM training focuses on supporting students with high needs in the area of behavior support.
- Our para team was provided with specialized training at the annual para conference. Additionally, job specific training was provided throughout the school year to help our team meet the needs of their assignment.

5. **(Goal 5)** Parent/student participation

- Our special education teams focus on having a positive working relationship with our student families. It is imperative to have parent/student participation in the Individualized Education Plan (IEP). Our team holds at a minimum a yearly IEP meeting with the parent and many times the student is invited depending on the age level. Parent conferences and

various other school events allow for more opportunities to meet and gain connections with our families.

- The annual Student Services Resource Fair hosted by Special Education and Federal Programs is a great event where parents have provided positive feedback to our teams. Events like these outside of the IEP process help our teams continue to gain trust by our families.

#### AREAS OF IMPROVEMENT:

1. Continue to narrow the separation between special and regular education student performance.
2. Continue to maintain/increase graduation rate for each cohort year.
3. Continue to strengthen the transition process for all special education students.
4. Continue to provide focused professional development for all staff.
5. Continue to build positive relationships with our special education families and work to keep them involved in their child's education.

#### ADDITIONAL INFORMATION:

- In the 2018-19 school year the Department of Elementary and Secondary Education (DESE) contacted local districts to inform them of the Every Student Succeeds Act (ESSA) requirement for each district to improve in the area of special education performance on state testing. School districts were informed of two categories that were titled Comprehensive and Targeted. Comprehensive were schools who scored in the lowest 5% in the tested areas in the state. Targeted schools were those that needed to continue to push for more from students with special needs. We were identified as Targeted. Our goal was to ensure higher performance for students with special needs by focusing on developing assessment capable learners. With the pandemic we did not hear more on the Targeted status last school year. Preliminary assessment information obtained through aimsweb, exit tickets and common unit assessments indicated that students with special needs were making achievement gains.
- For the 6th consecutive year the ECSE program has sent a larger class to Kindergarten as compared to our students in special education who graduate out of 12th grade. The growth has averaged (30) new students with special needs per year over the past six years. The growth at the ECSE level affects our numbers as students age up to the K-12 program. In 2020-21 we will receive in (52) students from ECSE compared to (25) seniors who graduated. We will start the year with (27) more students with special needs compared to the previous year.
- Relating back to our district's growth, we will continue to monitor our student caseload numbers. The growth affects staff-to-student ratio, support provided and our overall budget.
