

School Accountability Committee Report – January 11, 2019

Dashboard

Very skeleton version live. Could use much more work after survey season.

Parent Survey

SAC reviewed the survey and recommended removing the 5B question.

→ Does the Board approve removing the question regarding facilities 5B money? SAC members thought it was misplaced to ask if we already know the physical needs/priorities.

→ Added Samantha Jandro to Elem specials

→ Added Anita Gimple to 6th, 7th, 8th. We need to look at how DSS page is placed next year. Would also be good to include our Counselors and other Professional Staff.

→ Answer selections can be reworked next year (away from “agree”). The number of questions makes it too time consuming to have a final draft ready to go.

→ We will include link to survey in Lincoln Loop. Homework passes will go out on 2/19 to coincide with release date.

→ Survey would be released 2/19 (Tues) and close 3/12.

Principal Evaluation Staff Survey

Link was sent to board members.

Request to add a question about Principal's professional growth.

Alumni Survey

Thank you Kristi Geisz. Board should have received a link through Survey Monkey. Again, pls send comments by email.

SAC Diversity and Inclusion sub-committee

Black History Month: mention in LA805, FB, library bulletin board
