Oh, the Places You'll Go

This is the theme for this academic school year. As we celebrate Lincoln's 20 years of Excellence in Education, we will be commemorating this milestone in the school's history in a variety of ways. Plans are still being developed with the PTO. We will look back at our past and where we have been and continue to look to the future and where we can go.

Lincoln started in 1997 at the cottages on 53rd and Otis with 15 staff members and just over a hundred students. Even back then, the education inside surpassed the building and playground (which was an asphalt lot behind the school). Twenty years later, the school has had four different sites, 100 staff members and close to 760 students. We expanded from a K-6 school to PreK-8, and during our history we have had at least seven new builds or remodel projects.

However, even though we have grown we still have been faithful in providing students with an excellent Core Knowledge educational foundation that allows students to be prepared for high school and beyond. It takes an amazing and talented staff to do this, as well as dedicated families. Thank you for your hard work, dedication, and passion for Lincoln!

As we look to the next 20 years, I look forward to seeing the ways in which we continue to engage students, use technology to advance student learning, empower students to be problem solvers and critical thinkers, and challenge our students with academic rigor. Looking forward to this dynamic school year!

Emergency Principal Succession Plan

In the unforeseen event that I was not able to complete my duties and responsibilities as acting principal, Andrew Weir and Lindsey Tomsick would take over the roles and responsibilities as the interim principals of Lincoln Academy until the Board of Directors were able to duly appoint or hire a new principal.

Preliminary State Standardized Test results are embargoed (can not be released in any public form) until August 17th
