

# Notice Regarding Wellness Programs

The Healthy Living program through SelectHealth Share is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program, you will be asked to complete a voluntary online health assessment that asks a series of questions about your health-related activities and behaviors. You will also be asked to complete an onsite biometric screening or obtain a screening through a physician, which will include measuring blood pressure, body mass index, waist circumference and body fat percentage. The information from your health assessment and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as coaching programs or wellness challenges. You also are encouraged to share your results or concerns with your own doctor.

Employees who participate in the wellness program will be eligible to continue receiving the wellness medical premium rate. In order to avoid paying a premium differential of \$100 extra/month, employees must complete the following Share activities: attend the onsite biometric screening or complete a screening through your physician, select a Primary Care Physician, complete the online health check, complete at least one digital coaching journey, and complete two online activity campaigns. Although you are not required to complete the listed activities, only employees who do so will be eligible to receive the incentive. Additional details and deadlines are listed in the employee benefits guide.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Kamille Ortiz, 435-833-1900 x 1103, [kortiz@tooeleschools.org](mailto:kortiz@tooeleschools.org).

## For More Information or to Report a Problem

- If you have questions or would like additional information, or if you would like to make a request to inspect, copy, or amend health information, or for an accounting of disclosures, contact the plan privacy officer. All requests must be submitted in writing.
- If you believe your privacy rights have been violated, you can file a formal complaint with the plan privacy officer; or with the U.S. Department of Health and Human Services. You will not be penalized for filing a complaint.

## Other Uses of Health Information

Other uses and disclosures of health information not covered by this notice or the laws that apply to us will be made only with your written authorization. If you authorize us to use or disclose health information about you, you may revoke that authorization, in writing, at any time. If you revoke your authorization we will no longer use or disclose health information about you for the reasons covered by your written authorization. You understand that we are unable to take back any disclosures we have already made with your authorization, and that we are required to retain our records of the payment activities that we provided to you.

# Protection from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the Tooele School District wellness program may use aggregate information it collects to design a program based on identified health risks in the workplace, SelectHealth will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed, except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individuals who may receive your personally identifiable health information are the biometric screeners, and GBS' analytic partner, Deerwalk, in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach. In the event a data breach involving information you provide in connection with the wellness program occurs, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact human resources.
