2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Santee School is located in the east section of San Jose, at the north end of Franklin-McKinley School District (FMSD). Santee is one of 16 schools in the FMSD and currently serves approximately 370 preschool through sixth-grade students. Our vision and mission is to unlock the potential of the world's future innovators, inventors, dreamers, and leaders in a technology-rich environment. Each child will grow socially and academically while developing the resourcefulness, resiliency, and creativity necessary to be successful in today's and tomorrow's world. Through relevant real-world learning, they will see themselves as community advocates and change agents who can positively impact their community. This is accomplished by fostering a safe, nurturing environment that inspires individual excellence and integrates the strength of our diverse community.

Santee staff is working to transform the classroom into a place of deeper exploration and creativity by reviewing student work and developing programs that boost academic progress. The team at Santee continuously checks student data to provide lessons that meet the needs of individual students. Grade levels meet weekly to create standard lesson plans based on ongoing formative assessments. The Instructional Leadership Team, comprised of a representative from each grade level, meets monthly to monitor the progress of annual goals based on benchmarks.

In grades K-3, we use the Sobrato English Academic Language (SEAL) model. Santee's SEAL classrooms bring to life the rigor and richness called for by the Common Core Standards. Language and literacy education is woven into all aspects of the day. Children use high-level, complex language to talk about what they are learning. Students actively collaborate, solve problems, and engage in whole- and small-group activities. Teachers are highly trained and model rich, expressive language, creating environments where academic vocabulary and concepts come to life.

Santee offers a variety of programs that include: Small group intervention for struggling readers in all grades during the day

2023-24 School Description and Mission Statement

and after school, extended day TK & Kindergarten program, educational and cultural Enrichment, After School CORAL Program (K-6th grade), Homework Club (4-6th grade), Progressions music class (1-3rd graders), Band (4-6th grade), Audacity Arts and Kids Club.

Santee strives to support all students' academic, physical, mental, and social well-being by establishing systems and creating a safe, welcoming, and inclusive environment that allows students to participate fully in learning and the school community. We believe significant learning occurs with meaningful relationships. A focus on relationships builds a positive school climate and culture that is racially just. We have established strong community partnerships holistically focused on students, families, educators, and the community. Partners provide in- and out-of-school resources and opportunities that build on the strengths and respond to the needs of students and families.

Our school-wide behavior agreements are: Be Respectful, Empathetic A, Problem Solver, Responsible, and Safe. We are a No PLACE FOR HATE SCHOOL: Anti-Bullying campaign and character development education.

We provide structured activities during recess and lunchtime that teach students conflict resolution strategies and good sportsmanship. Our team comprises caring adults who dedicate their time, interest, attention, and emotional support to students.

Our Wellness Center provides wrap-around services to students and families, and our Zen Den - A multi-sensory room is open for students during school hours.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook and instructional Materials: The local governing board of the Franklin-McKinley School District has certified that each pupil in the District, in transitional kindergarten through eighth grade, has been provided with standards-aligned textbooks and/or instructional materials in each of the following areas: reading/language arts, mathematics, science and history/social studies. Health is included in the science curriculum. All District textbook adoptions are within the scope of the most recent State Board of Education adoptions and comply with California Education Code provisions.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes and reporting practices by principals and District departments have ensured that all students have access to the current, standards-based textbooks and instructional materials.

In order to comply with the mandates to provide students with the most recent state-approved adoptions in the core areas of Reading/Language Arts, Mathematics, Science and History/Social Studies (Health is included in the Science curriculum), a textbook inventory was conducted at every school by September 2023. Each principal was responsible for ensuring that every student was provided with the necessary textbooks and instructional materials. In addition, the updated inventory count was also verified by each site for every classroom in September 2023. In addition, principals were responsible for the replenishment of needed textbooks at every grade level (TK-8). All ordering and delivery materials are through an established set of procedures with the District Service Center. As part of the monitoring of sufficiency of textbooks and instructional materials, principals submit a school wide and an individual classroom report to the Curriculum, Instruction, and Assessment Department annually.

As a result of the inventories, the Franklin-McKinley Board of Education certified that each student in grades TK-8, including English learners, have been furnished a complete set of core instructional materials and textbooks that meet the requirements of the California Education Code. A public hearing regarding the sufficiency of said materials that are consistent with state-adopted frameworks was held on September 12, 2023. A Resolution on Sufficiency of Materials, according to the Williams Act mandates, was passed at a public hearing on September 12, 2023.

School Facility Conditions and Planned Improvements

Santee Elementary School has 21 classrooms, a multi-purpose room, a library, and an administration building. The main campus was built in 1965. The site has two (2) 8-hour custodians assigned for daily cleaning.

In 2020, FMSD Bond Measure R was passed and funded several site improvements to the facilities, including the installation of security cameras at all entrances and access gates (2021), roof repairs (2021), installation of ceiling-mounted projectors in classrooms, with the use of ESSER Funds (2021), replacement for floor coverings in some rooms (2021), and on-going maintenance and repairs of all HVAC units.

ESSER funds were utilized to provide additional picnic tables for outdoor learning use (2021), and a designated Wellness Center was established to ensure students are provided with psychological and counseling services and a safe, healthy, and connected school environment (2021).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Santee School recognizes the positive impact of parents' involvement in their child's education. As a result, numerous opportunities exist to increase parent involvement and support. Some examples of the way parents are invited to contribute as partners in the educational process are participating in:

Workshop for parents on language and literacy development strategies

School Site Council

English Learner Advisory Committee (ELAC)

Cafecitos (monthly meeting with the principal)

SEAL Gallery Walks (K-3) - End of unit showcase

Home-School Connections integrated into the curriculum

Family nights — emphasizing literacy, math, and science — are held throughout the school year.

Community-building events -Whole School Community Meetings (first Friday of the month), Back to School night, Harvest Festival, Winter Concert, Talent Show, Spring Exhibition Night, and Awards Assemblies)

Volunteer in classrooms, field trips, and event planning

Translation (Spanish, Vietnamese, and Cambodian) is provided during parent meetings.

"Los Dichos" parent group

Parent Workshops (Raising a Reader & Triple P)

Santee Elementary School continues to find additional ways to reach the parent community. Parent advisory committees help to generate ideas to increase parental involvement and coordinate activities for the school.

For more information on becoming involved at the school, contact Maria Reyes, Principal, at maria.reyes@fmsd.org or Elsy Martelli, community liaison at elsy.martelli@fmsd.org.

2023-24 School Safety Plan

All schools in the Franklin-McKinley School District have a detailed, comprehensive safety plan designed to ensure the health and security of all students and staff. The safety plan consists of various site drills designed to meet several emergencies that might arise. All school sites within Franklin-McKinley School District practice fire, drop and cover (earthquake), and intruder drills. There are established committees at all sites and levels to review safety procedures, correct any problems, and expand FMMSD's capacity to deliver services when and where needed. In addition, all required drills are calendared, completed, and evaluated, with the results being communicated to all staff and parents on the school website and via email from an administrator. The School Safety Plan was reviewed, updated, and discussed with the school faculty, parents, and students on 11/16/2023. Safety Plan Study Session will be held on 1/25/24. The Board of Trustees approved the plan on February 27, 2024.

Professional Development

The primary areas of focus for our professional development in FMSD schools is training our staff to support the goals outlined in the district Local Control and Accountability Plan (LCAP).

FMSD provided teachers with professional development that emphasized the district focus, “Learning to Read” before students returned to school in August. Staff was provided with professional development opportunities that focused on the newly acquired supplemental phonics programs SIPPS and Sonday, along with sessions on the phonemic awareness program, Heggerty in grades K-2nd. Middle school staff was provided with workshops covering vocabulary instruction and morphology at the secondary level to ensure alignment to the FMSD Literacy Block. Additionally, staff participated in workshops that provided an overview on new adoptions; TCI, K-6 Social Studies and the TK Curriculum, Creative Curriculum for Transitional Kindergarten, California, as well as continued learning in Math, Science, and Writing instruction. New teachers were provided workshops orienting them to the district adopted curriculum and participated in Implicit Bias training. Special Education staff received training on facilitating and writing IEPs, and the requirements for Special Education instruction. Throughout the fall, optional professional development opportunities were provided monthly including topics such as Assessments including ESGI, NSGRA, FastBridge, Lexia, SIPPS, Sonday, Heggerty, and Orton-Gillingham foundational training.

In January 2024, teachers will participate in a full-day series of professional development. Workshops will align to the district focus, with professional development focused on Tier I instruction. Last school year, all staff were provided training in Implicit Bias from Collaborative Learning Solutions. This year, 2023-24, FMSD provided Implicit Bias training for all new staff and staff who were unable to attend training last year.

Ongoing Professional Learning Communities allow teachers to learn from each other and discuss best practices. All FMSD schools are participating in the implementation of a Multi-Tiered System of Support (MTSS) focused on Tier I instruction and universal access. Four schools (Dahl, McKinley, Los Arboles and Santee) continue to participate in the Sobrato Foundation SEAL (Sobrato Early Academic Language) program. These schools participate in professional development and curriculum support to meet their diverse populations and to help English Learners. Teachers participated in asynchronous training provided by SEAL.
