

Lincoln Academy

School Accountability Committee (SAC) Report

February, 2017

Parent Survey

- After 8 days in, we have had 256 responses. This is more than twice the number of responses received last year.
- We have received positive feedback on the new survey format.
- No parents made use of the opportunity to use library computers to complete the survey during conferences.
- The survey will close at midnight on Thursday, February 16th.

Other

- SAC agendas and minutes are now being posted on the school website under the “Board of Directors” tab.
- The Jeffco DAC/SAC Budget Priorities Questionnaire was submitted.
 - Here is a link to the survey if you would like to read our responses and district results: <http://bit.ly/2lrXySQ>
 - 2 questions from the questionnaire and our answers that were not viewable on the above link that gave us the opportunity to explain how our SAC is different because we are a charter school:
 1. *Please identify any challenges or barriers related to your SAC providing meaningful input into the development of or revisions to the school improvement plan:* “School personnel constructs our improvement plan and because we are a charter school, our board of directors then reviews, discusses, provides input, and approves the plan. Our board of directors also decides the school’s budget and spending priorities.”
 2. *Please share any practices other SACs could benefit from to assist the SAC with providing meaningful input into the development of or revisions to the school improvement plan:* “Our SAC conducts a comprehensive annual parent survey. Results from this survey are reviewed by the SAC and recommendations based on survey feedback are given to the board of directors and school administration.”

Next Meeting

Tuesday, February 28th to discuss survey results
