Coverage for: Individual + Family | Plan Type: PPO

<p>Is a Health Savings Account (HSA) available under this plan option?</p>	<p>Yes</p>	<p>An HSA is an account that may be set up by you or your employer to help you plan for current and future health care costs. You may make contributions to the HSA up to a maximum amount set by the IRS. Any earnings on your contributions grow tax free and any withdrawals you make for eligible medical expenses are also tax free. Contact your employer or call the Customer Service number on your ID Card for more information.</p>
<p>How is the overall deductible or out-of-pocket limit met?</p>	<p>Individual deductible and out-of-pocket limit payments apply to the family deductible and out-of-pocket limit.</p>	<p>The family deductible and family out-of-pocket limit are cumulative for all family members. The family deductible and out-of-pocket limit can be met by a combination of family members; however no single individual within the family will be subject to more than the individual deductible or out-of-pocket limit amount.</p>

How your out-of-network care is reimbursed:

We cover the cost of services based on whether doctors are “in-network” or “out-of-network.” We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out-of-network, your Aetna health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount.

Professional Services: 105% of Medicare

Facility Services: 140% of Medicare

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your Aetna plan "recognizes." Your doctor may bill you for the dollar amount that your plan doesn't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket limit. To learn more about how we pay out-of-network benefits, visit [Aetna.com](http://Aetna.com). Type “how Aetna pays” in the search box.

You can avoid these extra costs by getting your care from Aetna’s network of health care providers. Go to [Aetna.com](http://Aetna.com) and click on “Find a Doctor” on the left side of the page. If you are already a member, sign on to your Aetna member site.

This applies when you choose to get care out-of-network. When you have no choice (for example: emergency room visit after a car accident or for other emergency services), we will pay the bill as if you got care in-network. You pay cost sharing and deductibles for your in-network level of benefits.
