Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

The Lake County Office of Education operates two schools in Lake County - 1) Lloyd P. Hance Community School (Hance) that serves our expelled youth in grades 7-12, students who are placed on probation by the court, and/or students referred by a school district, probation or social service agency; and 2) Clearlake Creativity School (CCS) that serves students with extreme behaviors. Both schools have a high concentration of students who are socio-economically disadvantaged. CCS serves students with IEPs who have an emotional disturbance designation. Hance and CCS receive Title I Part A funds which includes allowable transferred Title II Part A and Title IV Part A funds.

The majority of Title I funding is designated to the Extended School Year program at CCS so that our students with emotional disabilities may continue to attend school during the month of June. Student services included in the Extended School Year include academic, social-emotional and therapeutic supports. Other uses of Title I funds include supports for student transportation and engagement incentives for our students at Hance. School districts in Lake County that send students to Hance on an expulsion, do not provide home-to-school transportation. Therefore, a portion of LCOE Title I funds are used to provide Hance students with local bus passes so that they may access the local transit system at no cost. In addition, Title I funds are used to provide enrichment and student engagement incentives through school field trips that connect academic core learning to the world of work.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Currently, LCOE transfers all of the Title II Part A and Title IV Part A funds into Title I Part A as allowed under ESSA regulations.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 (<i>as applicable</i>)

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;

- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 <i>(as applicable)</i>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 <i>(as applicable)</i>

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

TITLE II, PART A

Title II, Part A Activities

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 (<i>as applicable</i>)

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

TITLE III, PART A

Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 (<i>as applicable</i>)

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

TITLE I, PART A

Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

LCOE uses the federal criteria for eligibility for free or reduced lunch program to calculate our percentage of low-income students. For more than ten years, both Hance and CCS have maintained socio-economically disadvantaged levels that exceed 85%. Title I Part A funds are designated to both Hance and CCS.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Both Hance and CCS serve a high number of low-income students in self-contained classroom settings. All students have access to the same teachers; therefore, no disparities exist.

On November 6, 2019, the SBE approved updated definitions for “ineffective” and “out-of-field” teachers to be included in the amended California ESSA Consolidated State Plan.

Term	Definition
Ineffective teacher	An ineffective teacher is any of the following: <ul style="list-style-type: none">• An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or• A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned)• An individual who holds no credential, permit, or authorization to teach in California.

	<p>Under this definition, teachers with the following limited emergency permits would be considered ineffective:</p> <ul style="list-style-type: none"> • Provisional Internship Permits, • Short-Term Staff Permits • Variable Term Waivers <p>Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record</p>
Out-of-field teacher	<p>A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of the field:</p> <ul style="list-style-type: none"> • General Education Limited Assignment Permit (GELAP) • Special Education Limited Assignment Permit (SELAP) • Short-Term Waivers • Emergency English Learner or Bilingual Authorization Permits <p>Local Assignment Options (except for those made pursuant to the <i>California Code of Regulations</i>, Title 5, Section 80005[b])</p>
Inexperienced Teacher	A teacher who has two or fewer years of teaching experience.
Minority Student	A student who is American Indian/Alaska Native, Asian, African American, Filipino, Native Hawaiian/Pacific Islander, Hispanic, or Two or More Races Not Hispanic.
Low-Income Student	A student who is eligible to receive Free or Reduced-Price Meals

Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

When students are enrolled in Hance and CCS the principal and primary teacher hold an intake meeting with the family and student. Program expectations and communication routines are shared and reviewed. CCS sends a daily behavior log home to families to highlight behavioral progress for students. Hance communicates with parents quarterly to review student rehabilitation plans as set forth in the expulsion terms. Both Hance and CCS use Parent Square communication through the AERIES student information system. Principals and teachers use Parent Square to send text messages and emails to families, which Parent Square then translates to the student's home language. Family engagement nights, school functions, and parent-teacher conferences all are sent through Parent Square. Because of our small population, teachers and principals are able to develop strong relationships with students and their families. Each school holds four School Site Council Meetings annually, which also include LCAP engagement and Equity Multiplier input sessions. All parents are invited to attend these opportunities.

To meet this requirement, LEAs must provide a description of the following:

ESSA Section 1112(b)(3): how the LEA will carry out its responsibilities under paragraphs (1) and (2) of Section 1111(d);

1. How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans
2. How the LEA will involve parents and family members in identified schools in jointly developing the Targeted Support and Improvement plans
3. In the absence of the identification of any schools for Comprehensive Support and Improvement (CSI) or any schools for Targeted Assistance and Intervention (TSI), the LEA may write N/A. This provision will not be reviewed.

ESSA Section 1112(b)(7): the strategy the LEA will use to implement effective parent and family engagement under Section 1116; shall include how the LEA and its schools will build capacity for parent and family engagement by:

1. Describe the LEA parent and family engagement policy, and how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy (ESSA Section 1116(a)).
2. Describe how the LEA will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children; (ESSA Section 1116(e)(1))
3. Describe how the LEA will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement; (ESSA Section 1116(e)(2))
4. Describe how the LEA will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (ESSA Section 1116(e)(3))
5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))
6. Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand (ESSA Section 1116(e)(5))
7. Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request (ESSA Section 1116(e)(14)).
8. Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language, such parents understand (ESSA Section 1116(f)).

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Hance and CCS are not identified as CSI, ATSI or TSI.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

LCOE has no schools who serve neglected or delinquent youth.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please provide a description of the LEA's systems of professional growth and improvement for teachers, principals, and other school leaders.
2. Please address principals, teachers, and other school leaders separately.
3. Please explain how the systems promote professional growth and ensure improvement, including how the LEA measures growth and improvement
4. Please describe how the systems support principals, teachers, and other school leaders from the beginning of their careers, throughout their careers, and through advancement opportunities
5. Please describe how the LEA evaluates its systems of professional growth and improvement and makes adjustments to ensure continuous improvement within these systems.

1) Teachers at Lloyd P. Hance Community School (Hance) and Clearlake Creativity School (CCS) have a 190-day contract which allows for ten days of professional development throughout the school year. This professional development is focused on the core educational programs at both sites. Hance is robustly engaged in Big Picture Learning and is moving to become a fully realized Big Picture School. The majority of their professional development is targeted on the program goals of Big Picture Learning and developing teacher capacity and understanding of the ELA and math frameworks and content standards. Because CCS is a school for students with extreme behaviors, their professional development goals are focused on the NEEDS-SEB model authored by Diana Browning Wright and Clay Cook. All professional development opportunities braid our SEL program (Character Strong) and ELA and math frameworks and content standards into the core components of each program. Teachers, principals and other school personnel are able to attend conferences and other professional development opportunities outside of our agency when possible.

2) *Principals - Hance and CCS principals are invited to attend the ACSA Leadership Summit annually and they are also invited to attend summer professional development focused on their school program. Both school principals are part of the LCOE leadership team and participate in monthly professional learning at our monthly meetings. LCOE also provides administration support throughout the school year in the form of other professional development opportunities through our county office of educational services department (restorative practices, literacy, math framework training, Character Strong training).

*Teachers - With an additional 10 contract days above the 180 student school days, teachers have opportunities throughout the school year to engage in meaningful and ongoing professional development that is targeted on the school core programs and academic achievement. Professional development is scheduled at the end of the year prior based on the needs of the staff.

*Other School Leaders - LCOE provides ongoing professional development for educators and school teams for the entire county. All LCOE school personnel are encouraged to attend professional learning opportunities specific to their school or whenever possible when offered county-wide.

3) Because of our small school sizes, both Hance and CCS are able to work with their school teams to identify professional learning needs and targets. Staff meet weekly to review student academic and behavior data. IEP goals and rehabilitation plans are reviewed quarterly. Based on this data, both school teams are able to measure student growth and improvement.

4) Hance and CCS principals participate in monthly LCOE leadership meetings which provides ongoing professional learning on topics based on continuous improvement - improvement science, MTSS, DEI, Liberatory Design Model, to name a few. Principals meet with the Deputy Superintendent to establish annual goals, review SPSA goals and calendar time for ongoing check-ins. Principals also attend annual conferences with LCOE teams to support their ongoing growth as an administrator.

*Teachers and other school personnel meet with their school administrator at the start of the school year to establish professional goals based on the individual needs of the team member. These goals are reviewed throughout the year to support the professional growth of each team member.

5) LCOE oversees the school teams at Hance and CCS. Both schools work with the students' district of residence to provide educational services to meet the needs of the students. LCOE administration works with the Hance and CCS principals to ensure student academic assessment and behavioral assessments are consistently maintained, reviewed and addressed so that appropriate actions are taken to meet the needs of the students in our schools. LCOE embraces the Improvement Science model and works with our school teams to engage in plan, do, study, act (PDSA) cycles so that regular review of targeted goals are addressed.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

Address these questions:

1. Please describe the LEA's process for determining Title II, Part A funding among the schools it serves.
2. Please describe how the LEA determines funding that prioritizes CSI and TSI schools and schools serving the highest percentage of children counted under Section 1124(c).
3. Please describe how CSI and TSI schools and schools that have the highest percentage of children counted under Section 1124(c) that the LEA serves receive priority in Title II, Part A funding decisions compared to other schools the LEA serves.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Lloyd P. Hance Community School (Hance) and Clearlake Creativity School (CCS) are not identified as CSI, ATSI or TSI schools.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please explain how the LEA coordinates its Title II, Part A activities with other related strategies, programs, and activities.
2. Please describe how the LEA uses data to continually update and improve activities supported under Title II, Part A.
3. Please describe how the LEA uses ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under Title II, Part A.
4. Please describe the sources of data the LEA monitors to evaluate Title II, Part A activities and how often it analyzes this data.
5. Please describe the ways in which the LEA meaningfully consults with the following educational partners to update and improve Title II, Part A-funded activities:
 - a. Teachers
 - b. Principals and other school leaders
 - c. Paraprofessionals (including organizations representing such individuals)
 - d. Specialized instructional support personnel
 - e. Charter school leaders (in a local educational agency that has charter schools)
 - f. Parents

- g. Community partners
 - h. Organizations or partners with relevant and demonstrated expertise in programs and activities
6. Please explain how often the LEA meaningfully consults with these educational partners.

1) Professional development at Hance and CCS braids social-emotional learning (Character Strong and Restorative Practices), academic programming (Big Picture Learning and NEEDS-SEB), and career exploration so that student learning is multi-faceted.

2) Student performance data, behavior data, and student surveys are reviewed monthly to determine the needs of the students in these areas. Teachers are asked to keep records of student progress to determine professional development priorities and to also determine if programs are being implemented with fidelity. This ongoing data review informs the instructional practices and professional development needs for both schools.

3) Hance and CCS employ a total of five teachers - two teachers at Hance and three teachers at CCS. Each school has its own designated, full-time principal, with additional paraprofessional support for each classroom as well. Because of this small faculty size, consultation between administration and teaching teams is frequent and ongoing. School teams meet weekly at staff meetings to review student data, discuss high priority needs, and determine next steps based on data review. Teachers are able to provide input and feedback into every programmatic decision at each school.

4) Student performance data (STAR 360 - ELA and math) is reviewed quarterly. Students take the initial STAR 360 entrance exams upon enrollment to assess baseline levels and then quarterly benchmarks are administered to analyze growth. This data informs teacher instruction and professional development needs. Teachers are also asked to assess their own understanding of the program components throughout the year so that the school principal may plan and prepare professional development opportunities catered to the needs of the school teams.

5) Hance and CCS engage with local and community partners in a variety of ways. Teachers, principals, school counselors, school therapists, school secretaries and paraprofessionals meet weekly at staff meetings. School Site Council meetings, comprised of parents, students, staff and community partners (probation, social workers, regional center workers, etc.) occur four times annually. These engagement meetings include LCAP updates and input opportunities, Equity Multiplier input opportunities, and program sharing so that our school and local community are kept abreast with school functions and events.

6) Because of the specialty services provided by Hance (expelled youth) and CCS (extreme behavior needs), both school teams engage with community partners to provide supports to the students that extend to their family and life outside of the school setting. Hance and CCS maintain strong working relationships with the behavioral health department at the County of Lake and engage in monthly check-in meetings to monitor student progress and success; Hance meets with Lake County Probation weekly to provide updates and reports for students who are on probation; Regional Center meets with school teams during IEP meetings for students on their caseloads; and both schools work closely with the district of residence to provide ongoing coordinated support for students in our programs.
