Lincoln Academy May Board Report

The mission of Lincoln Academy is to help all students attain their highest social and academic potential through an academically rigorous, content-rich educational program in a safe orderly, and caring environment.

Executive Director

LINCOLN ACADEMY MAY BOARD REPORT

Assistant Principal Hiring

In April, the 13 members of the Lincoln Academy Assistant Principal Hiring Committee completed a thorough interview process of several candidates. The team evaluated candidates against Lincoln's mission and vision and the priority of striving for PK-8 alignment and unity.

We are excited to announce that Ryan Younkerman will be the PK-8 Assistant Principal starting with the 2022-2023 school year.

Throughout his interview and his time as our Dean of Students, Ryan has showed himself to be a hard-working, reflective, and innovative educator and leader. Some of the numerous strengths that Ryan has demonstrated include:

- Invested and all-in with the Lincoln Academy staff, students, and families
- Strong work-ethic, willingness to take on all roles
- Background in teaching that includes strong instructional understanding, curriculum, development, and differentiation
- Collaborative
- Responsive to staff needs
- Strong parent communications
- Data driven
- Passionate about doing great things for the Lincoln students
- Demonstration of growth in his current role over time
- Humble

Message from Mr. Younkerman

I am so grateful to be able to continue working at Lincoln Academy next year as the new Pk-8 Assistant Principal. I have grown and learned so much from the staff, students, and community and I am so excited to be able to continue my leadership journey in the place it began. I am fully committed to push Lincoln Academy in a positive direction and continue to improve the things we do here to support our students, our staff, and our community for years to come. In addition to my experience at Lincoln, I served 5 years as a 6th-12th grade science teacher at Vantage Point High School/Crossroads Middle School, 1 year of teaching 8th grade science at STEM Launch K-8. I have a bachelor's degree in Natural Sciences with an emphasis in Secondary Education from Colorado State University, as well as a master's degree in educational leadership and Policy studies from the University of Denver.

Reasons students have been Suspended

- Detrimental Behavior
- Disobedient/Defiant of Repeated Interference
- Destruction of School Property
- Other Violations of Code of Conduct

Steps we will be taking to address misbehavior and create a more orderly, safe environment

- Clearer expectations, follow through, and follow-up by administration and all staff
- Consistent messaging of expectations throughout the school
- De-escalation training for staff
- Middle School students more responsibility as leaders of the school
- Homeroom for all grade levels that will include social/emotional learning, buddy classroom support
- More staff presence in most important areas at the most important of times of day
- MTSS system where more targeted interventions will be implemented to support student struggles
- More opportunities for student engagement through clubs, events, activities, assemblies, etc.

Executive Team Report - May 2022

Stephanie Trowbridge, President

1. Executive Director Check-In

Stephanie and Micah touched base with David at the end of April to plan the agenda and get an update about staffing. We will be meeting less with David for check-ins as we move forward unless he requests them. We will continue to meet to plan the agenda.

As we move to supporting David in a more collaborative way, Stephanie would like to begin the transition to David's lead of the Board. We would continue to work within the Board policy. It has also become apparent we need to tighten up individual initiatives which have gone to David and staff instead of coming through the Board.

2. Agenda Planning

Stephanie is recommending the following schedule the 2022-2023 Board meeting. The Board will meet the third Tuesday of the month except for December and March, which fall on holidays.

August 16

September 20

October 17

November 15

December 12 (Second Monday)

January 17

February 21

March 13 (Second Monday)

April 18

May 16

June 20

Motion: Move to approve the Board meeting as presented for 2022-2023

3. Strategic Planning

The reassessment of the Strategic Plan will happen in June per previous discussion. The consensus is June 2nd 6-9 p.m.. Stephanie is nailing down a meeting location at Storyline Fellowship. Please start gathering any information your committees can provide for this assessment.

4. Board Playbook

Lincoln Academy Board of Directors 2021-2022

Stephanie will be completing the playbook over the summer. She and Doug will offer a Board review for new members or anyone interested in being on the Board in the future in August.

Financial Report

Treasurer

April 2022 Report

Presented on May 9th, 2022

Finance Committee:

Jeff Baucum, Lincoln Academy Board Treasurer

David Schoenhals, Executive Director

Cindie Poulter, Lori Woods

Parent Members: Jeff Leniger, Travis Harrison, Amanda Corrion

The Mission of Lincoln Academy is to help students attain their highest social and academic potential through an academically rigorous, content-rich educational program in a safe, orderly, and caring environment.

2021-22 LA Budget Review

April 2022

- **Student FTE:** The student count for 2021-22 sits at 719.0 at the Oct 1st official count. This represents a drop of 4.8% from budget goals. Prior year budget was estimated at 764 students demonstrating year-over-year decline in student population at LA.
- **Revenues:** Annual Revenue was impacted significantly by declining student FTE count but was offset by the approved increase in PPR funding from the State. Additional funding source estimates and adjustments have been noted in the Working Budget with minimal impact on the annual revenue (PPR increase of \$74 per student]. The one-time payment for the purchase of land is captured in Proceeds-Surplus Property account for \$625,000. Note: ESSER 3 funds have not been included in either the budget or financials through Jan.
- **Salaries & Benefits:** Salaries & Benefits continue to run as expected at this point of the year after accounting for open positions. \$18k was shifted from salaries to Contracted services to support technology needs. Impact from ESSER 3 funds and approved Staff Bonuses will be in next month Forecast.
- **Purchased Services:** Purchase services will be an area of fluctuation for 2021-22. Several line items including construction, fees and contracted service are expected to increase in response to general inflation and item shortages current being experienced. Overall, the finance team is expecting to be over the initial budget throughout the year as many reserved were eliminated during the budget planning. LA will see a small decrease in District fees due to lower PPR funding.
- **Materials:** Materials are on track to meet budget and are on track with no material concerns to note.
- **Capital:** Capital costs of \$141k have been projected based on current budget projection for Boiler replacement which has been completed. HVAC redesign is completed with Board approval for \$366k to complete the project.
- **Margin:** The initial approved budget had a margin of (\$56,080) in contrast to the Working budget margin of \$347,817, increase of \$405k in overall margin as a result of the sale of land. Operating Margin is expected to be \$87,497. The original budget was approved along with the FTE adds and Capital boiler costs in anticipation of the PPR increase by the State. The student count drop impacted the overall margin estimates. Administrative staff has been thoughtful in their approach to spending based on school priorities.

2021-2022 LA Budget Highlights

- Revenue Rise and Decline
 - LA's lower student count essential cut in half the positive impact of the State's increase to the PPR. Expenses will be closely monitored to determine what steps can be taken to mitigate the impact.
- Property Improvements
 - With the refinancing of the Lincoln Academy Bonds, account this year will be complicated tracking costs against the overall infrastructure project and operations. The finance team will work to provide clear reporting to allow the BoD and community to understand where funds are being spent.
 - Additional property repairs and upgrades have been requested. Both expenses and cash balances will be reviewed to cover these new requirement.
- Margin Watch:
 - LA's Net and Operational margins for 2021-22 will be closely monitored.
- COVID-19 & Revenue funding opportunities:
 - Maximizing the opportunity to support our mission and vision from pandemic related funding. ESSER 3 funds will be utilized to support student growth and recovery.
- Cash & Days Cash on Hand
 - After refinancing the 2013 Bond, LA ended up with additional cash of over \$1.87M that will be place in our capital funding account to cover costs associated with the approved Infrastructure work including impact from the 72nd expansion. An additional \$625k from the sale of 72nd land to the city will be part of the leadership's team strategic planning process to maximize opportunity for LA. Overall cash position will be tracked based on general inflation and initiatives required to meet LA's mission.

Finance Goals

Goal: Operating Margin: 2.0%

Projected Budget Margin: 1.0%

After accounting for refunding from Bond proceeds, sale of land and capital projects.

Note: Operational Margin will exclude one-time capital expenditures & revenues from the calculation but include debt service as a recurring cost.

Motion

- Each year the BoD review and approves the Lease Appropriation related to the Bond issuance. The document has been submitted to Board member for review.

Motion: Move to approve the 2022-2023 Lease Appropriation Resolution as presented.

2021-22 Financial Council Projects

One update to report on current finance council project for the Dec BoD meeting

- Salary / Compensation Market Comparison (due by Jan for Budget)
 - Lead by Travis Harrison - completed
- For Budget purposes - Administrative structure comparison to other charter schools. (due by Jan for Budget)
 - Lead by Jeff Baucum – Incomplete but analysis completed by ED
- Policies update - Approval levels and process (who, when, \$)
 - Operational vs Capital
 - Lead by Amanda Corrion – Updated to be completed in 2022-23
- Creation of Financial Scorecard with Goals (roll up to BoD scorecard). Due in Oct for presentation to BoD in Nov
 - Lead by Jeff Leniger – in process. Incomplete – need to be a priority for 22-23
- Development Grant Support - research, sources, process, applications
 - Lead by Travis Harrison. Moved as opportunity for 22-23

Statement

The finance committee believes that Lincoln Academy is in a good financial position regarding the 2021-2022 school year. The school has a robust carry-forward that will allow leadership and Board of Directors to plan for the next five to ten years of operational and capital requirements, including in the areas of the educational environment, warm-safe-dry building and employee salaries.

We continue to support a conservative fiscal approach, established by LA's policies, as the school looks forward to future dynamic opportunity in academic leadership, student support, and the Lincoln community.

Governance Committee Report

Executive Summary

Here are updates to the committee strategic plan:

- Board Dashboard – Work on this has been started and will continue into next year.
- Update policies and by-laws – Consider this goal as met, knowing more review will take place annually.
- Board Evaluation – Evaluation is being completed this month. Consider this goal as met.
- Executive Director Evaluation – Consider this goal met.
- Board Training – List of modules to review for this month and next month.

Strategic Plan

Board Dashboard

For this goal, I did not manage to get the dashboard available to anyone, but will continue to work on that over the summer. I meet with most of the committees (except for Finance) to discuss ideas and help them start gathering info that will be helpful for the dashboard. Work on this will continue into the next year.

Update Policies and By-laws

Motion: The Election Committee moves to certify the board elections to show that Micah Gilbreath (with xx votes) and Amanda Corrion (with xx votes) were duly elected to the office of Lincoln Academy Board Member for the term commencing on the June 1st, 2022 for a term of three years ending May 31st, 2025.

I will note that a total of 39 verified votes were received. This is down from last year where 105 votes were received.

Motion: Move to add the following statement to Policy 2.1.1 Treatment of Parents “(8) Fail to post the proposed school calendar or any proposed calendar changes for student contact days at least 30 days prior to submitting the calendar to the Board for approval.”

As part of the goal this year, the following has been completed:

- Policy and By-laws updated to reflect “Executive Director”
- Policy has had numbers added to each section to make it easier to find policies.
- Approved the following policy updates:
 - Added new section “Business Policy” with 5.1.1 Records Retention Policy and 5.1.1 (1) – Former Board Member Document Retention.
 - Added 4.1.9 for Board Meeting Deadlines.

- Added 4.2 – Board Member Conflicting Interest Transactions
- 4.1.10 – Minimum Number of Board Directors
- Updated 3.0 Board Calendar
- Updated Conflict Resolution Policy to include items required by law.
- 3.1.2 (2) – Removed item no longer pertinent.
- Updated language in 1.1.1 to reflect guide for proficiency
- Updated 4.1.5 – Board Meeting Procedure
- Adopted new policy 4.1.4 Board Elections
- Added to 4.1.5 – Board Meeting Procedure additional details

In addition, previously approved Board policy was found and added to our policy so that they were easily discovered and known by future boards.

Finally, we spent time reviewing almost all of our existing policy. I feel like this was our most complete review of our board policy in many years. While we still have updates to make (including statements on responsibilities of all executive members – only have board president now), we have made good progress this year and look forward to continued updates in the coming year.

Board Evaluation

Self-evaluation from the board and scoring metrics will be reviewed.

Executive Director Evaluation

This process has been put into place for this year.

Board Training

Here is the list of training modules to review for the April meeting:

- Special Education
- Pitfalls to Avoid
- Additional Best Practices

Board Evaluation

Board Meeting Metric Scoring

This year, there are two scores that make up the board evaluation process. The first part is based upon metrics related to our performance during meetings. The second score is based upon our individual scoring from the self-evaluation form.

Our board meeting metrics has a total value of 90 points.

Mtg Item To Board	Mtg Item Posted	Motion to Board	Motion Posted	Eval to Evaluator	Eval to Board	Reg Mtg On Time	Mtg Length	Committee Goal	Total	Total %
8	9	7	8	7	10	5	4	6	64	71%

The three lowest scores here are related to starting our meetings on time (55%), average meeting length (4:02 hours) and completion of committee goals (47%).

This is the first year that we are using data to help in our evaluation process. It is also one of the few times that we have made definite goals for our committees to complete. I can see that goal completion is something that we can continue to work on as a board. Most all of the committee goals were worked on this year, but not all of them brought to completion, so it may not be as bad as the score looks. We may want to consider that when we set committee goals, that we include “deliverables” on a goal, so it is easy to define if it is completed (and something that could be completed during the school year).

While we don’t have the same metrics for prior years, I do believe that we did do better in getting items posted online on a timely basis, but still need to work on getting them to board members early enough. I think this could address some of the items brought up in the self-eval portion regarding using meetings to make decisions and not just cover information.

In looking over other charter school board meetings, I do see that we tend to have much longer meetings than is average. Many board meetings that I see tend to be under three hours and often closer to 2 hours. Below, you will see our average board meeting length as a comparison:

School Year	Regular Mtg Count	Regular Avg Length	Regular OnTime	Special Mtg Count	Special Avg Length	Special OnTime
2016 - 2017	11	03:55	82%	4	01:17	100%
2017 - 2018	11	03:54	9%	1	01:25	0%
2018 - 2019	11	03:40	36%	2	03:42	50%
2019 - 2020	11	02:38	36%			
2020 - 2021	11	04:05	45%	12	02:22	42%
2021 - 2022	11	04:02	55%			

As you can see from this table, we were under three hours average meeting length as recently as two years ago (which would have been worth 9 points), so it is definitely possible.

Board Self-Evaluation

This portion of the evaluation is similar to what was done last year with a few updates to the sections and questions.

Topic	Score
Determine the School's Mission and Purpose	4.67
Select and Support the School Leader and Review His or Her Performance Periodically	4.11
Approve and Monitor the School's Programs and Services	3.22
Ensure Effective Fiscal Management	4.21
Engage in Strategic Planning	4.22
Carefully Select and Orient New Board Member	3.25
Understand the Relationship between Board and Staff	4.44
Understands legal requirements	4.54
Organize Itself so that the Board Operates Efficiently	3.94
Ensure Sound Risk Management Policies	3.86
Total Score	80.94

The total score is calculated by adding the average scores together and multiplying by 2 (for a total of 100 max points available).

In reviewing this, there are three areas of strength, as seen by the board:

- School's mission and purpose
- Relationship between the Board and staff
- Legal requirements

Two areas stand out as areas for the board to work on in the coming year:

- Approving and monitoring programs and services at the school
- Recruiting and orienting new board members

I'll also note that I missed putting onto the calendar (according to policy it should have been reviewed in March) a review of our risk management policies. That was something I missed as we reviewed the calendar policy earlier this year. It has been added to the proposed calendar for next year.

I feel like the board overstepped when we retroactively approved a calendar change that was well within David's purview to make, based upon policy. This makes it difficult for David to know when a change needs to be approved by the board and undermined his authority in this area.	no

Continue to review policy and make sure that we abide by what the policy restrictions place on our relationship with the ED.	Continue to perfect the assessment process.

I know that STEM was adopted a few years ago, but it seems a bit nebulous as to how. I think it would be good to spend time evaluating programs such as this, as well as how our 5/6 model is working (or not). Changes have happened at times, but we don't tend to go back and review if it was effective.	No
Request updates on how changes that have been made are working and if any review of those changes would be beneficial.	We are uncovering more and more information about each program and this will only get stronger.

I know it is a challenge for me to not get into information sharing in my committee presentations.		
I think we all can work on not just sharing information by providing that with other documentation ahead of time (which will help us shorten the length of meetings, as well).	The committees this year have had stronger goals which has been communicated well to the Board.

My rating is based on the positive because the current board and ED frequently base decision making by asking "Is this in alignment with the school's mission and vision?"	Continual and consistent alignment to the Mission will need to be reinforced over the next three year to ensure BoD focuses on important and critical items for LA
Continue to keep the focus on the Mission and Vision as well as continue learning to grow the Board in areas of charter school leadership. Learning tools such as league provided information/seminars as well as Governance Chair led tutorials.

As we transition from "on-boarding" year the board will continue to support but is preparing to take a step back to allow for the ED to lead his team.	Board assessment process of the ED this year was poor, lacking in information, not aligned to the priorities of the strategic plan and weak on delivery. For example: teacher/staff surveys and test score analysis are essential for the BoD to perform a reasonable and appropriate assessment of the performance of the ED with student success at the forefront of our decision and evaluation. Both of these items were not included in our process.

Always room for improvement but currently do not have specific suggestions.	BoD must without exception or excuses keep a critical and unbiased view of the performance of the SCHOOL and bring fair accountability to the evaluation process of the ED. BoD members do not need to be automatons looking only at hard data, the ED role is too broad for that approach, but we do need to be professional and minimize personal feelings into the evaluation process.

Strong area of the board. Grateful for the team (Cindie, Lori, Jeff, David and committee) and all the hard work they put into making sure the Board (and community) fully understand the budget.	We have not submitted a formal Audit letter but rather used the audited FS for this purpose.

No comments	Believe that LA should continue to evaluate if a spouse or family member of staff should be allowed to sit on the BoD. The appearance of conflict of interest is unavoidable in appearance and creates confusion in the school community at a minimum. At worse opens the door for future risk.

I believe the current state of academics and behavior programs stray from the mission. I think the administration moving forward will sync us back up.	
The Board should continue to push for results in line with the strategic plan, especially around culture and consistent curriculum expectations.	When necessary, make it clear in our Board Blast our how motions and decisions tie back to the Mission and Vision. We did a good job with this when talking about restructuring.

What a year! I think the expectation that "it all falls at your feet" is clear. What is less clear this year is how accountable our leader has to be for other people's failures. As our one employee, it is up to him to delegate but it sure feels like he got a bad team and maybe we could have been better at anticipating that. I'm disappointed for him and feel like he was set up to struggle, unintentionally/naively on our parts? I don't think we've been as systematic as we could be on evaluation because of the lack of a team to support his agenda.	Currently we are doing an evaluation 2x a year, a more informal and formal evaluation. I think this is good.

Periodic evaluations. Consider more specific topics in evaluation so we can drill down on what specifically seems to be working or not. I for one have been unwilling to find fault as I think he is hard enough on himself right now.

We need more teacher or staff presentations. I think we each know some programs, but I still get new information that I feel like we should know about. As far as the board adopting new programs, most don't fall under our purview.

I think requesting updates about/from DSS, mental health, Curriculum Development, communications, etc are essential. Every time a staff person presents, I'm wowed by the caliber of programs they offer. But we don't know until they share.

	I believe we started the year strong by working as a team to analyze strengths and weakness of the school and form a SP document from there. However, many of the board meetings have seemed to focus on facilities, finance, and policies that may or may not relate to the longer goals.	
Long-term facilities discussions need to move higher on the list.

Maybe it's the after effects of the pandemic? It feels very hard to reach families. The personal ask is what works but we don't have those connections... Or I don't anyway. And if we tend to recruit from those already involved in another way, we aren't necessarily representing our whole community. I feel like we need to come up with additional recruitment strategies...like the teacher recommendations.

We need to recruit more. The lack of individuals running for office indicate an area of weakness.
