Arthur P. Adamson (Class of 1936) Scholarship
-$1000-

The purpose of this scholarship is to help LCHS students interested in STEM. Mr. Adamson graduated at the top of the class of 1941 from the University of Southern California's School of Engineering. He worked at General Electric and led advanced rocket and jet engine design programs, and became a world leader in jet engine design. He was responsible for the design of engines that remain widely used on commercial wide-body jet aircraft. This scholarship is from the Adamson-Jackes Family Fund.

Criteria to apply:

- ❏ Applicant must be a student currently attending LCHS in good standing.
- ❏ Applicant must be a STEM headed senior who will attend college.
- ❏ Applicant must fill out the formal application and submit to the LCHS guidance office by March 1st.

If awarded the scholarship:

The 506 Foundation shall serve as custodian of the scholarship award. Amount to be awarded is $1,000.00.

The scholarship shall be awarded at the annual Alumni Banquet.

The LC Alumni Scholarship committee shall, with any input offered by the donor, determine the recipient of this scholarship. Their decision shall be final.

Recipient selection will be based upon the following:

- Area of Study: Science, Technology, Engineering, Mathematics
- Financial Need
- Academics
- Extracurricular Activities
- Autobiography
- Community Involvement

Scholarship payment shall be made to the recipient and the college when evidence of enrollment, attendance, and payment of fees has been presented to the 506 Foundation Treasurer located at the USD 506 District Office.

Failure to claim the scholarship award by November 1 of the award year will render the scholarship offer null and void.
