MEET THE SUPER HEROES!

I love developing relationships with students and getting to know their interests in and out of the classroom.

- Ms. Mallory

The most favorite part of my job is building good relationships with students. Middle school was really tough for me, but there were adults on campus that helped me through it. I try to be that adult for our students.

- Mr. William

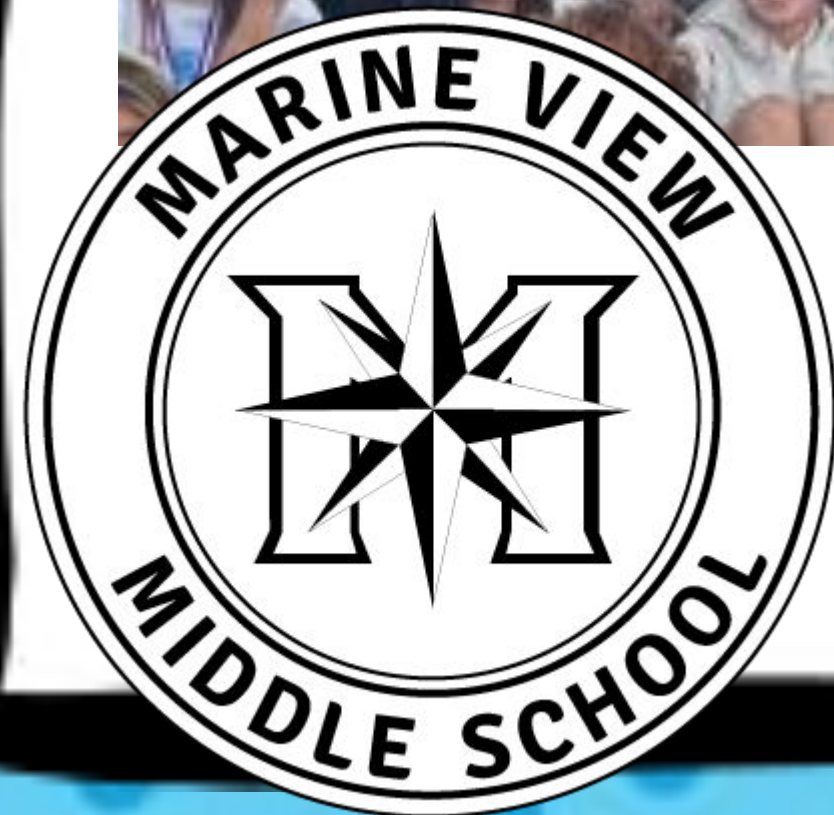

TING!

MEET THE SUPER HEROES!

Ms. Kelly

My favorite part of the role is getting to know the students and finding their hidden talents.

Mr. T.

I love building relationships with students and seeing them grow over the course of the year.

MEET THE SUPER HEROES!

"What I personally like best about being a campus safety supervisor is the bright smiles of the children that attend Mesa View and knowing that I am contributing to the safety and well being of the the awesome students which are, of course, our future."

- Mr. Keith

"I love interacting with the kids and getting to know their likes and dislikes. Having conversations about relationships with family and friends, places to eat, world events, their values, sporting events, and what they did over the weekend! Empowering them to be confident with choices they make today and knowing yesterday's choices come with forgiveness if needed. Supporting them with encouragement and guidance! Not only keeping them emotionally safe, but physically safe as well. "

- Mrs. Beaver

MEET THE SUPER HEROES!
