What is the **VISION**?

One platform for all your teaching-learning needs

Curriculum Planning

Student Portfolios

Family communication

PLUS

Streamlined accreditation

Assessments and reports

Classroom management

Teaching and PD resources

Screen time matters…

Toddle Buddy

Nour Islam from Egypt

Graduated from the German University in Cairo with Bachelor Degree in Computer Science Engineering
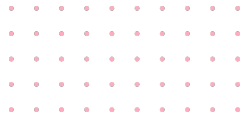

Taught Computer Science for IBDP and IGCSE students and Design for MYP students

First Middle Eastern to join Toddle's Success Team.

Let's begin with the short introduction to Toddle

2000+ Schools and 50,000+ Educators on Toddle

Keeping your data safe

We will collect, maintain and use your data only for purposes authorised by your school.

We will never share any of your or students' information with advertisers or marketers.

We will never advertise in Toddle.

We will never sell your data or student data.

We don't own anything you add to Toddle: YOU do.

Students' Portfolios are private to the classroom.

We use the latest security best practices to keep your data safe.

We are compliant with COPPA, FERPA, and GDPR.

We will notify you of any changes in our Privacy Policy.

You can read more about Toddle's privacy policy by scanning the qr code above

As a parent, what would you like to know and have access to with regard to your child's learning journey?

Let's dive into the Family App

Simplified Communication

- Communicate easily with your child's teacher

- Receive reminders and notifications about important events, deadlines, and tasks

- Conveniently track your child's attendance

Real-time Progress Updates

- Get updates on your child's activities and progress as they happen

- Easy access to your child's progress reports and assessments

Experience the convenience of Toddle across multiple platforms

1 Web Portal

2 Student App

3 Family app

Two ways to Access your Parent Account

We will not do this until August

Invitation via Email

- After your email address gets added into the system, you'll get an invitation email to access your Toddle account.
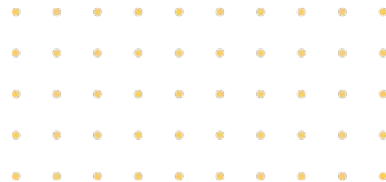

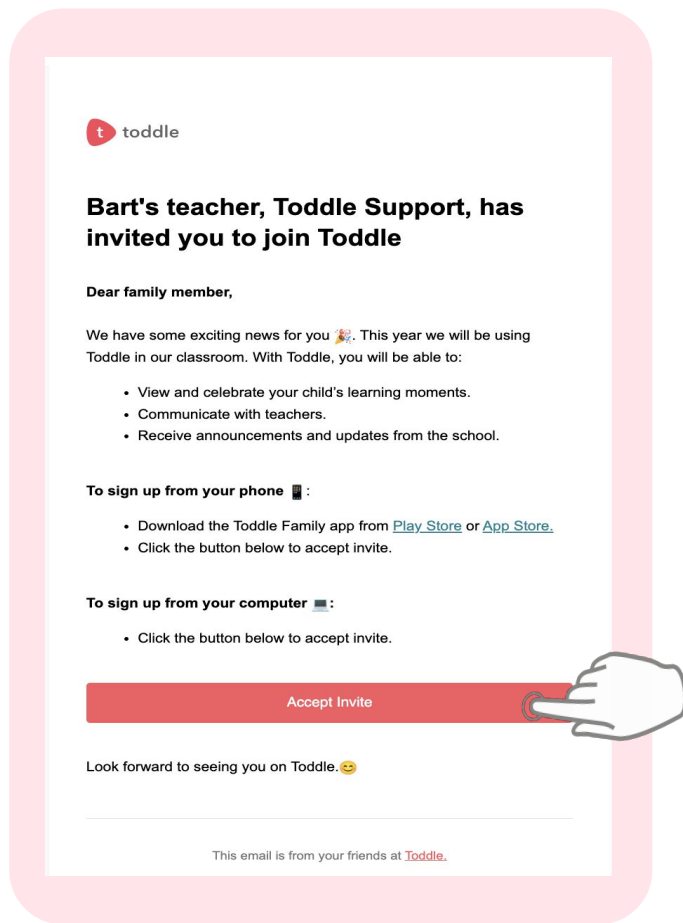

Family Invite Letter

- Every child gets a unique **invite code** for their family. You'll receive a printed letter with your login details.

Invitation via Email

- School will add your email address to the system.

- You'll receive an email with login instructions.

- Click "accept invite" in the email to access your account.

t toddle

Bart's teacher, Toddle Support, has invited you to join Toddle

Dear family member,

We have some exciting news for you 🎉. This year we will be using Toddle in our classroom. With Toddle, you will be able to:

- View and celebrate your child's learning moments.
- Communicate with teachers.
- Receive announcements and updates from the school.

To sign up from your phone 📱:

- Download the Toddle Family app from Play Store or App Store.
- Click the button below to accept invite.

To sign up from your computer 💻:

- Click the button below to accept invite.

Accept Invite

Look forward to seeing you on Toddle.😊

This email is from your friends at Toddle.

Make sure you have downloaded the Toddle Family App.

Family Invite Letter

- Each child has a unique **family invite code**.

- The letter will contain log-in instructions and a QR code for easy access.

- The invite letter will be printed and distributed to the students to bring home.

Family Invite Code: **ZLEX5LPWR**

toddle

Dear Family Member,
We have some exciting news for you. This year we will be using Toddle in our classroom to create an engaged community. With Toddle, you will be able to:

- View and celebrate your child's learning moments
- Communicate with teachers
- Receive announcements and updates from the school

Creating a Toddle account
We invite all family members to join our class community on Toddle.

If you're a first-time user, this is how you can sign up:

From your phone	From your desktop
1. Download the Toddle Family App from the App store (for iOS) or Play store (for android). 2. Click on 'Create an account'. 3. Scan the QR code below or enter the family invite code mentioned above. 4. Add in your details and verify your email.	1. On a web browser, head to web.toddleapp.com 2. Click on 'Create an account'. 3. Enter the family invite code to connect your child's information. 4. Add in your details and verify your email.

Already have a Toddle account?
If you have more than one child using Toddle or have used Toddle before:

1. Login to your account on the Toddle family app or on the web at web.toddleapp.com
2. Click on your child's profile at the top left, click on the 'Add child' button and then enter the family invite code

IMPORTANT: Please keep the family invite code and the QR code protected and share them only with your family members. Other family members can also use the same QR code or family invite code to login.

Sign in by scanning your QR code
Ask your parents or your teacher for the login code

Enter your login code   Submit

On the Family app

Class to-do

- Learn more about the tasks assigned to your child

- Provide better guidance and support in completing the task

Drawing a Story

Submission
Pending

- To illustrate the parts of a story
- To retell a story using pictures.

Learning experience description

We have been doing a lot of writing. Today we are going to "illustrate" a favorite story. 🖍 That's what movie writers do!

1. With your partner, "draw the story" of a book we have read. Be sure that the illustrations are in order and you have at least three parts (beginning,middle,end)
2. Using **Storyboard** template, draw a story

On the Family app

Class to-do

- Access your child's submitted work

On the Student app

Classroom To-Do

- Your child can access learning experiences and tasks assigned to them.
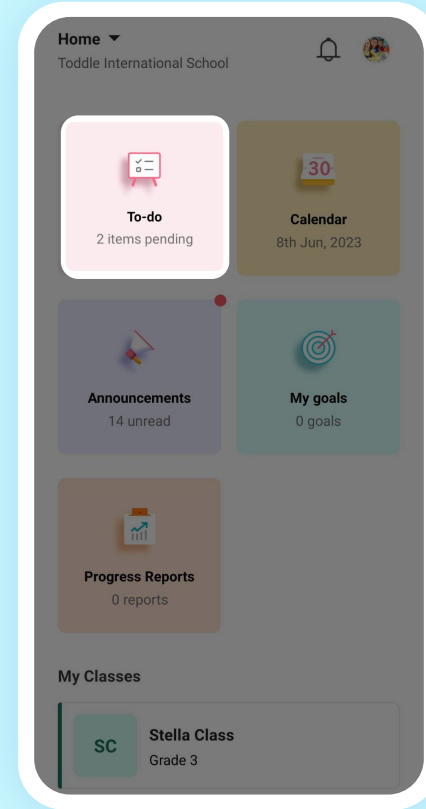

On the Student app

- Students can view the instructions and objectives of tasks assigned to them.
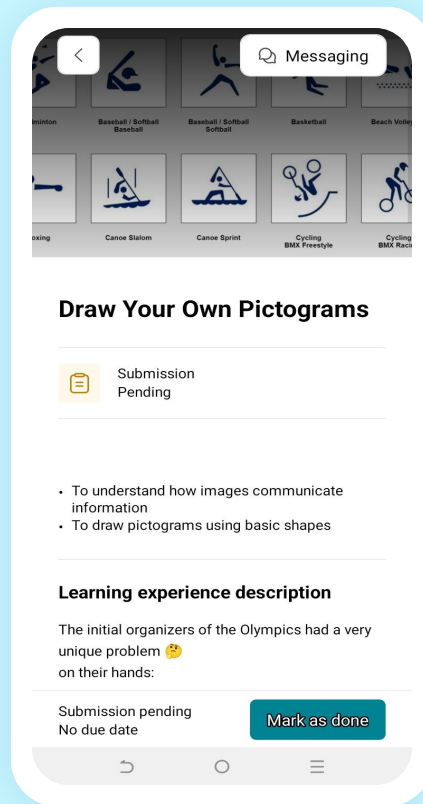

On the Student app

Making Submissions

- Have different media options for accomplishing tasks
- Add varying kinds of media

Uploading limit on web:
File & Videos: 200mb
Recording Time Limit (Video & Audio): 5mins

Uploading limit on mobile app:
Video: 1024 mb (iOS) / 500 mb (Android) | *< 10 mins*
File: 250 mb
Photo Collage: 6 photos
Multiple Photos: 10 photos
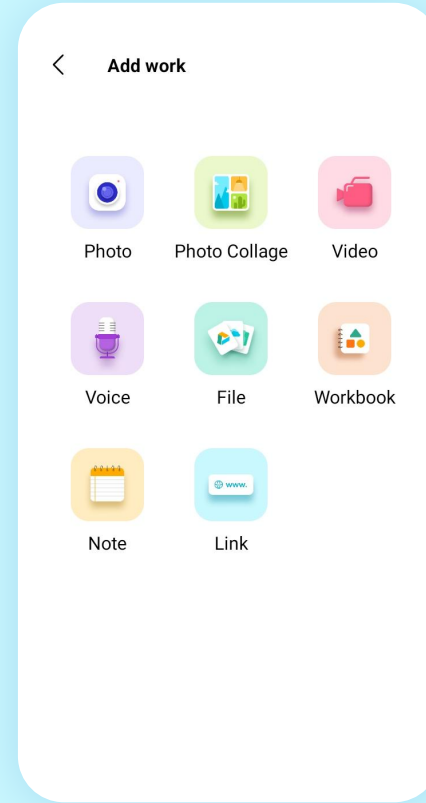

On the Student app

Making Submissions

- Children can get creative! Use the workbook option as your child's digital board or canvas.
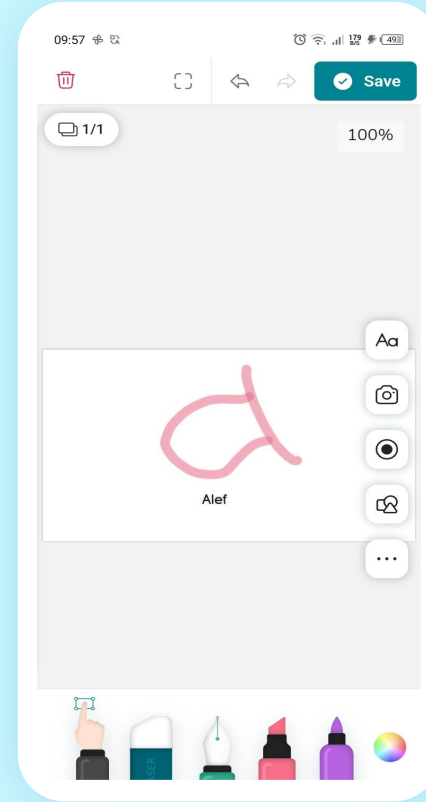

On the Student app

Add responses and reflections

- Children have the space to write down their thoughts and reflection.

Student App.

Extension activity

5. We live in a world of pictures. You will find them in malls, in school, on roads and even on your phones and computers too. Keep a lookout 🧐
for any new pictograms around you and see if you can guess what message it is trying to communicate.
