DISTRICT MESSAGE: NEW STUDENT INFORMATION SYSTEM & CLEVER

Clever allows District staff to connect students with applications that they will be using during the school year. Students will be connected to their 2023-2024 classroom until June 30, 2024. On July 1, 2024 the process of connecting students to their 2024-2025 classrooms, teachers, and applications begins. Because of this, if a student logs in during the months of July or August, they may see themselves connected to a particular teacher, course or application. Please know that a student's teacher/course may change during July or August and that nothing is finalized until August 16, 2024 at 4:00 pm.

Parents/guardians wishing to see their students' schedule for the school year are encouraged to download and sign up for the Infinite Campus Parent Portal. The Infinite Campus Parent Portal will provide parents with the most accurate representation of their student's schedule. Information on the Parent Portal can be found [HERE](#). **Please know that additional information on how to sign up for the Parent/Student portal will be distributed once we go live with Infinite Campus in early July.** If you have any questions in regards to Infinite Campus, please contact ICHelp@lakewoodcityschools.org.

CLASS LISTS

Please trust that we have your child's best interests in mind and that our experienced staff is dedicated to ensuring that every student receives a high-quality education, regardless of the teacher they are assigned. We are confident that all of our teachers are highly qualified, compassionate, and committed to fostering a love for learning in each and every one of their students. Watch for additional information on class lists in August but know that they will be posted on the Emerson glass doors at the Back to School Bash for Grades 1-5 and the Kindergarten Bash.

ADDITIONAL SUMMER RESOURCES

i-READY PERSONALIZED LESSONS

Students who completed grades 2-4, can continue to have access to i-Ready's personal path of instruction. This is a great way to build upon math and reading strengths and opportunity areas. Online access will be available for a limited time, until the process of transitioning to the new school year starts.
