

## AP Statistics Summer Work 2024

Gentlemen,

Below is your summer assignment. I will not collect it, but we will have a quiz on its content within the first week of school. We have a lot of material to cover in advance of the AP exam in early May, and accelerating into the course when we return in the fall will allow us time to review the course material prior to the exam.

Assignment:

- a) Purchase the textbook “The Practice of Statistics (for the AP exam)- 5 th edition” by Starnes, Yates, Tabor & Moore. b)
- b) Read Chapter 1
- c) c) Complete the PDF “Chapter 1 practice questions- 1.1, 1.2, and 1.3”, leveraging the answer key “Chapter 1 practice questions- 1.1, 1.2, and 1.3- solutions” to make sure you understand the answers.
