Byron Area Schools

October 10, 2023

The Board of Education and the Administration is launching a new initiative to guide Byron Area Schools through a 3-5 year Strategic Plan. The purpose of this initiative is to help us develop new goals and strategies for continuing to offer an excellent education for our students, while using scarce public education resources in the most effective and efficient way.

The strategic planning process is designed to produce approximately 5 goals to be accomplished over a 3 to 5 year period. The plan uses data – along with the feedback of staff, students, and community members – to help identify priority goals that will help make the district an even better place for our students.

Your ideas about the strengths of Byron Area Schools – along with your opinions concerning where there is opportunity for improvement, barriers to implementation, and ideas for vision are very important. Therefore, you are encouraged to provide input in a face-to-face listening session or electronically. To participate electronically, scan the QR code below or follow the link.

Sincerely,

Dr. Jan C. Amsterburg,
Byron Area Schools Superintendent
