NOTICE

ASBESTOS MANAGEMENT

This is to make you aware that the Chambersburg Area School District has an Asbestos Management Plan in place. This management plan can be reviewed at the Buildings and Grounds Office located at 721 South 6th Street in Chambersburg and is on file in each School Administrative Office.

During the past year, two asbestos inspections of the Chambersburg Area School District buildings have been conducted.

During the next year, the asbestos inspections will be conducted during each six-month period. At this time, there are no finalized plans for any asbestos abatement projects during the coming year.

All future notifications regarding Asbestos Management will be posted on the School District webpage under Facility Management/Buildings and Grounds.

If you have any questions concerning the Chambersburg Area School District's Asbestos Management Plan, please contact Mr. Matthew Varner, Director of Facilities at 717-261-3405.

Matthew Varner
