III. Policy Statement

- A. The Board of Education is committed to providing a safe, inclusive, and nurturing educational environment conducive to student learning. The Board recognizes the right of students to express themselves through their choice of personal attire and affirms that the primary responsibility for a student’s attire resides with the student and parents.
- B. The Board is committed to equitable educational access for all students, and this student dress code does not differentiate based on students’ race, color, religion, sex, age, ancestry or national origin, familial status, marital status, physical or mental disability, sexual orientation, gender identity and expression, genetic information or age, body type, body size, or personal style.
- C. The Board’s values for the student dress code are:

1. All students should be able to dress comfortably for school without fear of or actual unnecessary discipline or body shaming.
 2. Teachers can focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
 3. Students should not face unnecessary barriers to school attendance.
 4. Reasons for conflict and inconsistent identification of possible infractions should be minimized whenever possible.
- D. While student dress and appearance are the responsibility of students and their parents, the Board believes that dress and appearance should not disrupt or interfere with any aspect of the educational process and expects that dress and appearance are consistent with all Board policies.
