

TO : BOARD OF DIRECTORS
FROM : LISA ORTON, DIRECTOR OF TRANSPORTATION
SUBJECT : DISPOSAL OF SURPLUS EQUIPMENT
DATE : JANUARY 19, 2021
TYPE : INFORMATION ONLY

Board policy 6881 requires school board approval when disposing of equipment when a single item has a value of \$5,000 or more.

The district has one surplus item that will not exceed the \$5,000 threshold. The item is a 2010 Chevrolet Collins Type A wheelchair bus. This bus has been off state depreciation for two years.

This bus will be offered for sale to another district. Another Type A wheelchair bus will be purchased at a later time to replace it. The asking price for the vehicle will exceed the trade in value on a new purchase but not the \$5,000 threshold listed in board policy 6881.

This is informational only to notify the board of our intent to sell this surplus item.
