Puyallup School District believes our facilities should be available, when suitable, to serve the needs of our community. However, school facilities primarily serve the needs of the students of the Puyallup School District. Activities directly related to District programs will have first priority in the use of our facilities. As such, please note that your organization may be bumped at any time for a District event.

Should this occur we will first attempt to find you an alternative location within the District. If the alternative location(s) are not suitable, we will fully reimburse any charges.
