

## TEACHER OF THE MONTH

February 2020

### Quotes from Joyce's nomination:

"Joyce is an EL teacher par excellence. She has organized a snack closet for those students who may be food insecure. This term she is mentoring a student intern. I have always found her a willing and knowledgeable collaborator when we have students in common. Outside of her classroom, she goes above and beyond, teaching classes and presenting to staff in the district every month. She also has organized a weekly class for Spanish speaking parents and English speaking staff to learn each other's language together, including speakers from the community who present on community resources. We're very lucky at Twin City to have a specialist like Joyce."

*Nominated by: Margaret Langen*
