Home Language Survey

The state requires the district to collect a Home Language Survey for every new student. This information is used to count the students whose families speak a language other than English at home. It also helps to identify the students who need to be assessed for English language proficiency.

Please answer the questions below and return this survey to your child's school.

Student's Name: _____

Name of School: _____ Grade: _____

1. What is the primary language used at home, regardless of what the student speaks?

2. What is the language first acquired by the student? _____

3. What is the language most often spoken by the student? _____

4. Is a language other than English spoken in your home? Yes _____ No _____

If the answer to any of the questions is yes, the law requires the school to assess your student's English language proficiency. The test involves a lengthy exam taken outside of the class. It may result in enrollment in English as a Second Language (ESL), which is provided off-campus and limits the course selection.
