Red Devil Pride (RDP) sponsored a Beach Day on March 22, the day before Spring Break. Students were rewarded for following expectations with a fun day in the small gym during lunch hours. Students enjoyed basketball, Giant Games like Connect 4, Checkers, and Sorry, and made friendship bracelets at the craft table. Thanks for following RDP expectations: Be Respectful, Dependable, Prepared!

The Red Devil Pride committee is looking for a family member to attend an RDP meeting starting next school year. Meetings are held 3:15-3:45pm on the second Wednesday of each month. RDP would love input from families on our school-wide expectations. If you have the time and are interested in helping our committee, please contact Susan Torbenson by email at satorbenson@gbaps.org and she can discuss the details with you!

Radium Girls tells the story of young women who worked as face-dial painters prior to World War I and throughout the post-war era. Science was an exciting time and the freshest name for women in science was Marie Curie. Her revolutionary discovery of polonium and radium brought hope to cancer patients as well as new conveniences like a clock face that actually glowed in the dark! But darkness was not broken well. The significant dangers of radium were tragically ignored by corporate leaders and many young women who worked with radium directly, were exposed to dangerous levels of radiation. Ultimately, many of these young women did not live the hoped for future they desired. Seeking support for medical needs, these women had to fight for recognition and financial support after serious health issues surfaced. This story's tragedy created the groundwork that led to Occupational Health and Safety Act that employees benefit from today! Join us as you watch history unfold before you!
