## **606.5 LIBRARY MATERIALS**

### **I. PURPOSE**

The purpose of this policy is to provide direction and to delegate responsibility for selection and reconsideration of library materials.

### **II. GENERAL STATEMENT OF PURPOSE**

The school board recognizes that library materials serve as a vital component of a student's education by enriching the breadth of the curriculum as a whole and meeting the needs and interests of individual students. The purpose of library materials is to meet the needs of all students. Therefore, questions regarding selection and reconsideration of library materials should be handled differently than those concerning textbooks and instructional materials.

To ensure that library materials fulfill this role, the school board delegates to the superintendent or the superintendent's designee responsibility for administering a process for selection of library materials. Responsibility for selection shall rest with professionally trained school district staff, with recognition that the school board has the final authority on selection of library materials. Parents and guardians have the right and the responsibility to determine their children's access to library materials.

**[NOTE: The school board may choose to revise the General Statement of Purpose.]**

### **III. DEFINITIONS**

A. "Library" is the school district resource that holds the library collection that serves the information and independent reading needs of students and supports the curriculum needs of teachers and staff. The term "library" includes a school library media center. The term also includes access to electronic materials.

For school districts with multiple school buildings, the term "library" refers to the resource within a specific school building.

Minnesota Statutes, section 124D.901, states that a school district or charter school library or school library media center provides equitable and free access to students, teachers, and administrators and that a school library or school library media center must have the following characteristics:

1. ensures every student has equitable access to resources and is able to locate, access, and use resources that are organized and cataloged;
2. has a collection development plan that includes but is not limited to materials selection and deselection, a challenged materials procedure, and an intellectual and academic freedom statement;
3. is housed in a central location that provides an environment for expanded learning and supports a variety of student interests;
4. has technology and Internet access; and
5. is served by a licensed school library media specialist or licensed school librarian.

**[NOTE: The school board may add a sentence that incorporates the term(s) used to identify libraries in the school district, such as "The school district's libraries are commonly referred to as \_\_\_\_\_.]**

- B. "Library collection" consists of the library materials made available to students.
- C. "Library materials" are the books, periodicals, newspapers, manuscripts, films, prints, documents, videotapes, subscription content, electronic and digital materials (including e-books, audiobooks, and databases), and related items made available to students in a school building or through access to electronic materials This term does not include materials made available to students as part of the curriculum.
- D. "Library media specialist" is a teacher holding a Library Media Specialist teaching license issued by the Professional Educator Licensing and Standards Boards and who is trained to deliver library services to students and staff in a library. A library media specialist is authorized under Minnesota Rules to provide to students in kindergarten through grade 12 instruction that is designed to provide information and technology literacy skills instruction, to lead, collaborate, and consult with other classroom teachers for the purpose of integrating information and technology literacy skills with content teaching, and to administer media center operations, programming, and resources.

**[NOTE: The specific titles of the school district's library staff should be used for this definition and substituted for "library media specialist" throughout this model policy. Please note the new 2024 law in Article IV regarding administration of selection and reconsideration procedures.]**

#### **IV. RESPONSIBILITY FOR SELECTION OF LIBRARY MATERIALS**

- A. The school board recognizes the expertise of the school district's professional staff and the vital need of such staff to be responsible for selection of library materials.
- B. While recommendations by administrators, faculty members, students, parents, and other community members may be considered, the final responsibility for selection of library materials shall rest with the library media specialist.
- C. The procedures for selection and reconsideration set forth in this policy will be administered by:
  - 1. a licensed library media specialist under Minnesota Rules, part 8710.4550;
  - 2. an individual with a master's degree in library science or library and information science; or
  - 3. a professional librarian or a person trained in library collection management.
- D. The school board may decline to purchase, lend, or shelve or remove access to library materials legitimately based on:

  - 2. legitimate pedagogical concerns, including but not limited to the appropriateness of potentially sensitive topics for the library's intended audience, the selection of library materials for a curated collection, or the likelihood of causing a material and substantial disruption of the work and

discipline of the school; or

3. compliance with state or federal law.

**[NOTE: In 2024, the Minnesota legislature enacted a new law—Minnesota Statutes 134.51--that includes the new provisions above.]**
