DIRECTOR'S NOTE

"*Mamma Mia* is a romantic comedy, contrasting the dreams and aspirations of a 70s girl and a 90s girl." What better way to tell this story than through the story-telling magic of ABBA songs? Add to that a Mediterranean Island and the Taverna resort and you have an amazing time full of fun and self-discovery.

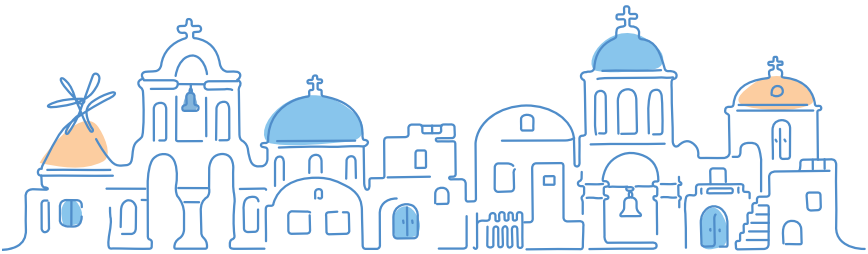

I love ABBA. All my family needs to break out in song is a keyword. I can not count all the times my sister and I belted out *Dancing Queen* at the top of our lungs. I even told my daughter to watch out because her Aunt Maria and I may just come out in our disco wear at her bachelorette party.

Family is at the core of who I am. My parents raised me with the knowledge that family is not just not those related to you. That is part of the reason I wanted to direct Mamma Mia. It is not only a story of bringing family back together again, but also learning that your family is who you choose.

The main character Sophie struggles with being from a single-parent home and wondering who her father is, but is surrounded by those she loves. She comes to realize the importance of knowing who she is and choosing her family by surrounding herself with people she loves.

It has been such a joy to see the cast dancing, jiving, and having the time of their lives!

- Karla Gulke, Director

FUN FACTS ABOUT THE GREEK ISLANDS

- Greece has over 5,000 islands.
- Only 200 of the islands are populated.
- Crete is the largest Greek island.
- The well-known shade of blue used in island architecture is what the locals call the color kyanos, from which we derived the word cyan, is believed to keep evil away.
- The island of Santorini is an active volcano.
- Greek islands get sunshine approximately 300 days a year.
- There are the remains of two towers from the Hellenistic period on Mykonos that are over 2,000 years old.
- Santorini is thought to have more churches than houses and more wine than water.
