Re: 2024-25 Adopted Budget

Attached you will find the 2024-25 Adopted Budget for your review. We appreciate the collaboration with you and the School Board which created the budget assumptions that were foundational to the development of this year's budget.

The budget includes the assumptions that the school board approved in March 2024.

Fiscal Year 2024-25 represents the final year of ESSER Funding. The District will no longer have access to these funds as they expire on September 30, 2024.

This budget presents an unassigned fund balance at 14.6% of annual expenditures, which represents a \$288,578 planned investment of Unassigned Fund Balance. This is a \$645,000 improvement to the projected fund balance compared to our 5-year forecast presented in May 2023. The current 5-year forecast is estimating an 8.95% Unassigned Fund Balance in fiscal year 2027-28 (year 5 of the referendum).

A few of the highlights include:

- Ongoing investment in class size targets and staff allocation ratios
- Investments in student supports and wellbeing
- Implementation of the READ Act and other legislative actions
- Free breakfast and lunch for all students
- Free transportation for all students

Below are some pages to focus on in the document:

- Page 1 – Projected fund balances in all funds
- Pages 3-15 – Provides an executive summary of the budget

We look forward to continued collaboration with you and the School Board in providing for the fiscal health of Eden Prairie Schools.

# Budget Executive Summary

This budget of Independent School District No. 272, Eden Prairie Schools, is for the fiscal year beginning July 1, 2024 and ending June 30, 2025 (FY25). Prior year data is included for comparative purposes including budgeted amounts for 2023-24 and final audited amounts for fiscal years 2022-23.

The district anticipates ending the 2024-25 fiscal year with a 14.6% unassigned General Fund balance. This fund balance is in keeping with the School Board’s Executive Limitation 2.5.3 which states that *“There will be no financial plan that allows the year-end unassigned general fund balance to fall below 8% of expenditures.”*

Given this fiscal expectation, the School District has proactively planned by keeping a multi-year financial projection model current and has made adjustments in the proposed 2024-25 budget.

## Assumptions and Timeline

The School Board’s Executive Limitation 2.5.2 reads *“There will be no financial plan that neglects to present, no later than the third quarter of the current fiscal year, the assumptions, any material reinvestment of unbudgeted revenues as savings, and a timeline for the next annual budget.”*

For the budget being presented, the **2024-25 Budget Assumptions** were an important starting point. These assumptions, as discussed with the School Board, were as follows:

### 1. Estimated Enrollment

- a. Oct. 1, 2024 Kindergarten-12th grade estimated enrollment of 8,924 (includes 550 enrollments in EP Online).
- b. Estimates includes 603 kindergarten students.

### 2. Classroom Teacher Staffing

- a. Based on estimated enrollment, class size targets and staffing allocation ratios across district and by grade:

Elementary Schools	Class Size Targets	Secondary Schools	Staffing Allocation Ratios
Kindergarten	20.0	Grades 6	28.0
Grade 1	20.0	Grades 7 & 8	31.0
Grade 2	22.0	Grades 9-12	31.5
Grade 3	25.0		
Grade 4	25.0		
Grades 5	26.0		

- b. There are no changes to class size targets and staffing allocation ratios.
- c. Assumed 3 teacher retirements at the end of fiscal year 2023-24.

### 3. District Fees

- a. Fees are as follows for 2024-25:

Description	Amount
High School Parking	Lot A&B - \$350/year Lot C - \$150/year
Transportation	Free for All
Student Activities	See EPHS Fee Schedule

### 4. State General Funding

- a. We a projecting a 2% formula increase for FY25.

### 5. Fund Balance

- a. Minimum General Fund balance maintained above 8% as directed by the School Board.

- **Elementary School:** Pre-Kindergarten through Grade 5
- **Middle School:** Grades 6 through 8
- **High School:** Grades 9 through 12

Name of School	Number of Available Classrooms*	School Type

Prairie View Elementary	32	Boundary
Eagle Heights Elementary	34	District-Wide Spanish Immersion School
Central Middle School		District-Wide
Eden Prairie High School		District-Wide

\***Number of Available Classrooms** is not a fixed number. It will vary based upon, among other things, targeted classroom sizes, grade level of students served in the building and program offerings. Estimates are presented here to provide the reader with an understanding of the relative size of the elementary facilities in comparison to one another. These estimates do not include spaces for music, band/orchestra, art, gym, library/media, and for serving the needs of special student populations (gifted, english learners, special education).

The tassel program will be administered from a new location that that will be purchased in June 2024. Community Education, Family Education and Early Childhood classes are held at the Administrative Services Center **Lower Campus** as well as at the elementary sites. Adult Community Education classes are held at the district school facilities, and in locations throughout the City of Eden Prairie.

Eden Prairie Schools also owns and operates its transportation program. The program is operated from a district-owned **Transportation Center** which houses 108 vehicles for student transportation, over 90 employees, a mechanics shop and grounds equipment that is utilized district-wide.

# Financial Overview

## OVERVIEW OF FUNDS

According to State Law, Eden Prairie Schools maintains a separation of funds. The **General Fund** is used to account for the basic K-12 educational operations of Eden Prairie Schools. The majority of this Executive Summary will focus on the General Fund's fiscal condition. Other funds which are a part of this budget book are separate from the General Fund include:

- Food Service Fund – Revenue and expenditure activity related to the school lunch, milk, concessions, vending and breakfast programs
- Community Service Fund – Revenue and expenditure activity related to the District's Community Education, Early Childhood and Family Education, School Readiness, Preschool Screening, and Non-Public pupil support
- Capital Fund – Capital expenditures (and related revenue) associated with facilities, grounds, and equipment; maintained at district level as a separate fund, but "rolled up" as part of the General Fund for state reporting purposes
- Building Fund – The Building Construction Fund is used to record all operations of a district's building construction program that are funded by the sale of bonds, capital loans, or the Long-Term Facilities Maintenance program (including levies)
- Debt Service Fund – Revenue and expenditure activity related to the district's long-term debt payments
- Internal Service Fund – Revenue and expenditure activity related to the district's self-funded dental and health insurance plans
- Trust & Agency Fund – Revenue and expenditure activity related to funds that the district holds in trust for others (this includes other post-employment benefits)
- Custodial Fund – This fund represents a "Flow Through" mechanism in which the district receives funds and distributes these funds to an organization, with no financial benefit to the district (this has been used by some of the district's student activity accounts). The district does not create a budget in the fund and no fund balance is reported.

The following graphs give an illustration of the proportional revenues and expenditures budgeted for each fund in the 2024-25 fiscal year:

## 2024-25 EXPENDITURE BUDGET - ALL FUNDS

## COLLECTING INPUT

School Board Executive Limitation 2.5.4 states *“There will be no financial plan that does not collect appropriate input from various sources.”* The process to build the proposed 2024-25 budget included the following input opportunities:

1. **School Board** – The first official action that begins the process of budget development was the approval of the payable 2024 tax levy, which occurred on December 11, 2023. This levy accounts for 22.6% of General Fund revenue. The board also provided guidance and input to the budget development process as follows:
  - January 8, 2024 – Board workshop on 5-year financial model
  - January 22, 2024 – Mid-Year 2023-24 budget update, review budget timeline, discuss preliminary 2024-25 budget assumptions
  - March 25, 2024 – Review final 2024-25 budget assumptions, review proposed 2024-25 preliminary capital budget
  - April 22, 2024 – Review proposed 2024-25 School Board budget and approve 2024-25 capital budget
2. **Citizen Finance Advisory Committee** – This committee of community members and staff reviews the assumptions included in the financial projection model. These assumptions and committee discussion provide important input into the budget development process.
3. **Principals and Department Directors** – This group of leaders is essential to the budget development process. They provide input and shared decision making for budget adjustments, staffing and program needs.
4. **Community** – The district website, email list and publications contain continuous updates regarding the budget development process including timeline, assumptions, and proposed adjustments. Community feedback is an essential part of assessing the final budget recommendation.
5. **Superintendent’s Cabinet** – This group meets weekly. Some part of the budget development process, including discussion of staff and community feedback, is on the agenda each week.

# Informational Overview

## Budget Forecast

School Board Executive Limitation, Financial Planning and Budgeting, states that *“The Superintendent shall not cause or allow financial planning and budgeting for any fiscal year or the remaining part of any fiscal year to deviate materially from the Board’s Ends priorities, risk financial jeopardy, or fail to be derived from a multiyear plan.”*

In cooperation with the district’s Citizen’s Finance Advisory Committee, a financial projection model is used to project future years’ fiscal conditions by incorporating assumptions, including those stated above.

This model currently includes the following assumptions beginning for projection year 2024-25:

1. 2.0% increase to state basic funding for 2024-25 and tied to inflation each year after
2. Employee salary settlements for upcoming contract negotiations
3. Declining enrollment projections
4. Staffing adjustments in keeping with enrollment, class size targets and staffing allocation ratios
5. Adjustments to costs of property and other business insurances along with the cost of fuel and utilities.
6. Teacher retirement savings.

The financial projection model, which is the source of the multiyear plan, currently produces the following financial projections:

	2022-23 Actual	2023-24 Projected	2024-25 Projected	2025-26 Projected	2026-27 Projected	2027-28 Projected	2028-29 Projected

Past years show historical enrollment data. Current year is based on October 1 data.

Eden Prairie Schools is largely "built out" for single family housing. As current residents "age in place", the number of school-aged children in the community overall will decline. The major contributor to enrollment decline is the decline in the size of incoming K classes vs. the previous year's graduating 12th grade class.

\* The 603 kindergarteners referenced above includes 30 from EP Online.

General Fund revenue is projected to increase by \$2,430,478 or 1.71% from 2023-24.

1. **State Basic General Education Aid** serves as the district's primary funding source, comprising 54.3% of the general fund revenue. State Basic General Education Aid is budgeted to increase by \$2,340,385 or 3.07% versus 2023-24. The majority of the State Basic Aid category is based upon the Basic Funding Formula. Projections for 2024-25 include a 2% increase to the per pupil unit funding formula and a 0.5% increase in enrollment. The components of Basic General Education Aid are (1) the Funding Formula multiplied by (2) Pupil Units, as described below.

(1) Basic General Education Funding Formula - The per-pupil-unit allocation used in this budget is \$7,281 for 2024-25. The table below outlines historical per-pupil-unit funding.

Year	Amount	Explanation
2018-19	\$6,312	2.0% increase in funding formula
2019-20	\$6,438	2.0% increase in funding formula
2020-21	\$6,567	2.0% increase in funding formula
2021-22	\$6,728	2.45% increase in funding formula
2022-23	\$6,863	2.0% increase in funding formula
2023-24	\$7,138	4.0% increase in funding formula
2024-25	\$7,281	2.0% increase in funding formula

(2) Pupil Units (see Informational Overview section of this summary for more details) - The district anticipates enrollment for the 2024-25 budget year to be 8,924 for students in attendance in local district facilities or enrolled

with Eden Prairie Online (note: this differs from enrollment reported to the state for other purposes which will include students in attendance at facilities outside the district, such as Intermediate District 287, for which the district receives and passes along aid in the form of a tuition payment). The total enrollment of 8,924 is 42 students higher than the October 1<sup>st</sup> enrollment count for the 2023-24 school year. These enrollment numbers create the basis for the State Basic General Education Aid calculation.

Final pupil units are calculated by the Minnesota Department of Education approximately 6 months after the end of a fiscal year (January 2026 for the 2024-25 fiscal year) through a complex set of data and reporting which includes the following:

- Pupil Units calculate actual “membership time” in Eden Prairie Schools multiplied by a State-supplied weighting factor per grade level, rather than simple enrollment counts at a given point in time.
- Pupil Units also includes the net impact of “**enrollment options**” agreements with other Minnesota districts. This accounts for students enrolling into or out of Eden Prairie Schools to or from other Minnesota School districts.
- Pupil Units also include students who leave the district through **tuition agreements** with another district and exclude students who enter the district through these tuition agreements. The state aid is passed along to the enrolling District through tuition payments.
- Eden Prairie Schools has approximately 700 resident students who attend **public charter schools**. Unlike the tuition options noted above, public charter schools receive state aid directly, so are not reported by Eden Prairie Schools. There are also approximately 900 resident students who attend **private, religious schools, or are home schooled**, which are not reported by Eden Prairie Schools. Neither of these sets of students is included in the Pupil Unit calculations for the district.

## 2. Property Tax Revenue

Property taxes are determined by the taxable market value of the property, class rate percentages set in law for each category of property (such as residential homestead, residential non-homestead, apartments, etc.) and state-paid property tax aids and credits.

Property tax revenue in the General Fund is budgeted to increase by \$333,475 or 1.03%, mainly due to the inflationary increase, which was offset by a negative adjustment to the re-employment levy. This revenue category includes levies for the general operating referendum, alternative teacher compensation (Q-comp), safe schools, integration, and reemployment. A summary of the Final Levy Certification Payable 2024 is available in the Informational Section of this budget report.

## 3. Other State Sources

State supported programs are anticipated to be \$24,991,051.

- Special education aid accounts for the majority of the revenues in this category, totaling \$18.6 million, based upon district expenditures and state appropriations.
- The remainder of state supported programs includes other categorical programs such as achievement & integration, desegregation transportation, non-public pupil transportation, secondary vocational disabled aid, and Alternative Teacher Compensation (Q-Comp).

## 4. Federal Sources

Federal revenue is budgeted to decrease by \$2,725,100 or 43.41%. Federal revenue in the General Fund includes the following:

- Special Education (Section 611, Section 619, and Part C) makes up 57.6% of federal revenue or \$2,046,000 in 2024-25.
- Title I, II, III & IV funding in 2024-25 totals \$1,455,000, which is 41.0% of the federal revenue budget.
- The remaining 1.4% consists of other grants including the Carl Perkins grant totaling \$52,000.
- COVID relief funds are anticipated to be fully spent in fiscal year 2023-24.

**5. Local (Tuition, Fees, Admissions, Interest, Donations)**

Revenue in this category is expected to increase by \$342,000 or 12.15% in the coming year. This increase is due to an expectation that interest income increases in fiscal year 2024-25 as the district has been able to lock in interest rates near 5%. Items included in this category are student parking fees, facility rentals and admission, fees for activities at Eden Prairie High School (EPHS), miscellaneous grants, interest earnings and scholarship payments.

**6. Student Activities**

The district will continue to budget for Student Activities in the 2024-25 fiscal year. The budget will be \$1,800,000. There will be an equal expenditure budget to offset.

General Fund expenditures is projected to increase by \$7,681,509 or 5.56% from 2023-24.

- The **salaries & wages and employee benefits** budget of \$124,337,088 include salaries and benefits for all employee groups. This budget represents 85.2% of the total General Fund budget. This budget includes:
  - Wage/benefit costs for existing employment agreements including allowances for longevity, education, health & dental benefits and pay rates.
  - An allowance for wage/benefit changes that may result from bargaining agreements that are being negotiated for the 2024-25 budget year.
  - A \$250,000 staffing contingency budget to address classroom needs that may arise in the fall.
  - The cost of statutory benefits (TRA, PERA, FICA, etc.).
  - Any changes to staffing levels.

As of the budget adoption date, the status of general fund employee contracts is as follows:

Bargaining Unit	Current Contract Expiration	Status
Teachers (EPEA)	June 30, 2025	Settled
Bus Drivers	June 30, 2025	Settled
Buildings & Grounds	June 30, 2025	Settled

<b>Confidential</b>	June 30, 2026	Settled

Other budget assumptions included within salaries and benefits include class size targets and staffing allocation ratios as follows:

<b>Elementary Schools</b>	<b>Class Size Targets</b>	<b>Secondary Schools</b>	<b>Staffing Allocation Ratios</b>
<b>Kindergarten</b>	20.0	<b>Grades 6</b>	28.0
<b>Grade 1</b>	20.0	<b>Grades 7 &amp; 8</b>	31.0
<b>Grade 2</b>	22.0	<b>Grades 9-12*</b>	31.5
<b>Grade 3</b>	25.0		
<b>Grade 4</b>	25.0		
<b>Grades 5</b>	26.0		

\* High School staffing levels are also driven by course registrations

2. The **purchased services** budget of \$14,550,145 represents an increase of \$1,404,548 or 10.68% from the prior year. This budget includes tuition payments to other MN districts, contracted services, utilities, property insurance, professional service fees, travel & conferences and repairs. The increase is due to increased costs related to contracted transportation services and inflationary adjustments made to utilities (5%), property insurance (10%) and site and department budget increases (2%).
3. The **supplies & equipment** budget of \$4,482,395 represents a decrease of \$747,589 or 14.29% from the prior year. The budget includes both instructional and non-instructional supplies, fuel, and equipment. Most of the administrators' allocation for departmental and site budgets are included in this category. Budget managers can flex their allocations between categories and mostly do so between supplies and purchased services. The 2023-24 budget included a \$1.5 million hold for COVID Relief expenditures. With that funding expiring in September 2024, the district has now removed this budget and budgeted for all continued expenditures in their appropriate buckets.
4. The **other expenditures and student activities** budget of \$2,538,715 includes replenished contingency budgets, fund transfers, expenditures for dues & memberships and student activity expenditures.

The Capital and Building fund revenues are projected to increase by \$1,448,232 or 8.4%, while expenditures are projected to increase by \$5,756,336 or 25.59%. The Capital and Building fund is made up of four different funding streams: Operating Capital, Long Term Facilities Maintenance Levy, Capital Project Levy (Tech Levy), and Long-term Facility Maintenance Bonds.

1. **Operating Capital** revenue and expenditures decreased \$79,058 or 2.68% and \$1,204,084 or 27.60%, respectively. Revenues consist mostly of state aid and levy (including **Building Lease Levies**), but also includes a small amount of local revenues from cell tower rent. Each year a capital request process is completed by each site and department. These requests are prioritized, and final recommendations are brought forward for school board approval.
2. **Long Term Facilities Maintenance (Capital Outlay)** revenue and expenditures both increased \$533,329 or 9.68%. LTFM (Capital Outlay) funding is levy revenue based on the pupil units, average building age and the state designated formula allowance. The expenditure budget includes state-approved Health & Safety projects, along with deferred maintenance projects. These expenditures aim to remove hazardous substances, repair and upgrade fire and life safety codes and improve the management of facilities' health, safety, environmental and air quality. Projects can also include window replacements and mechanical work, roof projects, and district-wide pavement projects. These projects are approved with the Capital Budget in April.
3. The **Capital Project Levy (Tech Levy)** revenue and expenditures both increased \$1,343,961 or 16.03% and \$131,346 or 1.43%, respectively. The Levy makes up 96.8% of revenues in this category, with the remaining funds coming from lost/broken tech fees, trade-ins, and e-rate funding. The anticipated expenditures continue the integration of technology into the classroom in early childhood through 12<sup>th</sup> grade. In the fall of 2022, voters approved to renew the Tech Levy for an additional 10 years.
4. The district sold **Long Term Facilities Maintenance (LTFM)** bonds in March 2023 to fund expenditures in fiscal 2023-24 and 2024-25.
5. The district sold General Obligation School Buildings Bonds for **Designing Pathways** in July 2019. All Funds have been expended from these bonds.

The majority of Debt Service fund revenue is generated through the debt service levy. The district is required to levy 105% of the debt service principal and interest payments. The levy also includes adjustments for debt excess adjustments and abatement adjustments. The Informational Tab contains details from property tax levy effective for the fiscal year 2024-25.

The Internal Service fund revenues and expenditures are projected to increase by \$1,060,000 or 7.25% and \$1,015,735 or 6.51%, respectively.

The district established an Internal Service Fund to account for and finance its uninsured risk of loss for employee dental and health insurance plans. Under these plans, the Internal Service Fund provides coverage to participating employees and their dependents for various dental and health costs as described in the plan.

The **Dental Fund** was started in the 2012-13 fiscal year. The dental fund balance has maintained a 25% or greater since the 2016-17 fiscal year. As a benefit to maintaining a healthy fund balance, the district has not raised the Dental Premium since becoming self-insured.

The **Health Fund** was started in the 2016-17 fiscal year. The health fund balance has a target fund balance percentage of 35% and has been able to maintain the percentage or higher since the 2019-20 fiscal year. We are projecting this percentage to be at 40% at the end of the 2024-25 fiscal year. The success of this fund has allowed the district to hold health insurance premiums steady with incremental increases in premium, while some districts are receiving double digit percent increases from their insurance providers. The steady premiums are a great benefit for both employees and administration. Below is a graph showing the health insurance claims for each year and the corresponding fund balance as percentage of claims.

The Trust and Agency fund revenues are projecting no change and expenditures are projected to increase by \$500,000 for the fiscal year 2024-25. The projected revenues represent the district's long term goal of 5% return on investment.

The Trust and Agency fund currently includes only the Other Post Employment Benefits (OPEB) fund.

The Other Post-Employment Benefits (OPEB) Trust was created in the fiscal year 2008-09. The district issued bonds on January 14, 2009, for \$15 million to fund the payment of employee retirement benefits. The final payment of these bonds was made on February 1, 2019.

The OPEB Trust has paid out a total of \$13,192,153 in benefits to staff through June 30, 2023, while maintaining a balance in the Trust near or above over the original bond proceeds of \$15 million. On June 30, 2023, the ending value of the trust was \$15,930,958. State statutes governing the OPEB Trust allow the district to invest these funds into a wide range of investment vehicles, which has benefited the district greatly. Below are the current investment allocation targets.
