

Summer EBT (S-EBT) will be available for Summer 2024!

Students eligible for Summer EBT are:

- Children who attend a school offering the National School Lunch or School Breakfast program and qualify based on income
- Students who are receiving other assistance benefits, including SNAP or Colorado Works. You may be eligible through Medicaid if your income is within NSLP guidelines.

Families will receive \$120 in S-EBT per eligible child to help purchase food for the summer months! Families should fill out a benefits form or household income application through their school office or website to establish eligibility for S-EBT.

For more information on S-EBT, please visit cdhs.colorado.gov/summer-ebt. For additional resources, such as no-cost meals (for youth 18 and under) near you, visit KidsFoodFinder.org.

This institution is an equal opportunity provider.
