Utsalady Annual Action Plan 2023-24

Goals Based on our school's SIP data and 3-year trajectory, our school's goals for **THIS YEAR** are: *Imagine a student sitting in a seat in your classroom; what will they do?*	**Strategies** Our school's teaching and learning strategies that will result in the attainment of our goals **THIS YEAR** are: *Imagine a teacher providing instruction in front of their class; what will they do?*
Math • Students will improve their fluency with math facts to solve complex problems more productively. • Students will improve in their number sense to leverage authentic, real-world story problems.	**Math** • Teachers will utilize school-wide math strategies relating to fluency and number sense across classrooms. • Teachers will prioritize strategies for fluency and number sense during math instruction • Teachers will utilize conversation structures/protocols to support student dialogue in math
Literacy • **Students will be engaged readers, able to communicate their grade level and appropriate level of comprehension in conversation and in writing.**	**Literacy** • Teachers will design and implement a Flex Block framework and reflect, revisit, and redesign mid-year to address the individual learning needs of all students. • Teachers will develop a collaborative understanding of the essential learning targets of each Amplify CKLA unit.
MTSS (behavior support) • **Students will demonstrate persistent self-control and respect for themselves and others in order to be available to take academic risks and engage in higher-order thinking.**	**MTSS (behavior support)** • Teachers will create a positive, unifying environment and climate, emphasizing relationships and rapport with students and among students
